GENERAL MANAGER'S MESSAGE

KEEPING IN TOUCH!

Are you receiving important community updates? Heritage Hunt has numerous communication channels to keep you informed including the newsletter (The Horn), community website, Board and Committee meetings, bulletin boards, HHTV (channels 971 & 972) and e-mail blasts (the E-Communicator).

The e-mail blasts are utilized for both updates and important announcements regarding services, outages, facility closings, maintenance issues, and other important announcements. To keep you informed of important items, we are limiting “informational” items/updates to our “Friday Updates” so that when important announcements/updates are sent out, you can generally assume that you are receiving important information that should be reviewed. If you are not signed up to receive e-mail blasts, please take a moment to sign up for it by completing the Heritage Hunt “Directory form” which can be found in “Forms” under the “HOA” drop down menu on the community website at www.heritagehunt.net, or at the Clubhouse Front Desk. Once completed, submit to the Front Desk staff in person or by e-mail at lifestyle@heritagehunt.net and you're all set!

To view activities currently scheduled within the community, please log into the community website at www.heritagehunt.net and click on “General Calendar” on the left side.

For updates of the day-to-day Management activities, monthly reports are shared on the community website by clicking on “HOA” and then selecting “On-Site Management Reports” on the left side.

APRIL BOARD BRIEFS

Spring has really taken hold in Heritage Hunt. It is great to see so many folks out and about on our many sport courts, golf course, walking paths and just enjoying our great community. We have also been busy inside. The Facilities Committee is finishing work on redecoration of the Clubhouse and the Food/Beverage Committee has gotten acoustic tiles set in the ROBG bar area which has helped with noise levels. Do stop in the Clubhouse to see what Facilities has done and then stop in the ROBG for lunch, dinner or our very popular Sunday Brunches.

Also, all of the Committees and the Board are hard at work on their 2024 goals. These are listed on the individual website pages of the Committees and the Board so all can see what the goals and the action items associated with each one are. If you have questions about goals or the status of any of them, do contact the Board or the Committees and ask for more information. All of us need to know exactly what is happening or planned to happen in Heritage Hunt.

Do know that the Board is very aware of our obligation to make sure that Administrative Resolution #23/Standard Operating Procedures #2, Heritage Hunt Board Transparency is followed. We make every effort to transmit to the community information using all our communication venues available and that includes our meetings/minutes. Residents who seek more information on any and all topics should send those issues to the Board so they can be addressed.

We also encourage all residents to attend Committee meetings and follow along on their projects. Often work groups are created and volunteers needed so do consider any opportunity to join in creating a better Heritage Hunt.

And speaking of encouraging, the Board encourages and asks (again) that all residents follow the traffic rules we have set in place. Watch your speed, STOP AT STOP signs as you are obligated to look all ways for other cars and pedestrians of which we have many. The Prince William Country Police do patrol in Heritage Hunt and they do have permission to ticket. Let's all avoid the chance of

getting a ticket and just follow the established rules.

The following resolutions were approved at the February 22, 2024 Board Meeting. Due to Horn publishing dates they are appearing a month late. For a quicker update, check the Board of Directors page on the website where the meeting minutes are posted within 2 weeks of the meeting date.

- Approved revisions to Administrative Resolution #23/Standard Operating Procedures/SOP #2 (Executive Minutes) and SOP #3 (appointed/elected Committees).
- Approved funds in the amount of \$2,000 from the Operating Budget to allow the Facilities Committee to purchase flowers and seasonal decorations for the Clubhouse lobby.
- Approved reallocating the remaining balance of the approved Clubhouse Renovation Reserve budget of \$10,704 from Fiscal Year 2023 to Fiscal Year 2024.

Stay safe and well,

live – play – thrive came to my mind because for me it describes the wonderful community & lifestyle we enjoy living in Heritage Hunt.

TAGLINE CONTEST

live – play – thrive

Conveys a dynamic and holistic approach to life, emphasizing three key elements that contribute to a fulfilling and balanced lifestyle.

Live: Focuses on the residential aspect of life, highlighting the importance of finding a comfortable and nurturing home environment where individuals can thrive.

Play: Emphasizes the value of leisure, recreation, and social interaction in one's life.

Thrive: Represents personal growth, achievement, and overall well-being. It signifies the desire to not just exist, but to thrive and flourish.

AND THE WINNER IS . . .

