## FEBRUARY BOARD BRIEFS

Ah February, and let's hope that Ground Hog sees spring coming soon rather than later. Actually it does not matter how chilly it is outside, as there is so much to do inside our Community. We hope everyone takes advantage of the many upcoming social events for residents in our Clubhouse and makes use of our Red Oak Bar and Grill. UTP and our Food and Beverage Committee do make sure all these events are well advertised, so check for details and join in.

The Board met via Zoom with PWCSA to ensure that the 24" force main project and new pump station construction are on schedule and completion is still expected by mid-2024. We are working to coordinate that project be completed so we can move forward with needed road work as well as start on our parking lot expansion/Master Plan project. To date we are still on schedule for all these projects.

At the 1/25/24 Board meeting we approved a new Advisory Committee for Strategic Planning. We thank Mary Collins, Susan Hiscutt, Victoria Messer, Nancy Langley, Ranny Reynolds and Cheryll Sullivan for volunteering. They have selected officers: Chair Cheryll Sullivan Vice Chair Mary Collins and Secretary Nancy Langley. They will be setting up regular meetings soon and of course all their meetings are open with an agenda posted. They will be working on our 2025- 2029 Strategic Plan, plus there is always a resident comment session at all meetings so plan to stop in and share your comments.

Board meetings this month are Monday 2/12/24 at 9:30 in the Mt. View Room and 2/22/24 at 1 pm, also in the Mt. View Room. We do try and broadcast all the Board meetings as well as rebroadcast, so do check our weekly E Communicator for exact details.

And we have a leap year, one added day in February and I have a suggestion on how to spend it and that is reflecting on how we all drive in Heritage Hunt. We can use a bit more control on speed. There are posted limits to be obeyed and we can see from our reports most folks do BUT we all should. We all should stop (completely stop) at 4 way stops and there is a reason cars have directional signals... they are to be used to advise other drivers what you are doing, don't make anyone guess as

that's a recipe for disaster. Use common sense when driving our community roads. We do well but we can always do better, plus recall the PWC police do patrol, they can issue tickets and who wants that!!

Due to Horn publishing dates, the resolutions done at the 1/25/24 Board meeting will appear in next month's Horn. However, the minutes of that meeting are already posted online and can be reviewed there.

Everyone stay safe and well!

*Kathy Vergano, Board President*

# COMMUNITY COMMUNICATIONS

## DATA CENTER WORK GROUP MEMBERS

The Board of Directors expresses our thanks and gratitude to the members of the Data Center Work Group who as volunteers spent 2 1/2 years working to protect the interests of Heritage Hunt and our surrounding area from the Pageland Digital Gateway project. Their efforts pointed out obvious concerns and recruited many other organizations to join in the effort to forestall data center construction. However, the BOCS went forward with the Digital Gateway and the Data Center Work Group ended. So to those volunteers again, thank you. We know the work and effort involved. Your dedication to the welfare of your community is deeply and gratefully appreciated.

Senior Leadership Team: Bobbie Kelly, Mary Foster, Roger Yackel, Kevin Coyle, Bill Wright, Paula Daly

Members: Ally Stoeger, Elaine Romanias, Ken Grimm, Dick Schneider, Pat Phillips, Chuck Zumbaugh, Liz Martorana, Ken Lyons, Ray Kowalski, Madge Gill, Fred Spurlock, Irene Magnani-Kelley, Neil Kelley, Stephanie Chartrand, Terry Gonyaw, Dave Peterson, Ed Venditti, Mike Katchmeric, Sally Peterson, Carolyn Cameron, David Nystrom, Frank Maresca, John Lyver, Susan Coyle, Neil Geller, Bill Worrest, Duane Miller, Gayle Miller, Gary Howard.

## FIBER OPTICS EXPERTISE NEEDED

The Board of Directors is seeking residents with expertise in fiber optics. We are forming a Work Group to investigate the installation of fiber optics in Heritage Hunt. Interested residents should send a note to [BoardofDirectors@heritagehunt.net](mailto:BoardofDirectors@heritagehunt.net)

## FRONT GATE FLAGS

Your Board of Directors wants to express grateful thanks to all the volunteers who have for years been lowering and raising the front gate flags as needed. This was a project created by the Patriots Club years ago as they raised the funds to get the flags in place and then monitor them.

It has been fantastic that volunteers have carried on that work. However, times do change and the best way for us to continue is for CAMP Management to take this over. They will raise and lower the flags as needed and also monitor when new flags are needed. So again, supreme thanks to the many volunteers who over the years have assisted with the flags. Your service to the community is gratefully appreciated.

## HOA -101

In addition, preparing for and conducting a committee meeting will be discussed. Light refreshments will be provided.

## DIGITAL GATEWAY NEWS

### DOZENS OF MASSIVE DATA CENTERS AND POWER LINES COULD ENCROACH ON THE HH BOUNDARY

Come learn about the 35-building PW Digital Gateway Industrial Data Center Complex and what can be done to get it relocated.

