5 Signs You Might Be Talking to the Wrong Realtor

1. If the realtor asks, "What price do you want to list for?" **You might have the wrong realtor.** Great realtors know pricing and how to defend the price. If they can't defend the price to you, how are they going to defend the value to buyers and other realtors?
2. If the realtor wants to rush the home to market, **you might have the wrong realtor.** You only have one shot to make a great first impression. You want to put your best foot forward!
3. If the realtor doesn't have a "highest and best" negotiating strategy, **you definitely have the wrong realtor.** Highest and best gets buyers to bid against each other getting you the best terms.
4. If your realtor doesn't specialize in luxury homes, **you might have the wrong realtor.** Luxury homes require higher end marketing and negotiating strategies.
5. If your realtor doesn't have a successful track record of sales in the first 30 days, **you might have the wrong realtor.** The highest value and best terms will come in the first 7-30 days.

GENERAL MANAGER'S MESSAGE

Did you know there are many resources at the tip of your fingers on your HOA's website. Below is a list of many items that residents may have questions about, or need assistance with, that is available at your convenience on the community website.

Are You Receiving Community Updates?

The HOA Management Team sends weekly communications to the community regarding community events, Board of Directors activities, changes in Governing Documents, etc. We encourage all residents to ensure they are receiving these communications by taking the following steps:

1. Log onto the HOA website (www.heritagehunt.net) to ensure that your email address is up to date.
2. We ask all homeowners who live off site, and rent their homes, to provide the HOA office in writing with a forwarding mailing address to ensure that you receive all written communications.

The HOA Management team understands that matters tend to get overlooked when lines of communication are lost. Every effort is given to make sure that the information disseminated to the community is worthy of your attention.

Cable and Internet Services

The Association has negotiated a bulk rate contract with Comcast that provides residents with reduced pricing for their basic Comcast package; however, all additional services, including service requests, and trouble shooting issues that are related to your service should be directed to Comcast directly. Comcast Bulk Account number is: 855-638-2855. You can find more information on the website under the "Community Resources" tab, then "Utilities".

Governing Documents (which includes your Association's adopted Policies)

To see the complete list of governing documents, that Heritage Hunt is governed by, click on the "HOA" tab, then click on the "Documents" sub-tab. The Association's Legal Documents including the Declaration, By-Laws, Policy and Administrative Resolutions, and more can be found here.

Your Board of Directors and Committees

Under the "Board & Committees" tab on the HOA website, you can find information regarding the Association's Board of Directors and its Committees, meeting schedules and agendas, meeting minutes, and contact information.

Trash and Recycling Services (trash, recycling, yard waste and bulk-item pick up)

For residential questions or concerns regarding trash and recycling, bulk item pick-up, and yard waste or replacement of trash bins, click on the "Utilities" tab, then scroll down to the "American Disposal Services" section near the bottom.

And of course, there is so much more on the website including information about the Golf and Dining amenities, upcoming community events, and even important updates of activities outside the gates. If you are having any trouble logging in, please contact us at 703-743-2000, ext 4.

Michael Yelton, General Manager

Its distribution has been currently suspended but is due to be resumed by our new food and beverage vendor, CulinArt. Sign-up details will be announced when this service resumes.
- **Hunt Happenings Email:** Hunt Happenings is an e-mail distribution that currently contains information pertaining to both Golf and Food & Beverage. Hunt Happenings will remain UpToPar's communication vessel for Golf once CulinArt begins its own email distribution. To receive Hunt Happenings to stay informed about Golf at Heritage Hunt, please contact the Pro-Shop at 703-743-2000, ext. 1
- **T-Communicator:** This is a telephone notification system to alert residents of short-notice items of community-wide importance. All residents have been registered for this service. DECEMBER BOARD BRIEFS

As we look forward to the Holidays and the New Year, the Board is still wrapping up as much business as we can to be prepared for 2025. First off, we have our Annual Meeting on December 3rd from 3-5pm in the Clubhouse Ballroom. This year we will broadcast the meeting, record it and rebroadcast so everyone can get a chance to view it. We will still have in-person voting December 3rd, so those who did not vote via proxy or electronically can vote for the candidates of their choice that day. We plan to announce the winners Wednesday, December 4th by 5pm.

Several of our Committees and the Board will meet in December to select their 2025 officers. The Board plans to do that December 5 at 10am in the Mt. View Room. These are open meetings and will be announced via E-Comm as well as on our Website calendar; do plan to attend and if there are still openings on a Committee, consider volunteering to assist.

We still have several ongoing issues that we hope are resolved or will be resolved in early 2025. One of these is the Prince William Water Pump Station/ 24" force main line project that should be wrapped up in January 2025. PWW and the Community both would like this done as soon as possible so we can start on road repair.

We also have the ongoing issue with the Department of Justice on a Civil Investigation into the Paycheck Protection Plan that we applied for, received to assist the staff from UTP that worked in our facilities and that was forgiven in 2021. We are working closely with our management company, our insurance agent and our lawyers to bring resolution to this issue as quickly as possible and with the best interests of the Association in mind.

