GENERAL MANAGER'S MESSAGE

MAINTAINING THE COMMUNITY IN 2025

Although the majority of the day-to-day operations are delegated to, and performed by, the management teams, the responsibility of oversight of all aspects of the operations of the community ultimately falls on the Board of Directors. This of course includes:

- Maintenance of the facilities
- Fiscal Management (including budget planning, collections, and investment planning)
- Risk Management and coverage
- Covenants and Rules Enforcement
- Reserve Planning
- Architectural Review and Compliance
- Resident Services

One of the most important responsibilities the Board has, in addition to providing services for the Residents, is ensuring the community is well maintained, which in turn can have a significant impact on property values. Deferring necessary maintenance and repairs will have an aesthetic effect on the beauty and curb appeal that attracts potential Buyers. In that effort, the Board of Directors has engaged the assistance of a professional engineer to recommend when major components should be addressed. Some of the projects on the approved schedule for 2025 include:

- Continued Clubhouse Interior Renovations (phased)
- Continued replacement of walking trails (phased over 3 years)
- Golf Course turf renovations
- Dining Room renovations
- Asphalt road maintenance (phased)
- Indoor pool maintenance
- Fitness Center exterior maintenance
- and much more!

Working together with Management, the club services vendors and the volunteer committees, the Board will be making every effort to ensure the community is receiving the best value in services and goods, through close monitoring as well as careful spending, to ensure the money decisions

being made will benefit the community in terms of property values and overall lifestyle, and that Heritage Hunt will continue to be a community that is in high demand so that everyone can continue to enjoy the prosperous success that the community has achieved through the years.

FEBRUARY BOARD BRIEFS

WELCOME TO FEBRUARY!

Here's the good news! Heritage Hunt was nominated again by Virginia Living Magazine's Best of Virginia. Our community was nominated in the categories: Best Golf Course; Best Retirement Community; Best Charity Event: Heritage Charity Classic, and a couple of other categories. Voting ended January 31. Keep your fingers crossed for more "Best of" awards for Heritage Hunt Golf and Country Club.

Prince William Water (PWW) continues its work on the force main and pumphouse project. The frigid temperatures and snow in January slowed progress on completing the project. Demolition of the old pumphouse is scheduled to begin this month. The Board will get an update from PWW the first week in February.

There is no new news to report on the Civil Investigative Demand by the Department of Justice related to Paycheck Protection Program loan.

Landscapes Golf Management (LGM) hit the ground running in January. Joe Goellner was on site several times during the month to orient golf operations and golf course maintenance staff to LGM. He also set up an open meeting to introduce Bryce Juedes, Chief Financial Officer Landscapes Unlimited. In addition to seeing the facility and meeting the team, Bryce sat with Board and Committee members to talk about Equipment Fleet Management for golf course operations, and more specifically about potential leasing of some of our golf equipment that meet our financial and operational needs.

Be sure to sign up for two special events in February brought to us by CulinArt. A romantic evening with candlelight and flowers is in the offing for Valentine's Day on Friday, February 14 in the Red Oak Bar and Grill. Curbside Valentine's menu will also be available. A rockin' 1950's Sock Hop is scheduled on February 22 in the Great Oak Ballroom. Watch for the return of Sunday Brunch in the ROBG this month. The official announcement will be made in What's Cookin' soon.

In the next few weeks, the Board plans to convene informational town halls that will be open

to all residents on 2 major projects: repair and replacement of HH roads and repair of the indoor pool ceiling. The roads project is a complicated one and will affect the entire community over the course of 2-3 years. The Board, together with CAMP and the Grounds Committee, will organize the town hall so residents can learn about details of the project and ask questions. The repair of the indoor pool ceiling is another major project with many moving parts. Residents are encouraged to attend this town hall to understand the details of this project and ask questions. The town halls will probably be held in the Great Oak Ballroom to accommodate the number of residents who wish to attend. Stay tuned for details to be announced in the e-Communicator.