Dear HH resident: Industrial data centers (city block-sized buildings, 2,000 diesel generators, new transmission lines and a new four lane highway) are being planned near the eastern boundary of our beautiful community. On December 13, four of the eight members of the PW County Board voted to approve rezoning applications from QTS and Compass Data Centers and pave the way for a 2,000-acre industrial area next to HH. They made so many mistakes rushing it through, however, that we feel a judge will reject their approval and send it back to the new Board of Supervisors that opposes it.

- The PW County planning staff, and the PW Planning Commission both said no to the project.
- The Digital Gateway will trigger more data centers along our northern border at Smith Farm.

Our neighbors in the Oak Valley community, north of Heritage Hunt on Catharpin Road, are challenging the County's rezoning decision in court. HH residents now have the opportunity to support them.

Learn more! Please attend one of our information sessions. Come to a visual presentation of what could happen and personally meet the legal team from the Oak Valley Community.

- February 8, at 7:00 PM in the Clubhouse Mountain View Room, or
- February 13, at 2:00 PM in the Marsh Mansion Parlor

Please join our effort and attend – working with Oak Valley we can get this industrial complex relocated.

### Nutritional Needs of Seniors

### Importance of Quality Meals

The nutritional needs of seniors can easily be overlooked. Quality of life is often associated with the enjoyment of food; therefore, the benefits of any diet should be weighed against their quality of life.

Generally speaking, adults need fewer calories, unless they have an exercise regime that burns a lot of calories; a more sedentary life will not burn as many.

Maintaining a healthy weight and staying energized also lowers the risk of developing heart disease, diabetes, and other chronic health conditions.

**Caring Senior Service of Northern Virginia** understands the value of nutritious meals for seniors. They offer a **CHEF-PREPARED FRESH HEALTHY MEAL** program with their in-home caregiver services to help seniors maintain a healthy nutritious life style.

**For more tips and detailed information on nutritional needs for seniors visit us online at: [www.caringseiorservice.com/blog/nutritional-needs-of-seniors](http://www.caringseiorservice.com/blog/nutritional-needs-of-seniors) or scan the QR Code below with your cellphone camera.**

Wayne Mitchell is the co-author of Aging In Place Conversations, What industry experts have to say, available on Amazon, and former Board of Directors member of the National Aging In Place Council. Wayne lives locally and is the owner of Caring Senior Service located in Gainesville. They provide award winning in-home senior support and voted "The Best" Senior Care Agency for 5 years in a row, and 5 Google Stars. If you have questions reach out to Wayne at 571-222-5050.

# EMERGENCY PREPAREDNESS COMMITTEE

## IN AN EMERGENCY, WHO ARE YOU GOING TO CALL?

Of course, you are going to call 911 for a medical emergency. As a 55+ Community, we are known as Frequent Fliers by our First Responders.

Knowing this, the Emergency Preparedness Committee (EPC) maintains an excellent relationship with our First Responders,

including inviting our Fire Department's Responders to Brunch annually, as shown in the photograph. However, we go beyond just thanking them with Brunch. We have also obtained their recommendations on maintaining fast response times by not installing speed bumps and not stocking overdose kits due to the potential for a violent reaction when administered. The EPC also worked to ensure First Responders received updates on traffic flow restrictions from the Force Main project, which will continue with upcoming paving activities. Although we receive excellent support, we will continue to provide safety and health training to ensure you can hopefully prevent, but, if necessary, manage medical emergencies during the critical minutes before our First Responders arrive. So, watch for our announcements on preventing accidents due to Slips and Falls, but also being ready to perform or Stop-the-Bleed, or use an Automated External Defibrillator (AED). For updates on these training sessions, send a request for information to [cprhhepc@gmail.com](mailto:cprhhepc@gmail.com). As always, this training will prepare you to help save the life of a neighbor, friend, or family member in a medical emergency, not only in your home but in Common Areas such as the recreational facilities.

We can also call everyone in Heritage Hunt when there is a community-wide emergency, such as the traffic accident that closed the front gate for an extended period last year. So, it is vital that you add the T-Comm number (703) 743-2016 into all

your phones as "T-Comm Heritage Hunt" to receive alerts of an incident affecting our community immediately. This will be a call you want to answer, day or night, so ensure the number is identified and not blocked when your phone is in silent mode.

What about a non-medical emergency? If it involves your personal property, then hopefully

your Heritage Hunt neighbors can assist you, as one of the many benefits of living in a friendly 55+ Community. This leads us to a discussion of the actions that you, as a resident, can take for Heritage Hunt. First, if the emergency involves a serious traffic accident, gas leak, or an actual fire, call 911, just like you would for a medical emergency. However, for other emergencies you discover in Heritage Hunt Common Areas,

such as a broken pipe flooding the Club House or Mansion, contact the CAMP facility staff directly during business hours 703-743-2000 option #4. At night, use the HOA Common Area Emergency Number, by calling the after-hours emergency answering service at 855-477-2267.