And with that said, I need to thank all the Boards and Committees I have worked with over the past 16 years as I will be retiring on 12/3/2024. I started in 2008 on Grounds and then went to the Board in 2013. It has been an honor and a privilege to have served the Heritage Hunt community for 16 yrs. I admire and appreciate all the efforts of the Board and Committee volunteers I have worked with and I know they will continue to serve the community well.

SO for me, one last time, the following resolutions were reviewed at the October 24, 2024 Board meeting. Due to Horn publication dates they appear here a month late. For a faster update they will be on the website with the Board Minutes within 2 weeks of any meeting.

- Approved Brother's Paving and Concrete to do needed concrete repairs in our common areas in an amount NTE \$10,000 from the infrastructure Reserve.
- Approved a contract with DMV Chimney for repairs to the 6 chimneys in the Marsh Mansion in the amount of \$12,500 from Repair and Replacement Reserves.
- Approved a contact with VA Striping in the amount of \$9,750 to address the faded lines between the Front Gate and the Fitness Center. The funding to come from operations.
- Approved a contract to engaged Rees Broome PC to file the necessary documents relating to the Corporate Transparency Act on behalf of the Association in the amount of \$375 from operations.
- Approved the publication of the 2025 Design Guidelines and Residential Maintenance Standards November 1, 2024.
- Approved funding for the replacement of the Mt. View Room and Ballroom Shure Audio mixers to AVI (sole source allowed) in the amount of NTE \$48,084 from Reserves and as unfunded 2024 of \$42,417.

A very wonderful Holiday Season and New Year to all. Stay safe and well

PEARL HARBOR DECEMBER 7, 1941

BY SUSIE PARKER

Because I was just over a year old, I am relying on my mother's memories of our experience that fateful day as well as our evacuation. I also have personal letters and official mail from the U.S. Navy detailing what took place.

In June 1941, our family of four that included my mother, father, my sister, who was 2 ½, and myself, moved into a tiny bungalow between Waikiki beach and the foot of Diamond Head, the extinct volcano, in Honolulu. My father, a young naval officer, had been given his choice between two ships on which to serve. He chose the USS Portland which was a heavy cruiser. It turned out to be a good decision as the other choice was anchored in Pearl Harbor at the time of the Japanese attack, and the USS Portland was two days out of port on the way to Midway Island.

The Sunday morning of the attack, my mother was taking my sister and me for a walk in a large baby carriage when she heard a loud noise. She looked up and saw planes overhead. She could not actually see Pearl Harbor or Hickham Field as they were some distance away but quickly realized what was happening and returned home. Shortly afterwards, MPs arrived and took us up to tunnels in the base of Diamond Head where we stayed for several days. The military and government fully expected the Japanese bombers to return. It was well known by residents of the island in prior weeks that "something was up" because many

Japanese residents had been leaving the island. My sister was recovering from exploratory brain surgery and had a Japanese amah who helped my mother as neither of us girls was walking. Yuriko told my mother during that time "If I don't come back someday it's not because I don't like you."

After we returned to the bungalow, a neighbor who knew we were alone invited us to stay with her. The following is an excerpt from the first letter my mother sent to my father after the bombing: "I was never so grateful for anything as to your being at sea when this business hit. Don't worry about us, we are much too stubborn to ever pass out along the way." Then began the wait for evacuation. Most dependents were to be sent back to the mainland on cruise ships but it was a long, hard trip. The Army wanted evacuations to begin immediately, but the Navy wanted to wait until ships were available to escort the cruise ships as they were apprehensive that Japanese submarines might be patrolling the waters between Hawaii and the mainland.

PanAm Clipper airplanes were commandeered to fly persons with health issues as the long trip by ship would be hazardous to those with medical conditions. My sister's doctor wrote a letter to the officer in charge of choosing those that qualified for evacuation by air stating that she most likely would not survive the trip by ship due to her recent surgery. Apparently, there was considerable animosity among evacuees as to who was eligible for the flights.

My mother, sister, and I were required to gather early in the morning each day at the airport beginning December 20 and wait for our names to be called. If our names were not called, we returned home in the evening and repeated the process the next day. Finally, on December 23rd we were allowed on board. All seats had been removed from the plane down to the bare metal floor. There was no food, water, or blankets provided so we had to bring anything we needed. We were returning to San Diego on the eighteen-hour flight. Luckily, my grandmother lived there. If we had been required to take the next ship leaving for the mainland, the Lurline, it would have been a trip of more than a week as it got lost on the way. My mother was very grateful to the doctor who helped us return by air.

Prior to our evacuation, there was no time to arrange for moving our belongings back to the U.S. The lady who took us in when we returned from

Diamond Head a few days after the attack was able to arrange for a flat-bed truck to come and get our things. As we left the house for the air field, all my mother saw was everything being thrown on the truck. She thought that was the last she would ever see of them. I don't suppose there were a lot of things, but they were all our worldly goods. About three months later we were living in a rented house in San Diego, and the doorbell rang. My mother went to the front door and a delivery man announced he had our belongings. Everything was actually packed in teakwood boxes. There was no breakage and nothing was missing. My mother said it was the best military move we ever made.