Winner was announced on March 19

Sponsored by the Advisory Committee for Strategic Planning (ACSP)

- *Building a plan for your future.*

THANK YOU TO ALL PARTICIPANTS!!

Did you know:

- ✦ We had over 100 entries to the new brand tagline contest
- ✦ The contest was the top clicked-thru announcement in E-Communicator for 2 weeks straight.

HERITAGE HUNT TURNS 25!

Heritage Hunt turns 25 this year and there are a number of residents who recall that as they moved in 25 years ago. The Board of Directors would like to honor those residents with a “coffee and cake” celebration on May 17th, in the Ballroom.

We know who some of these residents are, however, we do not want to leave anyone out, so please contact Janette Nash our Lifestyle Director at lifestyle@heritagehunt.net and give us your name, date you moved in, as well as your email and/or a phone number by 4/30/24 so we can invite you all to this event.

VOLUNTEERS NEEDED - WORK GROUP

The HH Board of Directors will establish a work group to review the HOA governing documents and recommend revisions. Work will begin in April and we are looking for volunteers to join the work group. If you have an interest, please email boardofdirectors@heritagehunt.net

NOTARY SERVICES

Need Notary Services? The HOA office at the Marsh Mansion has Notaries on staff. These services are provided by appointment only. If you need to make an appointment, please call the

HOA office at 703-743-2000, ext #4. There is a fee of \$5 per document, which is payable by check or club account. No walk-ins please.

MEDICAL SUPPLY DISTRIBUTOR HELP NEEDED

For many years we have had the gift of two wonderful residents who have dutifully distributed the loaning of medical equipment in our Community. Mary Kay and Bob Dunn have provided a wonderful service to our residents. It is time for the Dunns to step down and a new helper to emerge. If you can volunteer for this position, it would be very helpful!

WE NEED YOU!

All medical supplies are donated and you would have all the equipment in your basement or garage. As the need arises, people would call you to borrow items such as walkers, canes, diapers, shower chairs, heating pads etc..

This loaning of medical equipment is such a wonderful gift for our community. We never know when we may have the need to borrow something even temporarily.

PLEASE CONSIDER VOLUNTEERING FOR THIS POSITION!

MISSING JOANNE TUTTLE

As a 15 year old, I was drawn to a young woman during our church youth group meetings in Newport RI. She had lovely brown eyes and was quiet and reserved most of the time, yet I knew she had a great sense of humor. I worked up the courage to invite her to the movies for our first date.

We became high school sweethearts and married three years later. Our church pastor served as our best man. Joanne became an RN at Newport Hospital and I was Commissioned as a Second LT in the US Army. For the next twenty years Joanne moved all over the world with me, showing her support and devotion to my military career and raising our family. We enjoyed traveling and dancing.

During our final move back to the DC area, Joanne continued her nursing career. Once we moved to Heritage Hunt she devoted herself to the Red Cross Blood drives and many other leadership positions in clubs and activities in the community. She was a devoted wife, mother, grandmother and friend whose sudden passing in 2018 was unexpected. I am thankful for 58 years of a wonderful marriage.

Celebrating 50 Years in Haymarket/Gainesville

IT WAS THE NIGHT BEFORE CHRISTMAS 1994

We were attending the evening church service. At midnight, everyone gathered outside the church to sing "Silent Night" under the clear, starry sky. As she held John's hand that night, Carole thought about the happiness John had brought to her life and that this was the best Christmas Eve that she could ever remember. Little did she know John would propose on Christmas morning and by the way, she did say "yes".

Fate brought them together at a country-western dance while they were both learning to line dance, two step and waltz. John had come from and planned to return to Kansas after a year of working on a temporary government assignment for the army in Alexandria. Carole lived and worked in the Falls Church area. A small wedding was planned for July and the invitation that Carole created told the story.

In part, it read:

After months of hard work, John looked for the chance

To go have more fun, maybe learn a new dance

A two step, a waltz, a cotton-eye Joe

Wherever the music that's where he would go

They met one warm evening at the Friday night dance

When he looked for a partner that would take a chance

On getting toes stepped on or losing the beat

Understanding at times, some men have two left feet

He found her attractive and asked if she would

She liked his warm smile, well....maybe she should

They waltzed and they two stepped and soon it was clear

They had fallen in love, a wedding was near.

*John never returned to live and work in Kansas and Carole and John lived happily ever after.

Carole and John Denning

Each year on our anniversary, I have written a poem and printed it on designer paper for my wife. We just celebrated 58 years and here is this year's poem.