## FOOD & BEVERAGE NEWS

It's February, often ranked as one of America's least favorite months! "Heritage Hunters" (still in Heritage Hunt vs. somewhere else, likely a warmer locale) can power through the month by focusing on fun "get us through February" events.

We kick off February with two weeks of Mardi Gras specials at the Red Oak Bar and Grill. Come in for New Orleans food specials including Gumbo, Jambalaya, king cake and of course bar specials. Look for specially priced Hurricanes and a Louisiana brew. For wine lovers we'll have a new wine on the list, a New York Finger Lakes semi-dry Riesling from Dr. Konstantin Frank.

And of course, on Sunday, February 11th most folks will be parked in front a TV America's most-watched annual event, the Super Bowl, which will of course be on the TVs in the ROBG. I always think the reason 60% of Americans tune in to the game is split between a love of football, a love of the half time show and the chance to see if not the funniest, surely the most expensive TV ads of the year!

And since February is the month of love, if the Horn arrives in your mailbox on or just before February 1st and you haven't made Valentine's celebration plans, you're in luck. February 1 is the last day for reservations for the Valentine's Dinner being held in the Great Oak Ballroom on Thursday, February 15th.

For more fun happenings look in the Horn for information about registering for the St. Patrick's Day event on March 17 and our Easter Celebration on March 31st. For "save the date" ideas we have plans for a mid-April Comedy Night and wine aficionados should mark their calendar for the next Wine Dinner on April 21st.

As February runs downs, hints of spring should be in the air, our "Leapers" get to celebrate a birthday on their actual birth date and the Food & Beverage Committee continues collaboration with our club services vendor Up to Par on important projects such as the installation of acoustic improvements in the bar and implementation of a new point of sale system. Considering attending our next Food & Beverage Committee meeting on February 21st at 10 AM in the Mountain View Room.

*Jacki Tessmer, Food & Beverage Committee*

## FOOD & BEVERAGE COMMITTEE

The Food & Beverage Committee would like to remind all residents that no food or beverage may be brought into the Clubhouse or Marsh Mansion or into a Food and Beverage sponsored event on the common grounds without written consent of the Club Services Vendor's Food and Beverage Director of Operations (UTP). This includes homemade cakes, cupcakes, or any kind of food. Specialty foods and cakes that cannot be prepared by Heritage Hunt are allowed to be brought in by the responsible party with written approval from the Food and Beverage Director of Operations if the food comes from both a licensed provider or bakery that provides proof of liability insurance and a permit to operate a food service facility. An original store receipt (dated within 2 days of event) must be presented and shall be collected and kept on file by the manager on duty for any purchased food or cake brought into the Red Oak Bar & Grill. Groups over 18 bringing in a specialty cake or dessert will be charged \$1.50 serving fee per person.

You can find more information in Policy Resolution #18. Please adhere to these rules for the safety and well-being of all residents.

## GARDEN CLUB

HAPPY VALENTINES DAY, GARDENERS!

### HOW TO MAKE WILDFLOWER SEED VALENTINES:

What You Need: 1 cup of shredded paper or newspaper, 2 cups water, wildflower seeds (or seed of your choice)

Also: 2 large bowls, 3 heart-shaped mini pie tins or silicone molds, blender

Directions: Tear or shred your paper and be sure to include a few small pieces of red or pink paper. Blend the paper and water until it is chunky (should look like oatmeal). Transfer to a bowl. Take handfuls of the paper and squeeze out most of the water, leaving it moist but not sopping wet. Transfer to a dry bowl and sprinkle with the wildflower (or other type) seeds. Gently mix in. Divide pulp into the number of molds which you have and mash pulp into each tin or mold. Pat the tops dry with cloth or paper towel to get rid of excess moisture. After 24 hours, pop the hearts out and transfer to a rack for another 24 hours to finish drying. When thoroughly dry, the hearts are ready to include with a homemade card, or simply wrap in waxed paper and tie with a ribbon to give away as Valentines! Be sure your Valentine knows to (1) plant the heart in the Spring (you can include basic hand-written directions for planting), (2) water it well, and (3) watch a sweet patch of wildflowers come to life!

Garden Club meets Thursday, February 22 at 10:00 in Marsh Mansion. Annual dues is \$20 for calendar year. We look forward to seeing all our members with old and new garden conundrums and a bit of a social hour!

*Elizabeth Katchmeric, President*

## GENEALOGY CLUB

The Genealogy Club will meet on Monday, Feb. 26, at 2 PM in the Mountain View Room. We will show and discuss some genealogy “how-to” videos that will capture the interest of our members and also others who attend the meeting. As always we enthusiastically welcome non-members at our programs. This time of year, in the midst of winter, is a perfect opportunity for taking up a new pastime – genealogy!