In 2010, George and I celebrated our 50th wedding anniversary by taking a cruise to the Hawaiian Islands. We wanted to see if we could find the little bungalow my family lived in on Pearl Harbor Day. I had no address as all mail at that time was APO. I decided to contact the library in

Honolulu to ask if they had old city telephone books for that time frame. They replied they did but didn't have a listing for my family's name. Several weeks later it occurred to me that maybe in 1941 the Diamond Head area was in the county. I contacted the library again for telephone books for areas outside the city and BINGO they found the address. While our cruise ship was docked in Honolulu, we took a taxi and found the tiny bungalow. The earlier picture shows the way it looks now with several additions. I was able to stand in the same small garden where this picture of Yuriko and me was taken in 1941. I also learned that the modest home we rented is still in a neighborhood of modest homes that now are worth millions.

I recently found a very interesting book, Safe Passage by James F. Lee, about this time period and more about the evacuation. One fact I learned from the book is that it took over a year to evacuate all those wanting to return to the U.S.

WINTERIZING YOUR HOSE BIBBS

OK – so what’s a hose bibb and why should I winterize it?

- Your hose bibb is an outside water faucet.
- Because it is outside, it and the exterior piping that leads to the inside of the building are subject to freezing which can lead to a quite expensive plumbing and, if left unrepaired long enough, structural damage to the home.

OK – so how do I do it?

On the inside of your house, in an area where there is exposed plumbing nearest to the exterior hose bibb there is a cut-off valve. In my home, a 1-1/2 floor Danbury without a basement, the cut-off valves are in the utility room and the master bath. Yours may be in another location.

My utility room cut-off valve looks like the image here. It is near the hot-water heater.

If you have a basement, at least one and perhaps two of the cut-off valves are in the basement.

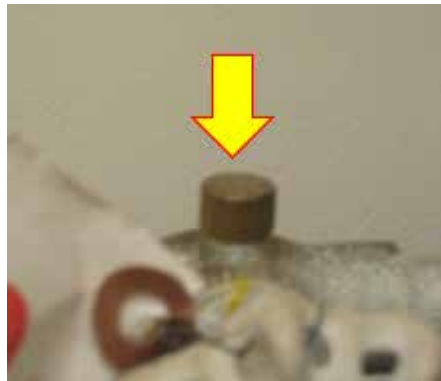

The first thing you do to winterize is to shut off the water from inside

the house using the cut-off valve. The old saying “Righty tightly- lefty loosie” is true. Turn the knob clockwise (to the right) and you will turn off the outside water.

Go outside and turn on the hose bibb to check – if no water comes out you’ve done it correctly – if water comes out, try again. Turn the hose bibb off again.

Now that the water is turned off in both places it is time to purge the standing water from the system. Look for the relief knob (sometimes called a cap) on the cut-off valve. Mine looks like the image in the next column. It is on top of my cut-off valve.

Loosen the cap (remember lefty loosie) by turning the cap counterclockwise.

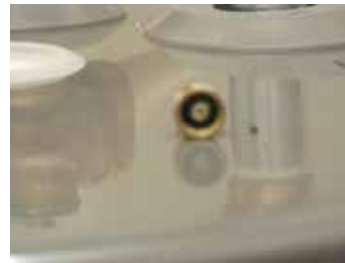

If the cap has a hole in it, loosen it about three turns.

Now go to the outside hose bibb and open it all the way (lefty). If the hose bib is inside the

garage you might want to place a bucket or pan under it to catch the fluid that will drain out.

When that bibb is drained shut it, return to the inside turn-off valve and tighten the cap finger tight. If nothing comes out you should completely remove the cap on the shut-off valve on the inside

If there is no hole in the cap you will have to remove the cap all the way.

Be careful not to remove or lose the black O-Ring inside of the cap. They are hard to replace and you don’t want to end up with a \$500 dollar replacement of the entire apparatus

because you lost a 5-cent O-ring. The image here shows the O-ring.

In my Danbury, there is a rear hose bibb. The shut-off is under the sink nearest the windows in the Master Bath. The image on the left shows what it looks like. The red knob and relief cap on the shut-off valve are visible in the image.

In this one, you must clean out the area under the cut-off valve and put a pan or container under the cut-off valve. The residual water WILL drain into the area under the sink.

The cap in this case is on the side of the cut-off valve.

Go through the same steps

- Shut off the cut-off valve (clockwise-righty).
- Go outside and shut off hose bibb
- Go inside and remove the cap. CAREFUL – Don't lose the O-ring
- Go outside and open the hose bibb
- Wait about 5 minutes
- Close the hose bibb
- Go inside and replace the cap and screw it finger tight
- Clean up the water that missed the pan – in my case, the initial water is under pressure and usually misses the pan. A grunge towel comes in handy.

You may want to purchase protective covers for the outside hose bibbs. They are cheap and, with proper draining of your hose bibb, you will have double protection.

Enjoy your house this winter.