58 WONDERFUL YEARS

The years seem to be flying right by
Since that day in nineteen sixty six
Our bodies continue a slowly change
There are physical things we can't fix

But as the bodies continue to weaken
Our feelings of love continue to grow
We shared many wonderful moments
Things that you and I will always know

Now as both you and I are "pushing 80"
Our desires for travel and events are few
The comforts of home are most appealing
It's real nice there with just me and you

We will always have our good memories
And we often share them through the day
There are times that we become emotional
Recalling certain moments along the way

We often express our love for each other
A love that is unconditional and very real
We embrace and enjoy the close feeling
Something that only love can make you feel

Life is really different now that we are old
And our days left on earth are probably few
But I find comfort in the thought process
That I get to spend the eternities with you.

*I am grateful our lives are sealed together forever.

Jack and Pat Fordham

UNPLANNED BLIND DATE

We both attended Falls Church High School. Rich in the class of 1971 and Amanda in the class of 1973. In the spring of 1972 we had an "unplanned blind date". Amanda's girlfriend was sick and asked Amanda to take her place on a date unbeknownst to Rich!

That first date included going to the Arlington Cinema to see the James Bond movie, "Diamonds Are Forever.

We were married 2 years later on June 29, 1974 and are now celebrating our 50th wedding anniversary!

LIFE WITH CANCER

Ms. Sarah Bradley is the Director of Life with Cancer for the Inova Schar Cancer Institute. She brings 15 years of experience leading multidisciplinary service lines across large hospital systems. In addition, she has more than 20 years of personal experience supporting Northern Virginia patients and families impacted by cancer through an organization she founded in memory of her brother.

Sarah was awarded the James L. Eichberg Lifetime Achievement Award and the Leukemia & Lymphoma Society's Chairman Award in recognition of her accomplishments and dedication to cancer patients and their loved ones. In her free time, she can be found playing with her kids, practicing yoga, and enjoying loud, chaotic dinners with her large extended family.

ARTIFICIAL INTELLIGENCE (AI)

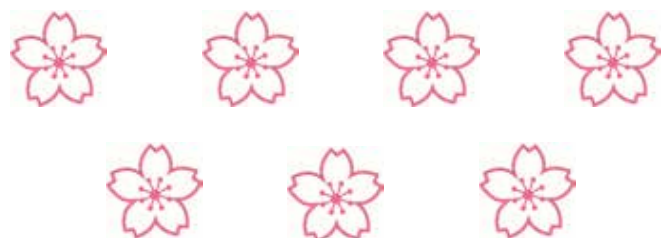

Come and see behind the hype to what AI really is, how it has evolved, and why It will likely be the most important technology of this century. Plus learn how to make use of AI yourself to create art, music, writings, even videos, all in a few keystrokes.

AI has been much in the news, with journalists discovering with alarm that machine learning has lately been able to craft written prose that heretofore was the province of journalists. Back in 1950, Alan Turing proposed that machines could be said to think only if they could carry on conversations that fool experts into thinking them human. Has the critical point been reached? Will AI replace human decision-making? Or has it already? Regardless or whether you view AI with alarm or with hope, this presentation aims to explain it, to identify its leading proponents and foes, and to shatter perhaps some preconceptions. Over the rest of the century, it may well be the most important technology there is. Do we need to fear it. Stay tuned!

Tom Manteuffel is a retired cybersecurity consultant for the intelligence community and holds graduate degrees from the Universities of Chicago and North Carolina in philosophy and computer science, where he first developed an interest in artificial intelligence.

EMERGENCY PREPAREDNESS COMMITTEE

RECENT EVENTS SPOTLIGHT THE NEED FOR BEING PREPARED

Two recent events involving a gas explosion that destroyed a home, and the loss of cell phone service have put the spotlight on prevention and readiness. Although these incidences did not happen at Heritage Hunt, they serve as a reminder that the unexpected can occur at anytime, anywhere.