You may have noticed that a major (25%) portion of your monthly assessment funds the Reserves. Last fall, the Board commissioned a Reserve Study by Building Reserves Inc (BRI). In the next couple of weeks, the Board, Committees, CAMP, CulinArt, and LGM will review the study and request updates, as needed.

Don't forget, Groundhog Day is February 2nd. Let's hope Punxsutawney Phil doesn't see his shadow for the sake of our snow removal budget.

Happy 88th, Mary Gorodnick!

Thank you Mary for your continued service, love and dedication, we love you!

HAPPY BIRTHDAY, MARY!

On Sunday, January 5th, nearly 200 residents came together in the Clubhouse Ballroom, to honor and celebrate the 88th birthday of one of Heritage Hunt's most respected persons, Mary Gorodnick. Mary has touched the hearts of so many of us here in this community. Her kindness radiates and she is loved by so many because she gives unselfishly to others without pretention. She donates countless hours each week to help the many organizations, clubs, groups, and individuals here at Heritage Hunt. If you go to *any* event, she will be there, usually working to sell tickets, and count votes or money. Her face is an *icon* in our community, but the most important thing about her is that she gives unconditionally, graciously, without a concern or a complaint. Her cheery and humorous nature makes everyone she meets so very happy. Her positive and loving nature is her strength and gift to all of us, and we thank her so much for those priceless gifts she has given on a daily basis. There are many of us who jokingly say we want to be just like Mary Gorodnick when we grow up!

Her special day consisted of a slideshow showcasing Mary's life and two fun videos created by LSTV member Robert Pourciau. Her son Paul, offered up a toast in Mary's honor. A scrumptious buffet consisting of charcuterie bites, and some of Mary's favorites from the Red Oak Bar & Grill, were enjoyed by all. At the end of the evening, Joy Procopio read a poem written by Jeanne Coco and presented Mary with a Key to the Hearts of Heritage Hunt and a photo was taken of the entire group of party goers!

A dedication poem to Mary, written by Jeannie Coco, presented by Joy Procopio.

Mary, Mary quite contrary, how does your social life grow?
You're here, you're there, you're everywhere, you're someone everyone knows!
We may say that we don't know you all that well,
But all we hear and what they say is you're really quite a gal!

Your home sits on Calumet Court, where you daily go in and out,
Your neighbors, having no clue, never know your whereabouts!

We see you as a greeter, always somewhere with a smile,
We see you as a ticket taker, watching every isle.

We see you as a dancer, never sitting down,
We see you as a singer, always ready to kid around.

We see you at the meetings, intently giving ear,
We see you at the seminars whispering softly, "Can you hear?"

Because you set examples and have that bar so high,
You're a pillar in our community and let me tell you why.

"Newbies" always hear of you, they see you passing by,
Many have your dinner napkins when you stopped, joked, and said, "Hi!"
"Newbies" notice the camaraderie you set at each and every table,
They thank you for your thoughtfulness, walk away inspired and able.
"Newbies" copy what they learn from you and pass it on to others,
They quickly learn at Heritage Hunt we're like family, sisters and brothers.

We all bring our history, our ways, aspirations, and woes,
But, Mary, you're the one who daily lives what you quietly reap and sow.

We thank you for all the offerings, the many times you volunteer,
We thank you for always being there, for the "newbies" every year.

We thank you for never failing or letting anyone down,
We thank you for your honesty, sharing and everything around.

We've also come to volunteer, to replicate all that you have started,
We may not sing, or dance, but hope someday to be half as hearted.

So here it is, your birthday party, and you're turning 88!
Oh my, how marvelous, such a celebration on this very special date.

Enjoy it all, keep on smiling, you truly have been blessed.
God sent us an angel, you're one of a kind, and you've been our greatest guest!
Now you leave us with no choice, but to help keep that bar so high,
In Heritage Hunt, you'll always be the resident who showed us all how to fly!

Happy Birthday Mary!