HH CAR CLUB

The last tour of the year for the Heritage Hunt Car Club was a captivating journey through Shenandoah National Park on Skyline Drive at the end of October. The weather was perfect, the traffic was manageable, and the last stop after taking in the views was the Skyland's Pollock Dining Room overlooking the

Shenandoah. The impressive views, the plethora of color, and the wonderful camaraderie made this a truly exciting adventure to remember.

Throughout 2024, the HH Car Club held or participated in various exciting events. In June, we held the annual HH Car Club Car Show at the Marsh Mansion where resident Car Club members showcased a variety of automobiles. The HH Motorcycle Club also joined us at this show. In conjunction with show, we collected over 500 pounds of food for the Haymarket Food Pantry

during the car show. In September, Car Club members were provided a personal tour of White Post Restoration, which is a renowned leader in the world of automobile restoration. During the summer months, we visited various local wineries and breweries. I especially enjoyed the new Lark Winery and Brewery on Route 15, 20 minutes from our community. The wine and beer are great, the food is delicious, and the ambiance is not to be missed! We also participated in various other car shows, such as the annual Vets for Vettes. And, of course not to be missed was our annual cruise on Skyline Drive in October.

The Heritage Hunt Car Club is truly a fun and exciting group of like-minded residents right here in Heritage Hunt. Anyone who loves the joy of driving a vehicle may join the club and annual dues are minimal. You do not need to own and unique, expensive or rare vehicle as all makes and models are welcome. The Club meetings are held the second Tuesday of each month from March through October at 5:30 p.m. to 6:30 p.m. in the Clubhouse Mountain View Room. At our meetings, we discuss upcoming and past events, have guest speakers, and select and present to a member their vehicle as the "Car of the Month." Check out our website, <http://heritagehuntcar.club>, and our Facebook page, <https://www.facebook.com/groups/4549814907420192>.

Our last great event is the Annual Holiday Party at the home of club leader Mark Hopkins. Be good! Santa is watching and hope to see you next year!

COMMUNITY ADVOCACY GROUP

The Community Advocacy Group (CAG) will meet again on Thursday, December 19th at 4 PM in the Clubhouse Craft Room (lower level). Please plan on attending and seeing what this Group is all about.

Our principal order of business in December will be brainstorming and formulating proposals that can be suggested to our newly elected Board and Committees. The Board of

Directors and various Committees will start developing their goals for 2025 in January and now is the optimum time to put forward constructive ideas.

Another need is to help recruit Committee members to fill any remaining vacancies. This will be an opportunity for those who chose not to seek a full three-year term to try out Committee membership on an interim basis or other approaches to support HOA Committees .

Our November 3rd Tailgate Party and fundraiser was a huge success! Over a hundred attendees enjoyed a thrilling Washington Commanders' win while supporting both our club and the legal defense fund to fight the Prince William Digital Gateway. We are planning a redux for the Sunday, January 5th regular season finale against the Dallas Cowboys. Festivities will begin at noon. Your \$50 donation will include hors d'oeuvres and non-alcoholic beverages plus a contribution to the cause. Make your plans now to attend and watch for further details.

Choose to make a difference. If you'd like to suggest a neighborhood improvement, join us to leverage the voices of sympathetic residents and elicit positive action.

CROSSROADS CONNECTION

THANK YOU to each of you who contributed to the October Food Drive. The stats are now out! You delivered some 4,400 items which will help students avoid hunger on Friday afternoon

through Sunday evening. The food items you brought to the Mansion were exactly what we needed. Kids are always hungry as they grow several inches in a year. You've made it possible to keep families' pantries full of nutritious food!

Many of our Heritage Hunt friends are working on pantry remodels since they cannot find anything they're looking for. This translates to having a full pantry with many items that require shelving. I can imagine that a Crossroads family would never have this problem. Instead, they struggle to stock their pantry shelves! Some shelves are completely bare at the end of the week.

Not only are food drives critical to the success of our mission, our grants from Covid days have expired, and new grants are needed to fund food purchases. We thank the Heritage Hunt Giving Circle for their grant! We are currently seeking other grants that can cover the high food expenses. There are several in the application process.

We have a healthy number of volunteers who are packing food that will then be delivered by additional volunteers. During Haymarket Day many volunteers signed up to help us end hunger. We encourage all who want to host a food drive to contact us and request the FOOD DRIVE IN A BOX. This is a step-by-step guideline to organizing a food drive at your school or other organization: adults and kids join hands together to plan and organize the event! Don't do it alone but instead reach out for a partner who has the same concerns and use the strength of teaming!

LET'S END HUNGER IN THE COMMONWEALTH!! THIS IS OUR STATE-WIDE INITIATIVE!

If you can't participate in person, please consider a donation by scanning the QR code below.

EMERGENCY PREPAREDNESS COMMITTEE

WHAT WE DID IN 2024, WHAT WE HAVE PLANNED FOR 2025

The Emergency Preparedness Committee (EPC) continues to keep the Heritage Hunt residents safe as we prepare for not only the major events that can impact us all, but also prepare residents for those medical emergencies in the home. The EPC knows how important communications are in an emergency, this year major storms took out communications for extended period across the

Southern States. Our residents, being seniors, depend on having quick access to our First Responders. Therefore, using the

strong relationship with the Heritage Hunt Ham Radio Club and our Emergency Volunteers (EVs), we are prepared to maintain our communications with Emergency Services when home and cell phones fail. A major accomplishment this year was developing a Heritage Hunt Emergency Response Map showing street addresses, not lot numbers. This allows Zone Directors, such as Rich Tricarico for South Zone shown here with the Map, to quickly locate where one of his EVs reports an emergency. The Heritage Hunt Map showing our Zones is on the HH website under Member Home.