Prevention begins with routine maintenance, so schedule an A/C check up in the Spring, and a Furnace checkup in Fall. Preventative measures keep us safe and our equipment lasting longer. We recently had a resident who forgot to get their seasonal checkup and it resulted in all the gas to the house being turned off (during a freeze!) Another resident's water pipes burst during a freeze because they forgot to do their cold-weather preparations and maintenance. And to make it worse, neither were in the area when these disasters happened. So many lessons to learn from this. In addition to regular maintenance on your home, have a neighbor watch the house for you when you are out of the area and give them access in case an official emergency responder, like Columbia Gas, needs access. And speaking of gas lines and emergencies, think Miss Utility – call before you dig outside (we know, it's spring and now is the time to make those landscaping dreams come true). If by chance, you happen to hit a utility line, or while doing spring cleaning you come across that gas smell that you can't place, remember – **“smell, call, leave”**. Call 911 and leave the premises but stay close enough to engage with the Utility Company technician when they arrive. There are several internet sources with maintenance reminders for you to track and follow. For example, some still get emails with monthly maintenance reminders from their home inspector they used when they bought their home years ago. Which reminds us, better check the batteries in your fire and carbon monoxide alarms, update your File of Life hanging on the refrigerator, and order that KNOX box! What's on your list for this month?

The second incident involved AT&T cell phone service disruption across the Southern United State. Fortunately, Heritage Hunt residents did not experience the loss of this very important link

which during an emergency could be life threatening. However, what we all believe to be highly unlikely, our cell phones not working, did occur. Therefore, the EPC has anticipated this as part of our readiness. When phone service becomes interrupted, our Emergency Volunteers will be visible in your neighborhood with their yellow vests and walkie talkies. Just let them know you have an emergency and they will be able to radio in details to our Zone Directors about the need for emergency assistance. Then, thanks to support from the Heritage Hunt Ham Radio Club, we will be able to use ham radios to communicate

between the Zones and with outside emergency services, who are also available on the ham radio frequencies when phone service is out. This photo shows one of our ham radio stations in the Emergency Coordination Center. Each year the EPC conducts an Exercise with our Emergency Volunteers and the Ham Radio Club to be prepared for events such as the loss of cell service.

However, the EPC is not just for emergencies when the power goes off or the cell phone service is lost. The EPC regularly provides safety and health training to perform Hands Only CPR, Stop-the-Bleed, or use an Automated External Defibrillator (AED) as shown in the photo. For updates on these training sessions, send a request for information to cprhhepc@gmail.com. Remember, this training will prepare you to help save the life of a neighbor, friend, or family member in a medical emergency.

In closing, the EPC wants to extend an invitation for residents to join us as an Emergency Volunteer. You can reach the Emergency Preparedness Committee using the following email address: emergencypreparedness@heritagehunt.net

GARDEN CLUB

Our April 25 meeting will be at 10am in Marsh Mansion and will feature a talk on Bluebirds by Valerie Kenyon Gaffney, President of the Virginia Bluebird Society. Come join us!

"Garden as if life depends on it" (Dr. Doug Tallamy, University of Delaware professor)

Several of us from Garden Club recently attended the 6th Prince William Native Plant Symposium held at George Mason University in Manassas. The theme of the program was Dr. Tallamy's message, which is to promote environmentally sound gardening and landscaping. Here are some of his thoughts:

Have you ever thought about what happens when a native wooded area is cleared for a building site? After the trees and undergrowth have been removed, what happens to the creatures that were living in or visiting the area? When a local habitat is removed, local extinction takes place. As more and more habitats disappear, this creates a stress on nature and its inhabitants. We can assist nature by providing our own landscaping with native plants and wild spaces. The new motto is Stop Mowing, Start Growing. This doesn't mean to let your lawn grow completely wild. However, maintaining a smaller lawn is highly beneficial in many ways: reduced water usage and less chemicals. Less maintenance equals less cost to the homeowner and more enrichment of nature.

Land set aside as natural preserves does not provide enough habitats for healthy ecosystems. We need corridors of native plants to keep sustaining wildlife and biodiversity. There are new bills within our state legislature to protect conservation landscaping. Similar bills have passed in Maryland and New Jersey with bipartisan support. Planting natives is a grassroots approach to conservation in our own yards and is something we can all do. Here at Heritage Hunt, we can do our part by substituting native plants whenever our gardens lose a shrub or perennial.

Come to Garden Club to hear more about how our community can contribute to a healthy environment! And come to share your garden issues and learn solutions to your design challenges.

Elizabeth Katchmeric, President

GENEALOGY CLUB

The Genealogy Club will meet on Monday, April 22, at 2 PM in the Mountain View Room. Our program will be given by popular and well known genealogist Shannon Combs Bennett. She will show us how to use the FamilySearch.

org website effectively and will also demonstrate how to access to best advantage some databases on that site. Club members know from her past programs that she explains the intricacies of genealogy research in a wonderfully understandable way. This is not a program to be missed!