Family history adventurers never know, when they embark on this hobby, what fascinating discoveries they may uncover as they part the drapes of time. Especially when combined with having our DNA identified and connecting with others who are DNA matches, pursuing genealogy research can become an obsession and an opportunity to meet relatives, whether second or seventh cousins. In addition to identifying names of our ancestors, we explore censuses, probate records (especially those that list the possessions of the deceased!), land deeds, church records – the list is endless. Not only is genealogy research entertaining, it is also educational as we learn how our ancestors lived and made their choices in life.

<https://blogs.loc.gov/maps/2023/12/searching-for-sanborn-maps/> A great way to while away a rainy or snowy day, this website is from the Library of Congress Blogs, posted on Dec. 14, 2023 by Amelia Raines, a reference librarian in the LOC Geography and Map Division. The Sanborn maps, a well-known collection, were made by fire insurance companies during the 19th and 20th centuries and provide fascinating details for genealogists interested in learning about how their ancestors’ houses or places of work were constructed and where they were located. Raines describes how to do this search online, but maps that remain under copyright restrictions are viewable only on LOC premises.

On Monday morning, March 4, in the Board Room of the Clubhouse, we will have a “clinic” open to Heritage Hunt residents and interested others. Club members will help attendees with exploring their family history. More details will be in the March issue of The Horn.

## THE GIVING CIRCLE

*"Giving is not just about making a donation. It is about making a difference"*  
Kathy Calvin

Making a difference is the fundamental goal of **The Giving Circle of Heritage Hunt**. This organization helps charities in Prince William County with their efforts to give assistance to those in need. Through the granting of money to charities that work toward providing **food, clothing, shelter, literacy, and health** (both mental and physical), the members of **The Giving Circle** make a difference for many by pooling their donations of "a dollar a day" or more to be a voting member. (\$35 - \$364 to be a non-voting member)

*You might ask, "How does this happen?"*

There are many steps taken to assure members that all their donation dollars are going to charities who provide relief or support directly to those in need. Charities must submit a grant application for

funds for a specific goal. Then the grants committee, consisting of **Giving Circle full-voting** members, will review and vet each application, before recommending them for approval to the Board of Directors. Ultimately, all voting members will be asked to approve the selected grants. This process goes on for many months, culminating in October, at a meeting where recipient charities are presented with grant checks that support the cause stated in their application. In October 2023, 17 grants checks were awarded totaling \$91,700, donated by members.

Throughout the year, members also have opportunities to observe firsthand previous years' recipients and see how they are providing help to those in need. On-site visits will be scheduled by Barbara Kenefake and her Programs & Activities Committee members, and all **Giving Circle** members are welcome to attend. Previous visits have included Boxes of Basics, House of Mercy, Haymarket Regional Food Pantry, and Rainbow Therapeutic Riding Center.

*Members on-site at the Haymarket Regional Food Pantry*

*You might now be asking "How can I be a part of this worthwhile group of men and women within the Heritage Hunt community?"*

The answer is simple - contact Joanne Forrester at [jmbforrester@comcast.net](mailto:jmbforrester@comcast.net) or 703-743 2579, for more information today. Once you join, your donation will be combined with those of almost 200 other members to make grants possible in October 2024.

Donations are not collected daily or monthly, but only once a year in August. **ALL donations, yes, all donations** are tax deductible, as **The Giving Circle of Heritage Hunt, Inc.** is a 501(c)3 local charity. Join today and be about "making a difference!"

## 2024 GOLF TOURNAMENT SCHEDULE

This year, the Tournament Subcommittee was faced with developing a comprehensive, well-spaced schedule while working around the turf project. The schedule includes some traditional events and some former favorites that provide individual and team challenges.

The tournaments, except the Member-Guest, give you opportunities to earn prize money and points toward qualifying for the Top Gun Shoot-Out.

Here is a brief overview of what you can look forward to. The specific details of each tournament may be found on the tournament grid, which appears in this issue, on the adjacent page.

As always, the season starts out with the Icebreaker, an A-B-C-D team Florida scramble. We are hoping that by scheduling it on March 16, we won't have any ice to break. The rain date is March 23.

The Spring Mixer follows on April 13 (rain date of April 20). For the past several years, this has been the most popular tournament. The two-person, best ball team event gives you and your partner the opportunity to play against teams of a similar skill level.

Next, on May 11 (rain date of May 18), we are bringing back a favorite, the Crazy 6s. Two-person teams play six (6) holes in each of these formats: scramble; shamble; and alternate shot.

Our endurance test, the Member-Member tournament, is being held on June 1 and 2. Once again, we will be holding the traditional dinner as a "kickoff" banquet on Friday evening May 31, making this the "Member-Member Weekend." Hopefully, we will not need the June 3 rain date.