So how do we prepare for those medical emergencies in the home? This year we trained 43 residents through our

quarterly Hands-Only Cardiopulmonary Resuscitation (CPR) courses. Pictured, Neil Kelly and Mae Mather provide training to residents using our Rescue Mannequins and practice Automated External Defibrillators (AEDs). In 2025, we will continue to provide regular CPR and other health and safety training, for details and schedule, send a message to cprhhepc@gmail.com.

So, what do we have planned for 2025? The HOA Board recently approved our Resolution for T-Comm. This system allows all residents to be contacted within a few minutes by home and cell phones. Although T-Comm has been available for several years, with the approval of the Resolution, EPC will be working with the HOA Board and CAMP to implement procedures and pre-set messages for making these emergency notifications by CAMP during business hour and by the Board/EPC after hours. Another initiative will be strengthening the link with County Emergency Services. The Prince William County Amateur Radio Emergency Services (ARES) Director has been in contact with our Ham Radio Club. In the news on the recent devastating hurricanes, we learned Volunteers for ARES played a key role in establishing communications in these Southern States. Therefore, EPC will be working with this Director as we better define how we will draw support from ARES during loss of normal communications and possible how we can provide support to ARES. If you are interested in obtaining a Ham license, or if licensed participating at Heritage Hunt, the Ham Radio Club can be found at <https://www.heritagehunt.net/member-home/heritage-hunt-hams>.

As always, we need volunteers to be ready when an emergency occurs to protect the health and safety of our residents. You can contact EPC to volunteer, or for details on the safety and health programs we provide, at emergencypreparedness@heritagehunt.net.

So, until next year: Be Safe – Be Prepared – Be Vigilant.

GARDEN CLUB

Good Work, Gardeners! The Garden Club Plant Sale at the Art & Craft Fair was a huge success! All our gardeners came together to sell new or

donated plants, a fantastic gift basket raffle, and offer lots of botanical knowledge and advice. We earned a commendable amount to go toward our favorite charities. Now our members are gearing up for our annual Holiday Potluck with a harpist to greet us as we gather to celebrate a fun and rewarding year as Heritage Hunt gardeners!

We have had so many achievements over the year: the formation of a team to nurse Sally Peterson's pollinator garden, as well as her latest project of the Paddock Pond garden; a speaker line-up on bees, bluebirds, hummingbirds, succulents, native plants; our summer tea party; and now a profitable Plant Sale. We will begin in January to put together the coming year for our members and their favorite topics.

Did you purchase an herb plant at our Plant Sale? Research out of Finland shows that an indoor herb garden lowers symptoms of allergies. Skin contact with potting soil can expose one to beneficial microbes which can lower inflammation. We had herb plants for sale - I came home with four! If you missed our sale, most grocery stores have herb plants for sale in the produce department. It would make a fun winter project! Come to Garden Club for further garden advice - we are always open to new members.

Happy Holidays!

Elizabeth Katchmeric - President

GENEALOGY CLUB

The Genealogy Club will not have a meeting this month, but will resume in January. While we all are busy with holiday preparations and events, let's pause to think about how Christmas celebrations evolved in America.

Christmas in America: A History, authored by Penne L. Restad, is a gem of a book that does a remarkable job of showing us Americans in the 21st century how our traditions developed from the customs of the earliest Americans in colonial times to the latter 19th century. Our annual holiday celebrations help bring us all together to experience the tradition we all, regardless of ethnicity or religious affiliation, observe each December.

As Restad writes on the first page, "Dour Puritan forefathers banned its observance." In the 19th century the stories of Washington Irving and Charles Dickens, the influence of new immigrants, and the growth of commerce resulted in the observance of Christmas festivities by the 1870s. These fun-filled holiday celebrations were shared by Americans of various backgrounds.

This book shows how Christmas as currently celebrated needs to be seen through the prism of the Civil War and subsequent vast changes in America – civic, scientific, economic, social, and ethnic. Regardless of our ethnic and religious backgrounds, Christmas in America will be enjoyed by anyone who would like to have a better understanding of how our country's observance of Christmas arose. Also, after reading the book, we can tell our descendants how our families' various holiday celebrations evolved in America.

If you cannot find the book in a library, it can be ordered from AbeBooks.com. This softcover tome, published by Oxford University Press, New York, 1995, contains 11 chapters, plus notes and an index – 219 pages total.

Our genealogy club wishes everyone in Heritage Hunt a wonderful holiday season. At our next meeting on Monday, January 27, at 2 pm in the Mountain View Room we welcome anyone who is interested in genealogical explorations! The program will be described in the January issue of The Heritage Horn.