Historic newspapers are an excellent source of information and details about life in the past. Genealogist Lisa Lisson describes how to effectively research them in a 16-minute video (https://www.youtube.com/watch?v=uE-KdSRM_Zw) titled "Avoid These 5 Common Errors in Your Historic Newspaper Research." By accessing old newspapers online, you will learn a lot about what your ancestors did, how they lived, and how they were affected by events happening during their lifetime. Give this video a try and perhaps you will want to get to "know them" better, instead of being mere names on your family tree.

Tip of the month:

Do you have an ancestor whose last name at birth was, let's say, Joan Brown. Suppose her biological father died when she was a child and her mother remarried later, taking on a different surname. Do you need the surname of the stepfather for purposes of researching "Joan Brown"? Yes, because "Joan Brown" may appear listed in a record (church and census records for example) under the surname of her stepfather.

Our Genealogy Club welcomes Heritage Hunt residents to our monthly meetings and begin their own genealogy adventures – and, in the process, make new friends. Everyone has family history stories to happily share with others – a wonderful ice breaker!

THE GIVING CIRCLE

“Knowledge is power.”

Francis Bacon

Do you know where your donation dollars are going when you give them? The committees of **The Giving Circle of Heritage Hunt** work diligently to assure that each dollar donated goes directly to the clients of the charities we support. These charities provide food, clothing, shelter, literacy, mental health, and physical health services to those in need in our greater community.

At an upcoming **April 24th** meeting of **The Giving Circle**, four charity speakers will give attendees “knowledge” about their charities and tell how their 2023 Giving Circle grants were used to help the people they serve.

Markus Crewe, Exec Director, Habitat for Humanity will highlight a neighborhood revitalization program that helps disabled and

low-income seniors. The grant awarded helped a disabled veteran stay in his home by providing funds to repair the veteran’s fence and remove trash from his front and back yards.

John Swirchak, CEO Literacy Volunteers of America-PWC will

discuss how they provide dignity and inspiration to low-literate and their underserved clients. Their program

B4Literacy/B4HealthLiteracy integrates health literacy with their English-based classes. Expanding the scope to include health-related topics required retooling and printing of materials and the Giving Circle grant was spent on printing new materials.

Pat Victorson - President of National Alliance on Mental Illness, PWC, will

discuss their programs on Youth and Family Mental Health. Programs include workshops that help parents and caregivers to distinguish between typical childhood behaviors and those that may require intervention. ‘Ending the Silence’ presentations raise awareness of warning signs of a mental health condition and suicide and how to approach a crisis. Their Giving Circle Grant funded a workshop and six of the presentations.

Talya Conroy, Executive Director, of the ARTfactory will discuss programs for children and adults. The ARTful Wellness Program is

an opportunity for individuals in under-served communities to take visual and performing arts classes free of charge. Classes support mental wellness and assist in decreasing anxiety, depression & stress. The Giving Circle grant will provide scholarships to approximately 85 persons.

The April 24th meeting (in the Ballroom from 4pm-6pm) is OPEN to ALL residents of Heritage Hunt. If you are not a member of The Giving Circle, but are interested in joining, contact Joanne Forrester at jmbforrester@comcast.net

GOLF COMMITTEE NEWS

RECIPROCALLS. During suspension of play on the Heritage Hunt (HH) Golf course during the Tahoma 31 grass installation, resident golf annual members and non-resident golf annual members may be able to play other courses in the area through a reciprocal. A reciprocal is a courtesy round offered by a club or course (participating course) to a non-member golfer at a discounted rate when play on the non-member golfer's home course is unavailable. Please note that reciprocal play is primarily a courtesy among golf courses, and there are no official reciprocal agreements. Participating courses offer limited tee times based on availability, and non-member golfers must request reciprocals through their home course pro shop.

Currently, within a 60-mile radius of HH, 37 courses have agreed to honor reciprocals to eligible HH resident golf annual members and non-resident golf annual members in some capacity.

Participating course fees will

be offered to these HH golfers at a discounted rate. In the near future, the list of courses offering reciprocals and their respective fees will be posted on the bulletin board outside the pro shop, and eligible HH golf members as described above should anticipate receiving a letter about the reciprocal process active during the Tahoma 31 installation.

Because the courtesy of reciprocal play is between golf courses, eligible HH golfers may ask for reciprocal tee times at a participating golf course through the HH pro shop only. Often, participating courses do not offer a reciprocal discounted rate when directly requested from a non-member golfer.