It wouldn't be July without the traditional Red, White and Blue Open, being held on July 6. Here is an opportunity to test your individual golf skills against players with similar handicaps. Men will play 6 tee shots each from the red, white and blue tees. Women will play 6 tee shots each from the red, white and green tees. Due to the start of the turf project, the rain date is Sunday, July 7.

There will be no tournaments in August due to the turf projects.

On September 21, the Rivah is back by popular demand. This 2-person team event has different scoring requirements depending on whether you're on a par 3, par 4, or par 5 hole. You really have to keep your eye on the ball.

In order to hold the Member-Guest tournament, it had to be moved from July to October 5. Members may bring up to three (3) guests.

The 36-hole HH Club Championship will be held on Friday and Saturday, October 18 and 19. This individual-play event affords you the last opportunity to earn points to qualify for the Top Gun Shoot-Out. We are looking at a one-day, 18-hole fun tournament for those who do not feel they want to play the full 36 holes. Watch for details.

On October 25 (rain date November 1), the season culminates with the Top Gun Shoot-Out. The top 10 men and top 10 women point earners start separately on Hole #1 and one player is eliminated on each hole through Hole #9.

We look forward to seeing you having fun at these events. Check the Golf Shop for tournament signup sheets.

## LADIES 9 HOLE LEAGUE

The 2023 9-Holer's golf league season was successful and fun; with many ladies posting low scores, birdies and chip-ins! To recognize that, we have a "Nine-Hole Birdie and Chip-in tree" on one of the bulletin boards just outside the golf pro shop on the lower level of the clubhouse. The tree is now empty,

awaiting our spring season! We have decorated our golf bulletin board in that same area according to the season, to keep it attractive as well as informative. Please take a moment to look at the boards when you are near the pro-shop.

I am sure many nine-hole ladies will continue to play non-league golf throughout the colder off-season, toughening it out even though there will be minor obstacles like construction work on the 14th hole, cold weather, and wind! Bravo ladies!

We would like to invite any ladies new to our community that have an interest in playing golf to attend our first meeting which is tentatively set for 27 March, 2024. Check the Horn magazine for March to confirm that date. There will be a small yearly fee to join the league. We play nine holes every Wednesday starting at 8:30am from the first week of April through the end of October.

The newly elected 9-Hole League officers are gearing up to take on their new roles in April of 2024!

*Vicki Wafle, Secretary*

## GROUNDS COMMITTEE

### MANAGING SNOW

Some suggestions on managing your snow removal obligations after a snow storm:

Firstly, if it is a fairly minor snowfall which is predicted by the weather service, you can put down a pre-treatment on your sidewalk and driveway. These products are enormously helpful to stop ice forming, which is difficult to remove and which is far more dangerous than the

original snowfall. You can then just let the warmer temperatures or sunshine that we often get after a snowfall do the job for you. Shop for your pre-treatment product before a snow fall is predicted as the stores tend to run out quickly!

If it is a substantial snowfall we almost always get a number of enterprising young men who come into the community and knock on doors offering to clear the driveway and sidewalk for you. They are very aware that we are an older community and many of our residents are not physically able to do that job. They usually charge between \$25 and \$100, depending on the size of the driveway and the amount of sidewalk that needs to be cleared.

If you do not want to take the chance that a young person will show up at your house, then you can shop around the landscaping companies to find one who still offers a snow clearing option.

My final suggestion is that you check with your neighbors to see if one of them owns a snow-blowing machine, and who would be willing to bring it to your house and clear the snow for you. Many of our residents are very kind and are perfectly willing to do that for older residents who are their neighbors.

*Sally Peterson, Grounds Committee*

## HH LITTLE THEATER

February is usually a dark month when the groundhog emerges from his burrow to look for his shadow. How much longer will winter last, we wonder? But for

Little Theater it is a month full of interesting and enjoyable activities, including preparations for our Spring Production dates are April 9, 10, and 11.

Auditions were held in early January, the cast has been selected, and rehearsals have begun. Our play is a wonderful comedy entitled *Hogwash* by Barbara Pease Weber. The play relates the story of an incorrigible woman and her daughter-in-law who is attempting to find a solution to her mother's frequent behavioral malfunctions. After her mom is expelled from her senior center, the daughter-in-law has no choice but to take her to work with her. It's a funny play with a surprising conclusion.

We are initiating a new program to include all Heritage Hunt residents in our organization. You can be a patron of HHLT. Contact Billy Clay at [bclay1976@gmail.com](mailto:bclay1976@gmail.com) if interested.

February's General Meeting will be held on Friday, February 16 at 7 pm at Marsh Mansion. The meeting will be a joint celebration of Little Theater's 21st anniversary and Valentine's Day! Birthday cake and fun activities are on the agenda. All are welcome.

# LSTV

## RALPH PUGH HIGHLIGHT

Ralph is a new member of the LSTV committee. He tells the story of how from an early age he was interested in figuring out how things worked.