LADIES 9-HOLE GOLF LEAGUE NEWS

The last Wednesday of October, the 30th, was our last official Golf League day here, and it was also our Halloween Fun Day! Good weather, shotgun start, straight scramble, no score cards submitted, no prizes awarded...no pressure, just a

fun morning! All the costumes were creative and great, and I think we all had fun out there! Thank you to Pam McBride for putting special treats in our carts – and it was hard for me not to eat the chocolate treats for breakfast, so I waited until I got home (but...did I?). Many of us stayed for lunch afterwards in the Clubhouse, and that's where our long-time starter John Kitchen joined us briefly to announce that he plans to retire soon. He has been a part of the golf staff here, and my golf experience, since I first moved here, and it's hard to picture driving up to the starting spot to unload and not see him there. Especially on busy Wednesday mornings for golf league day! He, and his smile and jovial personality, will really be missed, and I'm pretty sure everyone who golfs here feels the same way!

On Wednesday, November the 6th, we, the Nine Holer's, had our end of year fall meeting and luncheon party in the Clubhouse. John Yancy, the head pro, joined us at the start of the meeting to discuss the progress of the new grass on the course and other management matters that will concern us going forward.

We elected the new Nine-Hole Golf Officers for the 2025 season – the two Co-Presidents will again be Kathy Boivin and El Grabowski; the 1st and 2nd VP's will be Pat Wright Miller and Pam Jeckell; the Treasurer will be Linda Allardyce, the Secretary will be me, and the Event Coordinators will be Candace Moe and Pam McBride. We took time to recognize all the officers for their dedication and work in past seasons.

Since we are having some unusually warm November days here, we are all seeing a lot of golfers still out there on the golf course, however I'm positive that there will be some golfers out there most of the winter too. I draw the line trying to golf on really cold days, but I don't mind walking in the cold (with a coat, gloves and hat on). I have a golf cart path directly behind my house, and I see

many walkers early in the morning and that usually continues throughout the cold weather! Hopefully they stay safe from flying golf balls (which don't always stay on the course)!

I wish a happy and healthy fall and winter to everyone!

Vicki Wafle - Secretary

GOLF NEWS

GOLF COURSE TAPPED AS NOVA BEST

Virginia Living Magazine, a renowned publication that covers life and culture throughout the State of Virginia, recently acknowledged the Heritage Hunt (HH) Golf Course as the best golf

course in the Northern Virginia (NOVA) area for 2024 as voted by golfers who play throughout the State. In NOVA, there are over 60 private, semi-private, and public golf courses that were eligible for this award. Army-Navy and Dominion Valley golf courses rounded out the Top Three NOVA Courses.

In a letter dated September 19, 2024, Governor Youngkin recognized the HH achievement. In his letter, the Governor stated that the golf course “upheld Virginia’s legacy of quality, innovation, craft, and class.”

Although the award may be a surprise, the sustained superb playability and well-maintained condition of the course is not. HH Golfers and residents have long enjoyed the course for golf and its lovely green space. Kudos to the vision and expertise of Course Superintendent Chris Doyle and his hard working course maintenance crew for their efforts in making the Course NOVA's best for 2024.

HH GOLF LEAGUES' SCHOLARSHIP

The HH Golf Leagues' Scholarship Committee thanks both individual and League donors for their contributions to this year's successful Fund drive.

GOLF COMMITTEE NEWS

Resident Susan Myers was recognized during the September Golf Committee Meeting for her leadership and dedication to the Heritage Hunt (HH) Junior Golf Clinic. In 2016, Susan wanted to provide an opportunity for her three grandsons to

learn about golf in a structured, enjoyable environment to see if they would like the sport. At that time, little did Susan know that her curiosity about the boys' interest would blossom into an eagerly-anticipated, popular, annual golf clinic for many HH residents' grandchildren.

For the past 8 years, Susan served as CEO of the event: preparing and overseeing administrative operations; working with Head Professional John Yancy and other pro shop professionals to provide instruction appropriate for young golfers to learn the skills, rules, and courtesies of the game; and recruiting many volunteers who ensure that the youngsters play in a safe environment. From the beginning, the clinic was abuzz with excitement as participants received their HH golf shirts at registration, searched their golf bags, a bit bewildered, to find the right club for hitting, chipping, and putting, and laughing with new friends at a youth-palate pleasing lunch in the HH Clubhouse. The clinic later received a thumbs-up-bump in enthusiasm when the outdoor community swimming pool opened its afternoon hours to the group as suggested by a volunteer,

As you can see, the clinic is so much more than four days of golf; it is a mini resort week for youngsters. Few activities can surpass four summer days that begin with golf on course, take pause to re-energize with lunch in an air-conditioned Clubhouse, and then conclude with hours of splashing and sunning at the pool—days often capped by “sleepovers” at the grandparents' house with relaxed bedtime hours.

Heartfelt appreciation to the indefatigable Susan as she turns over the leadership reins of the clinic. What humbly began as Susan's labor of love for family is now Susan's remarkable legacy to the HH community.