COURTESIES TO GROUND MAINTENANCE STAFF(GMS). Despite daily and frequent use, the HH Golf course continues to be in great, playable condition. This is due in immeasurable part to the hard work of the GMS. As spring-like weather emerges and daylight dawns earlier, the GMS arrive before dawn to prepare the course for play throughout the day. So please show courtesy and patience to the GMS while they are on course working.

If an incident arises for you to question the conduct of a GMS member, please contact the Golf Committee at golfcommittee@heritagehunt.net who will address your concern as appropriate.

Alternately, however, feel free to smile and wave to members of the GMS to show your gratitude for their work and dedication.

LADIES 9-HOLE LEAGUE

Our first league day is Wednesday, April 3rd and we are all thinking positive thoughts for good weather! By the time some of you are reading this, we may be well on our way.

Just as a heads-up, this season will be different for all golfers here because of the necessary "re-grassing" project that will start mid-July and continue through mid-September. There is an effort led by Head Pro John Yancy to find other golf venues for reciprocity.

The 2024 9-Hole League officers are:

Co-Presidents – Kathy Boivin and El Grabowski

1st VP – Linda Allardyce

2nd VP – Roxanne Winfrey

Secretary – Vicki Wafle

Treasurer – Anne Doyle

Event Coordinator, Candace Moe, w/Pam McBride assisting.

Just FYI, the Nine-hole Birdie Tree has been officially relocated to the main pro-shop by John Yancy. All birdies and chip-ins will be posted there, by me as the Secretary, after the scorecards are tallied!

Speaking of scorecards, please sign and date your scorecards each Wednesday, and submit two of them for each foursome. There will be a new smaller envelope with a zipper hanging outside the pro-shop under our bulletin board where you should place them after your round.

We are always excited to welcome any ladies in our community that have an interest in playing fun golf to join us at any time. Please contact one of the co-presidents, El Grabowski or Kathy Boivin, or myself, for any information. There will be a small yearly fee (\$35.00) to join the league. Our normal season is to play every Wednesday starting at 8:30am from early April through the end of October.

Vicki Wafle, Secretary

HHWGA-18 LADIES OF LINKS NEWS

HAPPY SPRING!!! Here we are, back in full swing!! (Pun intended!!) It was so good to see so many of you at our Spring organizational meeting in March. I look forward to seeing you on the course as we jump into our scheduled play. If you were unable to attend our Spring meeting and/or need to pay your dues for League membership, it's not too late to join us! Dues are \$50.00 for the season and are payable by check made to HHWGA-18. Checks should be given to our Treasurer, Marilyn Giekes. We always welcome new members, so consider joining us! We play each Wednesday morning at 8:30AM.

If you are new to Heritage Hunt, or if you have been a resident for some time and would be interested in playing golf with our 18-Hole Ladies' League please contact me (mdierdorff@comcast.net, 703-743-2067 or learn more about the League by checking out our page on the HH Website:

SOLAR PANELS IN HERITAGE HUNT

Speaker: HH resident Paul Gast

Are you interested in getting Solar panels on your Heritage Hunt home? Need more information?

Join us April 11 as Paul Gast, who was the first resident to get solar panels on his home will fill us in on the how to do it. Paul did an article in the December Horn on these panels and in person he can provide more information. More residents have joined Paul and also gotten solar panels on their homes. Come and get more information on the how to do and listen to a firsthand account of the benefits of solar. The Architectural Review Chair Sam Samuels will also join us as he can provide details on creating the proper Design Review Application for solar. This will be a great informational session so do plan to join us.

Questions/More information on this program or to suggest programs for Green Neighborhood Group, contact Kathy at kvergano@aol.com or Joan at Brooklynjoan@comcast.net

LSTV CORNER

LSTV is made up of a group of smart, personable, and experienced people. I have had the honor of working side by side with most if not all of them. These wonderful personalities take care of all events, groups, committee meetings as well as BOD meetings. Most things that happen at Heritage Hunt Golf and Country Club happen with an LSTV person present. I see this as an incredible way for me to see what is going on in my community and meet people I would not meet otherwise.

When Mary took over the Chairperson position in LSTV, I asked if I could write the LSTV Corner in the Horn. Over the last year we have portrayed members from the group, including their backgrounds and impressions of HH from their LSTV position. It's been pretty consistent; we have some incredibly knowledgeable and experienced people that take care of us each week.