When he was ten or so, he pulled his father's wall clock to bits out of curiosity and could not put it back together again! He received a big smack from his father. The LSTV members have been more lenient with him as he learns the LSTV equipment.

Ralph grew up in a small village in northern England and studied Electrical Engineering at Manchester University.

He retired in 2016 after working for GE for 36 years as a Systems Engineer, in that job he worked in Roanoke, Virginia, on the design of the electrical control and automation systems for steel mills located around the world.

He enjoyed travelling to many different countries commissioning those steel mills. He was living and working in South Africa for 4 years at the time when Nelson Mandela left Robin Island. Commissioning steel mills in Taiwan at the time when China was shooting rockets over the island. He met his wife while working on projects in Korea.

Ralph moved to HH in 2016; his house in Heritage Hunt has a woodshop in the basement. Began learning woodturning through classes at Woodcraft, the Leesburg Woodturning group, practicing in his basement and at the Heritage Hunt Woodshop. After the exactitudes of engineering, it gave him the opportunity to explore his creative side.

His wife is happy that he can make a mess downstairs, and in theory, not carry it upstairs! Two of his projects were chosen as "Turnings of the Week" by the American Association of Woodturners.

He and his wife have always enjoyed the serenity and peacefulness of hiking, initially joining a hiking group called "Boots and Beer" in Warrenton, to discover many fantastic countryside hikes and restful rehydration places in the area.

In retirement Ralph tried his hand at volunteer teaching. He taught STEM classes at a community workshop in Leesburg called Makersmith, teaching simple machine and micro-controller programming concepts to middle school students through hands-on projects.

As an electronics and programming tutor in the annual "KidWind Competition" sponsored through Makersmiths. The middle school students in the program went on to win the regional and state championships.

Ralph taught GED Math evening classes to recent immigrants through the Catholic Charities group in Manassas to help the students in their quest for a high school diploma.

He can be found on the Heritage Hunt pickleball courts 3 or 4 times a week, always reaching for that elusive shot! Recently, he combined his passion for pickleball and the challenge of LSTV video editing, in helping to make a video and storyline about the Pickleball group at Heritage Hunt as well as the Grandkids Pickleball day.

Ralph mentioned "the LSTV committee is composed of an amazing multitalented set of volunteer residents. They are dedicated lighthearted perfectionists in their pursuit of evermore exciting ways to make community events more memorable!"

Through his involvement with LSTV support of HH events, he has had the opportunity to learn about Wine, Photography and Current Affairs.

We need more volunteers in the group, Please stop by one of our events, Let us show you how LSTV could be your next enjoyable pastime to keep your mind and body active. "Just give LSTV a try!"

## PHOTOGRAPHY CLUB

The Heritage Hunt Photography Club has had a busy and exciting holiday season, including our annual Holiday Gala held in the Clubhouse Ballroom and one of our famous photo safaris to the National Harbor.

The Gala had a rousing turnout where the HH Food Service team blessed us with a wonderful meal and service, while one of our members, Pat Wilder, provided very special background entertainment throughout in which she put our whole year's photowork to Christmas music. Our Hospitality Team of nine, led Susan Myers has evolved over the years to be the key that makes a lot of fun out of everything we do as a club—thank you to everyone involved!

The National Harbor was a special trip led by our past president Al Ruhl who is a master at organizing the details of these trips so that the photographers have every opportunity of seasonal subjects, lighting and location to produce spectacular photos, and the folks who could go did not disappoint. If you have never seen this National Harbor during the holiday season, it is worth your time. The harbor and hotels decorate to the maximum and are lit up beautifully.

If you are interested in joining the Heritage Hunt Photography Club, we normally meet in the Clubhouse Ballroom on the fourth Tuesday of every month (except June, July and December) from 7-9pm. Please send me an email at [racoulter@gmail.com](mailto:racoulter@gmail.com) if you are interested, and I will ensure our Hospitality Team knows you are coming and is waiting at the door to welcome you! ## PICKLEBALL CLUB

### WENDY RICKETTS

Meet Wendy Ricketts. Wendy and her husband, Eric, moved to Heritage Hunt in 2018 to assist Eric's mother with his father's declining health.

After graduating from UNC School of Law in 1987, Wendy accepted a position with the National Legal Research Group in Charlottesville where she specialized in Property and Family Law. She continued to work for NLRG following her marriage to Eric and their relocation to Cary, North Carolina,

when Eric took a job with IBM. After the birth of their first child in 1998, Wendy quit working and eventually homeschooled both their son and daughter. Following the children's graduation from high school, she returned to the workforce, doing legal publication work, which she continues to do on a part-time basis.

Travel has taken Wendy to France, Canada, the Bahamas and Mexico. However, her favorite place to visit is Ocracoke Island, on the Outer Banks of North Carolina. She is a boogie board enthusiast!