HH LITTLE THEATER

After a wonderful Fall Production HHLT is taking a well-deserved break before starting on the Spring play. Over 500 friends, neighbors, and family members saw the production of Larceny and Old Lace in late October. We are so grateful to all of you who came to support our love of theater.

In addition to the amazing cast on stage, there are at least as many people working backstage, at the doors, and at the sound and light console. Their work is absolutely essential to the success of any production.

The following photos by Andy Mays show some HHLT and LSTV members hard at work.

If this looks like fun to you and you'd like to join us, contact Billy Clay, Membership Chairman, at bclay1976@gmail.com. We meet monthly for fun and interesting meetings.

LIBRARY NEWS

Thank you to all who have donated to our libraries.

However, recently we have been receiving books that we do not accept. We are a small group of volunteers & work tirelessly to keep the Clubhouse and Marsh Mansion libraries neat and up to date. We do not have the resources to dispose of unwanted books and suggest that you bring them to Salvation Army or McKay's books in Manassas.

The books that we DO NOT TAKE are many! How To's, encyclopedias, cook, craft & sport books or yearbooks. Books on gardening and how to retire! All books must not be more than 8 years older than the current year.

We have a DO NOT RETURN cart by the sign out desk. Please take what you want and share them with friends.

If you have any questions, please feel free to call Annette Johnson at 703-743-5181.

Again, thank you for your support and patronage.

LSTV CORNER

We are heading into the holiday season which means more activity for LSTV. Little Theater and Christmas shows and other big events like the Murder Mystery, all require our input. BOD meetings, Finance meetings and not to mention all the standard meetings like Food and Beverage, Facilities, Wine Club, and Fine Arts keep us busy. All this is standard procedure, but I mention it because the equipment is becoming less reliable by the day. When the equipment does "hiccup" most events go off without anyone in the audience noticing because of the "technical sophistication" of LSTV. We spend way too much of our time talking about all the different pieces of equipment that didn't work and what the work around was.

Our Monday morning meetings start off with: who is supporting what?" For every event or meeting that requires technical help, someone from LSTV must be assigned to run the equipment. We have 18 people now, so no one is ever swamped unless they want to be, or something goes wrong and they are called in. (Robert, Ralph and Tony and a few others gladly lend their support when needed.)

LSTV was fortunate to be able to support the Cancer Walk that happened on September 28th. It is a great cause run by some incredible men and women and supported by generous supporters. A handful of walkers allowed themselves to be interviewed by yours truly. We ran out of time last month for me to be able to let people know those interviews were available to watch. Go to the E-Communicator for Oct. 11, 2024, find the Cancer Walk and click on the link and c'est voila, there you are.

LSTV supports between 30-40 meetings/events per month. It is a testament to the men and women of LSTV that we are there to support our community, but we are also there to support each other. Some of our newer people are taking on bigger and bigger roles because they know there is a tremendous support system built in. Everybody there supports everybody there.

We are always looking for the next LSTV member. We have a couple of snowbirds we will be losing for a few months and like the rest of our community, life just happens, and people are unavailable. Like in business, staying the same is falling behind. So, if you are curious, or would like to see what goes on behind the curtain, we meet on Monday mornings from 9:30 to 11:00. Please join us!

PICKLEBALL CLUB

MEET CANDACE MOE

Five years ago, when the perfect house came on the market, Candace and her husband, Bob, moved into Heritage Hunt. They have one daughter, two grandchildren and just recently, welcomed Nico, their first great grandchild.

Candace decided to step away from her 22-year career in marketing and sales management to try her hand at real estate sales. That was 20 years ago. Today, she and her daughter are the team "The Girls of Real Estate" under RLAH Brokerage. Candace's love for what she is doing is evident in her being voted one of the top agents in the Washingtonian and Northern Virginia magazine for the last 5 years.

The Moe's lived overseas for 7 years, spending time in Iran, Kuwait, and England. They were evacuated from Iran, during the turmoil and fall of the Shah. They have traveled around the world, twice!

Every Wednesday during the season, Candace can be found on the course as a member of the HH Ladies 9-Hole Golf League. She and Bob are active members of the HH Wine Club, where Candace previously held the position of President.

Candace and Bob share bragging rights and a handful of well-deserved medals from recent and previous years' competitions at the Northern Virginia Senior Olympics. She currently plays pickleball 4-5 days a week and would encourage newer players to not be intimidated by more experienced players, because someday you may play better than they do.

See you on the courts!

RESIDENT SPOTLIGHT

HERITAGE HUNT RESIDENT WINS FIVE GOLD MEDALS IN NORTHERN VIRGINIA SENIOR OLYMPICS!

Heritage Hunt resident Priscilla Knight won five gold medals at the Northern Virginia Senior Olympics (NVSO) at the Dulles South Recreation and Community Center on Sept. 20. Knight swam the 50-, 100-, and 900-yard freestyle, and the 50- and 100-yard backstroke with women in her age group.

“I swam a lot slower than I did as a teenager training for the international Olympics,” Knight says. “Back then, we got up at 4 a.m. to train before school, then again after school. I had wet hair much of the day. Swimming an hour at our Heritage Hunt pools without a coach wasn’t nearly as intense.