But there are a handful of people that have chosen not to be spotlighted in our LSTV Corner for their own reasons. But that does not diminish their contributions. In fact we would be much less of an organization without any one of them.

Firstly, we have Larry J. He is the person in the back of the room during Movie Night and Trivia. He is also the person that broadcasts and records the BOD meetings downstairs in our control room. Larry spent 28 years at NASA Goddard supporting tracking stations worldwide for Univac. He is also one of our longest standing members, 8 years, and says he cannot remember a single person he did not get along with.

Next, we have Craig B. He spent 35 years as a teacher in Armstrong County, PA. Anyone in teaching can attest to how rewarding it can be, but also the toll it can take on us. As you might think, Craig feels that being a part of LSTV is a constant learning and adapting experience. I can vouch for that. Every day, I learn something I did not know the day before.

Our newest member is Debi S. Talking with her, she is a world of information and experiences. As the newest person to LSTV I could not wait to get her take on us. She loves the flexibility that

LSTV affords her, and she enjoys being behind the scenes. Her volunteering for every event and meeting is exciting to watch.

And then there is Mary, our new Chairperson. From personal experience, Mary is one of the finest natural managers I have been associated with. She spent 23 years in the U.S. Navy. Her last tour was at the Pentagon working to provide healthcare integration to all the services. After the Navy, she worked for a regional HMO and integrated business systems from five separate companies and then transitioned to working for technology companies and was responsible for selling and implementing integrated business technology solutions. She completed her career at SAIC, leading business development for the federal civilian government market segment.

Mary came to LSTV because she wanted to contribute to the Heritage Hunt community, like many of us. She found us and we could not be happier. She came to give help but what she got in return was knowledge, experience and most of all, friendships.

The common thread in all of us is our dedication to serving our community. But now we could use help. Most events, clubs and meetings need some level of LSTV help. We are in a position where we need our community to help us.

PHOTOGRAPHY CLUB

The Heritage Hunt Photography Club is a group of like-minded folks who get together for fun and fellowship and to further their knowledge and skills in the field of photography.

We bring in speakers, well-known photographers and photography educators, run workshops and field events and offer personal help in learning the skills. We also travel locally and over-night to capture the beauty around us in all kinds of environments. For example, this spring we will day-trip to the National Zoo and spend 3 days and 2 nights in Cape May, NJ.

We have lots of opportunities to learn by sharing our photo successes. For example, the photos you see in the Red Oak Bar and Grill, the Club dining room, the upper hallway into the Ballroom and several times a year in the lower hallway are ours. The upstairs photos are selected by professional judges, giving each member the opportunity to have their work seen. Once these have been displayed for 6 months, the larger photos go to the Marsh Mansion for another 6 months. The Club lower level gives everyone a chance to show there stuff.

If you are interested in joining a great group of people and learning a bit more about photography, please join us at the next Heritage Hunt Photography Club meeting on Tuesday, March 26 in the Ballroom from 7:00pm-9:00pm. Everyone interested in having fun with photography are invited to attend, without obligation. On the other hand, if you've always wanted to join the photo club, you may do it today by sending an email to me, Rob Coulter at racoulter@gmail.com.

Please also visit our web page at heritagehuntphotoclub.org to see much more of our work.

Rob Coulter - President, HHPC

PICKLEBALL CLUB

Meet Elaine Preston. Once Elaine and her husband Ned decided to call Heritage Hunt their own, they packed up and sold their home of thirty-five years. All in one month's time! They both were searching for an Active 55 Community and having the benefit of visiting with Elaine's parents who were already HH residents, afforded

them a "bird's eye" view of the community.

Their son and daughter's families live close by. They are the proud grandparents to 5 children.

Elaine spent her professional work life in the medical lab field. Over a 30-year career, she has worked in the Hematology and Blood Bank Department at Fair Oaks Hospital as well as time spent in Adult and Pediatric Hematology Oncology labs with other organizations. Elaine enjoyed working behind a microscope and often worked hand-in-hand with physicians providing needed specimen data for medical trials.

Elaine and Ned have traveled extensively throughout Europe and the Caribbean. One of their most memorable trips was to Israel in 2023.

In addition to pickleball, Elaine is a member of the Heritage Hunt Women's Organization and Wine Club. Both she and Ned are team members of "The Eagles" in the Heritage Hunt Bocce Ball League.