Wendy and Eric were first introduced to pickleball in HH in 2018. Both Wendy and Eric enjoy bragging rights for medaling at the Northern Virginia Senior Olympic Pickleball Championships. Along with bronze and silver medal achievements, Wendy has taken home gold medals in Singles and Mixed Doubles. On average, you will find Wendy on the courts twice a week. She also enjoys swimming, working out in the gym and participating in Bible studies at her church.

See you on the courts!

## HH CHAPTER OF THE AMERICAN WINE SOCIETY

Welcome February! When days get noticeably longer and when we have a number of celebrated wine days, perhaps most welcomed by those who participated in Dry January! For those of us who lean towards thinking every day should be a celebrated wine day, there are actually (somewhat) official wine days.

On February 1 we have the fairly obscure celebration of the Furmint grape (best known as the Hungarian grape used to make the sweet white wines of Tokaj,) February 2nd when we say Happy Birthday to South African wines (their 365th birthday this year,) International Syrah day on February 16th, Global Drink Wine Day on February 18th and my favorite, Open that Bottle Night on February 24th, an excuse to open that special bottle you've been holding on to and finally drink it!

This February, wine club members will also celebrate the return of Tenuta Torciano on Tuesday, February 20. Torciano is a direct-to-consumer winery in Tuscany. They send their sommelier-instructors, usually family members of the owners Pierluigi Giachi and his wife Luciana, to present their wines. The family has been making wines in San Gimignano Italy for 15 generations. Our group always enjoys the presentation, the wines, olive oils and balsamic vinegars and the Italian themed cheese and charcuterie plate we serve. Unfortunately, by the time the Horn arrives in your mailbox registration for this member only event has likely closed, as Torciano requires we provide the number of attendees several weeks in advance.

Mark your calendars now for March event which will be a "Sip and Mingle" style evening where, in lieu of a seated and formal wine presentation, each person receives tickets they trade for a tasting of the wines of their choice. Try all the wines offered, usually a mix of white and reds, or use all your tickets on your favorite wine style. The March event will take place on Tuesday, March 19th and will be open to AWS members and guests.

Don was in famous classic Hollywood movies working alongside such stars as Hollywood Legends Charlie Ruggles, Alan Hale Jr., Gale Storm, Betty Hutton, and Lizabeth Scott. His greatest claim to fame was his starring roles in the TV shows Ozzie and Harriet and Hazel. As a member of a celebrity family, Ron had many careers during his life that provided him with ample opportunities to meet various famous people, especially in one of his roles as the Associate Director of the Steve Allen Show.

Our lovely Lunch Ladies are also providing a delicious lunch starting with a cheese platter with assorted crisps. The buffet will include a Greek Salad, Fresh Pita, Grilled Marinated Chicken with Basil Orzo, and Spanakopita. Dessert is a delicious piece of Red Velvet Cake topped with delectable Whipped Cream. Yummy!!

### FUND RAISING AND SPECIAL PROJECTS

HHWO's Italian Dinner was a truly delicious success generating \$936.00. And the Winner is Sue Hamilton who must now select 7 guests to join her for this delicious homemade Italian Dinner in her home.

In February, HHWO will be collecting new shoes for the Boxes of Basics Organization to give to school children in desperate need of footwear so they may attend school. We hope to collect many shoes this month.

I am looking forward to seeing how many ladies wear the color red at our February meeting. And how many will be ready for Cupid's arrow??

## Program Featuring: **Ron DeFore**

Don:

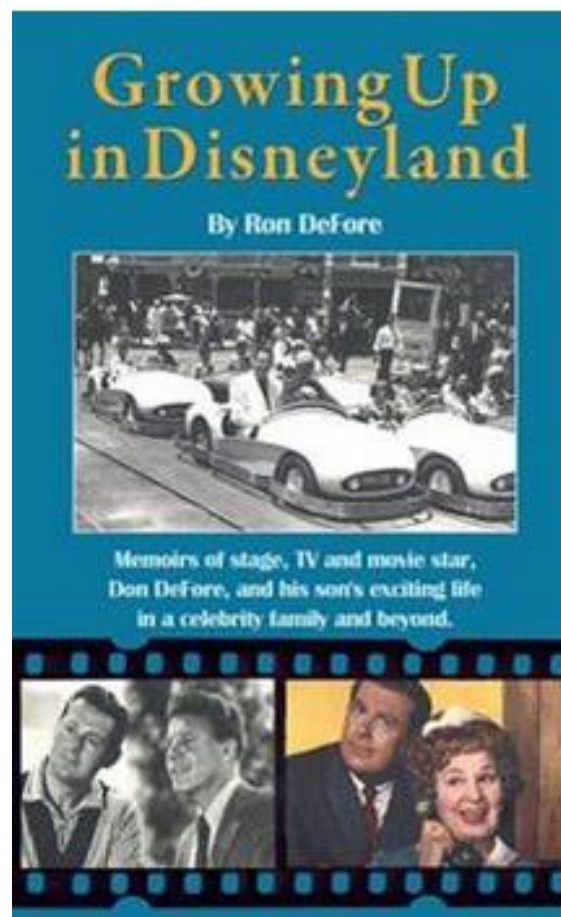

**Ron**, author of *Growing Up in Disneyland* and son of actor **Don** DeFore, will share both his life story as well as his father's. Ron's father **Don** was a household name in the 1950s and 1960s as a co-star in such TV shows as *The Adventures of Ozzie and Harriet* and *Hazel*. Before coming to TV, **Don** starred in live theater and feature films with many Hollywood legends.