NVSO started in 1982. It allows people age 50 and up to compete in swimming, track and field, tennis, pickleball, racquetball, table tennis, Wii bowling, bocce, badminton, basketball, cycling, golf, etc. Seniors who prefer less strenuous activities compete in croquet, billiards, cornhole toss, jigsaw puzzles, scrabble, Sudoku, Dominos, Mah Jongg, horseshoe toss, etc. NVSO’s motto is Living Healthy Longer.

“Registering for the Senior Olympics made me get in the pool and train. But some days I preferred talking to Heritage Hunt folks in the outdoor pool. At our ages, we can compromise.”

Knight’s middle son, Eric Knight, set a number of records and competed in several Olympic trials. “Today’s swimmers train on a much higher level than when I was young,” Eric’s mother explains. “My son swam eight hours a day when he wasn’t consuming dozens of eggs, boxes of lasagna, and gallons of milk each week. That boy could eat!”

Knight encourages Heritage Hunt residents to stay as active as they can. “Pick a sport or activity and compete – just for the fun of it,” Knight says. “You’ll meet interesting people, and your children will give you high fives. Trust me, you don’t have to look good in a bathing suit or track shorts. Those days are gone!”

HH CHAPTER OF THE AMERICAN WINE SOCIETY

France - Wines Along the River, our 2024 Annual Meeting was a wonderful success. With 80 folks attending, we enjoyed a great presentation and wines from Alek Kazak of Impero Wine Distributors in Rockville, along with delicious food pairings from Chef Ryan. After such a successful evening, it's very sad to announce that the HH Wine Chapter is disbanding. We will have a Mix and Mingle in January as our final event.

For the past several months we have solicited folks to step up and assume leadership roles for the club, but there has been no response. Without leadership, there is no club. Members who wish to continue their American Wine Society membership may be able to participate in the activities of other nearby AWS chapters.

Many thanks to the board members who worked tirelessly to provide us with quality programs and great wines each month. They are: Bill Hoyle, President; Tony Grayson, VP; Mary Dellinger, Treasurer; Maxine Sachs, Secretary; Amy Howard and Candace Moe, Membership; Bob Moe and Anne Burns, Programs, and Anne Coulter, Excursions.

HERITAGE HUNT WOMEN'S ORGANIZATION (HHWO)

As the song goes, "Deck the halls with boughs of holly, tis the season to be jolly!" Six beautiful abodes – including a condo, a villa, an executive home, and 3 single family homes – are on HHWO's Holiday Home Tour, Friday, December 13th. These spectacular homes will be open from 10:00 a.m. until 3:00 p.m. Tickets are \$20.00 and include a map of all the homes on the tour. The Sweets and Treats Shoppe will be located at 6925 Netherstone Court from 9:30 a.m. until 2:00 p.m. I am so excited because my Villa is on the tour!

Our December Program is filled with wondrous holiday cheer! First, we will welcome a very special guest who keeps the books on who is naughty and nice. "I know nothing!" After our special guest, everyone will enjoy a glorious concert performed by harpist Meghan Davis and cellist Alex Keller. Ms. Davis has performed for several ambassadors, Members of Congress, and even Taylor Swift. The cello's rich warm timbre, when joined with the celestial sounds of the harp, provides a truly joyful combination of wondrous holiday tunes. This unique musical pairing will help us to usher in our special holiday season.

The fabulous Lunch Ladies (Lynn Dosey and Harolyn Small) have performed magic for the December luncheon. The appetizer will be a spinach and artichoke dip with crisp pita chips. Our buffet begins with a grilled radicchio and baby kale salad with orange segments, with crumbled feta and maple syrup vinaigrette. The main course is peppercorn beef tenderloin with red wine demi sauce, roasted asparagus, and maple mashed sweet potatoes. And dessert is homemade ricotta cannoli!

Our fabulous Doug Burroughs of the Flower Gallery is providing a flower raffle where the lucky winner will receive a special floral arrangement each month for the entire 2025 year. All raffle tickets and tickets for the Holiday Home Tour are available at the HH Crafts Show and the December HHWO meeting.

I wish you a sleigh full of wishes and dreams come true!

Her music is enhanced even further by her husband, Alex Keller, who accompanies Meghan exquisitely on the cello.

WOODWORKING CLUB

The monthly meetings of the Woodworking Club deal with business topics and various issues. But the best part is the “show and tell” portion. During October’s meeting we got to see what Bob Rogers and Donald Provencher have been working on.

Bob showed us the wooden Christmas gifts he is creating for his family. It’s an annual tradition for him. He showed us the kitchen utensils, Christmas tree ornaments, and other beautiful items he made for the holidays. Every item Bob makes has a high level of craftsmanship.

Next, Donald brought in a cafe table with matching chairs that he created from scratch. The set is made of solid oak. The chairs are full of complex angles and shapes. The table has a beautiful and interesting top that only a skilled craftsman can create. Well done, Donald!

The woodworking club is open to Heritage Hunt residents. Safety is always a priority and requires newcomers to attend training sessions. Contact Ross Kerr or Lucille Marciano if you are interested.