Although Elaine had played tennis and racquetball many years ago, she and Ned weren't introduced to pickleball until they moved into Heritage Hunt. The game allows her to be as active as she wishes to be while enjoying play with fellow "picklers". On average, she's on the courts 4 days a week.

Elaine's advice to new players is, "To take lessons. I do feel it lessens the chance that you get frustrated and quit. It's such a fun game and worth pressing on and getting over that awkward new player feeling." See you on the courts!

HH CHAPTER OF THE AMERICAN WINE SOCIETY

Bucking one of the more common sayings about April, I've always thought the month is as much about flowers as it is about showers, thanks to everything greening up and flowering. April is also an important time in our Virginia vineyards as it is often when the vines experience bud break, when nodes on the vines burst, becoming new shoots and leaves. The timing of bud break varies depending on the grape variety, weather, the aspect and elevation of the vineyard. This is a time when Virginia vineyard owners closely watch the weather, as an April frost can seriously damage vines, particularly those which bud early such as Chardonnay. So, fingers crossed we see no frost at our Virginia vineyards this spring; we're counting on many of those lovely buds becoming wine grapes!

While March is officially Women's History Month and features the National Women in Wine Day which celebrates women shaping the wine industry, our April wine program is when we will celebrate women in wine. Our tasting will feature wines from female winemakers and vineyard owners. It's estimated that as of 2021 only 17.8% of the winemakers in the US are female. They are however a force, both here and in many winemaking countries around the world, greatly influencing the wine industry, where 55% of the wine sold is purchased by women!

The April format will be a "Sip and Mingle" where you have the option to spend your tasting tickets as you like. Sample the range of wines we'll be serving, including sparkling, white and red wines from Italy, (where 25% of the winemakers are women) a Willamette Pinot Noir, a French red and a wine from closer to home! Alek of Impero Wines, one of last fall's favorite presenters, will be on hand to mingle with us, talking about the wines and answering questions. This event is open to wine club members and guests alike and is a great way to learn more about the wine club in our social "sipping and mingling" format!

FEELING DIZZY? YOU'RE NOT ALONE!

Do you ever feel like the room is spinning even when it's not? Well, you might be experiencing something called benign paroxysmal positional vertigo, or BPPV for short. It's actually the most common cause of vertigo.

And here's a surprising fact: In people over 65 years of age, BPPV is responsible for an estimated 30% of cases of dizziness.

But, there's good news! Our physical therapists are experts in BPPV, resolving 90% of cases in 1-3 treatments.

If you've been experiencing brief episodes of vertigo associated with change of head or body position, there's a good chance you have BPPV. And, there's a good chance we can help!

HERITAGE HUNT WOMEN'S ORGANIZATION (HHWO)

Spring is definitely in the air! Years ago, at this same time of the year, my husband, Vic would call me to meet him for a special lunch date, since we both worked downtown. We would picnic next to the Tidal Basin and then stroll through the lanes of the Cherry Blossoms. When I returned to my office, my colleagues always knew I had had lunch with Vic because my eyes sparkled, my cheeks were flushed, and my hair was filled with pink blossoms!

APRIL PROGRAM

We are so lucky to live in a community which has so many talented residents. Bill Hoyle, a resident of Heritage Hunt, will be presenting our program in April on the music of Joni Mitchell, who won ten Grammy Awards, including a recent one for Lifetime Achievement. Some of her fabulous songs include *Both Sides Now*, *Woodstock*, *The Circle Game*, *Help Me*, and *Big Yellow Taxi*. Bill presented classes on the music of Joni Mitchell at George Mason University Lifelong Learning Institute, as well as classes on the music of Leonard Cohen, who wrote *Hallelujah*. His presentation will include music videos covering Mitchell's 60-year career, as well as a sing-along. Bill is a life-long music lover, frequent concert goer, and a formal choral singer.

The Lunch Ladies are continuing to spoil us with a tantalizing menu. The April buffet will feature chicken piccata, rice pilaf, green beans, BLT wedge salad, with toppings and rolls. Dessert is a delicious piece of lemon meringue pie.

PHILANTHROPIC FUNDRAISING

Our Shoe Drive was a roaring success as we collected 181 pairs of new children's shoes that we delivered to BOXES of BASICS. The staff was totally overwhelmed and assured HHWO that these new shoes would put happy faces on children desperately in need. In May, HHWO will be collecting gently used children's books for Tyler Elementary and Boxes of Basics in order to promote literacy among the children of our area.