Ron:

As part of a celebrity family, **Ron** has his own interesting story to tell. Ron spent much of his youth in Disneyland where his father owned "Don DeFore's Silver Banjo Barbecue" restaurant. As he says in his bio, he has had nearly 20 careers that have provided him the opportunity of meeting the likes of the Beatles, Beach Boys, and Led Zeppelin in his role as Associate Director of the Steve Allen Show, working as a DJ, holding political positions within the Reagan Administration, and establishing his own company.

Lunch begins at noon. Reservations are online only. Contact Jane Alger [jalger12@comcast.net](mailto:jalger12@comcast.net) or Rosemary Wright [rjvbrown1@comcast.net](mailto:rjvbrown1@comcast.net). Program only seating is available for HHWO Members not staying for lunch.

## JUDY SLOAN

Judy Contini Sloan was born on October 31, 1944 to Italian immigrant parents Leonard and Helen Contini of Dover, Delaware. After battling health issues, she passed away on November 29, 2023.

A graduate of Dover High School in 1962, Judy was a member of the Marching Tornado Band. She was a trained beautician but, shortly after receiving her diploma, decided family was the most important thing to her, so she married William J. Sloan of Xenia, Ohio. They were parents to their two beautiful daughters, both of whom live in Northern Virginia. William and Judy were among the new homeowners in Heritage Hunt and lived on Box Elder Drive. William passed away in 2004.

Judy worked for a government contractor in Centreville, Va for more than 25 years. After she retired, she worked as a volunteer hospital aide for more than 12 years, leaving that position at the onset of Covid. While in HH, she enjoyed her position on the Mamma Mia bocce team. She also loved other HH activities such as Mah Jongg, Rummy Cube, dining with her neighbors in their homes, at block parties and exploring local restaurants as well as the ROBG for buffets or to celebrate birthdays. She loved spending summer days at the pool, attending HH movies, HHWO, Little Theater shows and HH concerts.

Judy is survived by her two daughters and two grandchildren. She was laid to rest along with her husband at Quantico National Cemetery.

# FINANCE Q&A:

Sponsored by: Godsey & Gibb Wealth Management

## Q: HOW ARE MY CAPITAL GAINS TAXED?

**A:** Tax returns are complicated. Adding to their complexity is investment income generated by stocks, bonds, and other investment assets, and that income may be taxed differently than your other sources of income. Investment income includes capital gains and losses.

## WHAT ARE CAPITAL GAINS & LOSSES?

If you sold an investment this year, a capital gain or loss is likely involved. Your investments that have increased or decreased in value contain “unrealized” capital gains or losses; once you sell the investments, those capital gains or losses are now “realized.” Those realized capital gains may be taxed.

## CAN CAPITAL LOSSES REDUCE YOUR TAX LIABILITY?

Capital losses can be used to offset capital gains. If your capital losses exceed your capital gains, you can use your net capital loss to offset up to \$3,000 of other ordinary income per year (\$1,500 for those who are married, filing separately) on your income tax return. If your net capital losses exceed this \$3,000 limit, they are carried forward indefinitely and can be used to offset future capital gains.

The tax impact and reporting of realized capital gains and losses are complex. We recommend consulting with your tax advisor for guidance related to your situation.

To read the full article, including information on how to calculate capital gains and losses and the 2023 tax bracket for long-term capital gains and qualified dividends, visit our website at:

## FEELING DIZZY? YOU'RE NOT ALONE!

Do you ever feel like the room is spinning even when it's not? Well, you might be experiencing something called benign paroxysmal positional vertigo, or BPPV for short. It's actually the most common cause of vertigo.

And here's a surprising fact: In people over 65 years of age, BPPV is responsible for an estimated 30% of cases of dizziness.

But, there's good news! Our physical therapists are experts in BPPV, resolving 90% of cases in 1-3 treatments.

If you've been experiencing brief episodes of vertigo associated with change of head or body position, there's a good chance you have BPPV. And, there's a good chance we can help!

### **Client Review**

“Dianne put me at ease the moment I met her, and I knew then she was the person I wanted to sell my condo/townhouse. She keeps in touch from putting it on the market until settlement. I highly recommend her to anyone who is thinking of buying or selling their home.”