COMMUNITY RELATIONS

The Community Relations Committee (CRC) focuses on building and maintaining positive relationships within Heritage Hunt by facilitating communication and offering opportunities for the new and “seasoned” residents to engage in activities and events. We sponsor Resident Forums, a Health Series, the Welcome Neighbors Program, the Red Cross Blood Drive, free movies, a medical supplies loaner program, in addition to the yearly yard sale, the annual holiday show, and many other various community activities for HH residents.

Sylvie Bartholomew, Secretary: Relocating to Heritage Hunt in 2022 was a fortuitous move for me. I appreciate the wonderful amenities, enjoy meeting new people and giving my time participating in a variety of committees such as treasurer of HH Concerts where my financial background is an asset. In the past, I have contributed to CRC as the Greeter coordinator, Welcome New Neighbors sub-committee and recently co-chaired the HH Yard Sale. Currently I serve as secretary of CRC and assist in providing information regarding programs which benefit members of our lovely community.

Ligia Glass: I am a 4-year resident in HH. I have been the coordinator for the Resident Forum Program (RFP) for two years. This program under the CRC umbrella, brings to the community speakers that present lectures on a variety of topics. These past two years we have had lectures on NASA, Civil War, Spy Museum, Writers, and many more that you, our audience, has enjoyed. I hope to see you all at our RFP programs for 2025.

D’Anna Hohe: D’Anna is a new member of CRC, having moved from their home in Kingstowne two years ago. She and her husband spent over 35 years before his retirement serving overseas with the Department of State and returned to this area to be near their daughter and her family. She enjoys crafts, photography, pinochle, travel and practicing her new “Grandma” skills.

Pam Moser, Chair: After I retired from the Fairfax County School System in 2020, my husband and I moved to Heritage Hunt. We have enjoyed this community so much, and I feel like I’ve gotten to know so many people. This will be my 3rd year with CRC, and I have enjoyed participating in, and strengthening, the Welcome Neighbors program, including the Greeters

Orientation and set-up, and, of course my favorite, Mix and Mingle. I have also served as Vice Chair of CRC, and as the Food and Beverage Liaison.

Victoria Rexius: My husband and I moved to Heritage Hunt in November 2022. Although I miss my beloved home state of Michigan, I have grown to love Virginia and particularly the HH community. I am looking forward to serving on CRC and contributing to the ongoing work the committee does to benefit our wonderful community.

Daniele Robbins: Daniele is in her 2nd year with CRC, and worked on the Health Series last year. She brought many interesting and informative speakers to Heritage Hunt, including a presentation on Strokes and Intensive Adult Mental Health.

Angela Ward, Vice Chair: I have been blessed to live in Heritage Hunt for 3 years. I will continue to serve on CRC and work with the Mix and Mingle Committee. I thrive on planning exciting events and introducing new residents to all that Heritage Hunt has to offer.

CRC also has a great support group of volunteers that contribute a great deal to our Community.

Pat Phillips, Red Cross Blood Drive: I moved to Heritage Hunt in 2006 from the Reston area. I worked as a government contractor doing Software Engineering for 30 years. I retired in 2012 and immediately joined Community Relations working with Bill Pierce, Willard Scott, and others. I became the Chair in 2014 and served as CRC’s Chair for 8 years. I continue with CRC as Coordinator of the Red Cross Blood Drives.

Darlene Leffler and Dianne McAndrews, Heritage Hunt Free Movies: The Cinema Sisters have been presenting monthly Free Movies for the Heritage Hunt Community for over 18 years. The Community Relations Committee wanted to provide a free amenity that could appeal to everyone. Dianne McAndrews, a self-professed movie buff, was a member of the committee, and drafted her sister, Darlene Leffler, to help organize this activity and they were dubbed The Cinema Sisters by one of our former residents, and we still enjoy doing this for our friends and neighbors.

Mary Kay Dunn, Medical Supplies: I am a retired nurse of which my specialties were spinal cord injuries for 20 years, orthopedics for 8 years and a STROKE nurse until I retired at 75 years old. I loved my profession so after retiring I tried to think how I could put my nursing experience to help Heritage Hunt and that is how I got involved in handing out medical supplies and helping people decide what equipment they might need.

ART APPRECIATION GROUP

Join us to learn, share and be inspired!

ART APPRECIATION has been established as a new GROUP in 2025. In our next monthly session on February 18th, we are planning two talks: Former National Portrait Gallery docent, Heidi Whitesel, will present

“Portraiture: What Does a Portrait reveal?” A second talk will focus on American artist, Andy Warhol, and the museum dedicated to his work in Pittsburgh, PA.

Art Appreciation sessions are free and inclusive, open to all levels of art lovers and artists, including those with no experience. Monthly meetings focused on Art Appreciation were first initiated as an activity under the Fine Arts Group last May. Sessions have been lively, inspiring and thought provoking. Our vibrant talks are very

informative, on interesting topics and full of variety.

Besides being fun and interesting, research has shown that having personal art experiences, whether as a maker or beholder, can improve both physical and mental health in effective and measurable ways. (<https://www.cnn.com/2024/05/31/health/art-live-longer-wellness/index.html>)

Several of Heritage Hunt’s accomplished artists have given talks, in which they generously shared beautiful images of their art works and interesting insights about their journeys as artists. Topics included abstract painting (Mary Kane), travel sketchbooking (Kathy Webber), creativity and contemporary wood sculpture and furniture (Rick Sherman), enhanced realism using various media (Melinda Harleman), atmospheric landscapes in watercolor (Ned Preston), the art of landscape design (Linda Bresler) and art experiments combining printing, pastels and acrylics (Diana Perfect).

Kathy Webber also gave a very enjoyable, informative talk about American artist, James McNeill Whistler and his iconic works of art. Dulce Isalguez Parker gave a delightful presentation about Caribbean art and jewelry design using semi-precious stones found only in the Caribbean. A presentation on Australian Aboriginal Art provided cultural background and covered several exhibitions in Charlottesville, VA, Washington DC and Sydney, Australia and another talk covered the history of Female Imagery in Art through the Ages.

The Art Appreciation Group meets every third Tuesday of the month, 10:30AM-Noon in the Clubhouse Mountain View Room, when it is available. PLEASE NOTE that the next meeting on February 18th will be held in the Clubhouse Craft Room.

Samples of past presentations may be viewed on the Human Heritage Art Appreciation YouTube channel:
<https://www.youtube.com/@dianaperfect1570>

To receive monthly email announcements or for more information, please contact Diana Perfect at d.perfect@att.net or 703-743-9644 or Kathy Webber at kathywebber3@gmail.com or 703-901-6882.

COMMUNITY ADVOCACY GROUP

The Community Advocacy Group (CAG) will meet on Thursday, February 27th at 4 PM in the Clubhouse Craft Room (lower level).

Our December meeting saw several CAG members volunteer for Committee positions left vacant after the election. CAG has been the source of numerous volunteers for elected and unelected positions.

Our principal order of business in February will be to refine plans for constructive suggestions to address community aspirations, opportunities and challenges that face us in the coming year. CAG members will engage with cognizant Committees and obtain their input when formulating such plans. CAG can then solicit community support, as needed, to move constructive initiatives forward.

CAG will sponsor another Bingo fundraiser (to support the legal defense fund to fight the Prince William Digital Gateway) on February 25th at 1 PM in the Clubhouse Ballroom. Show your support, have some fun, and win cash prizes. See Page 13 of this Horn for full details.

If you'd like to suggest a neighborhood improvement, join us to leverage the voices of sympathetic residents and take positive action. Choose to make a difference!

EMERGENCY PREPAREDNESS COMMITTEE

PEDESTRIAN SAFETY: USE SITUATIONAL AWARENESS; BE CAREFUL OUT THERE

The Emergency Preparedness Committee (EPC) has resident safety as our number one goal, but we need your help. Situational Awareness, always expect the unexpected especially when walking near or across the streets of Heritage Hunt. Although Prince William Water's work on Heritage Hunt Drive has been completed, painting the lines and crosswalks remains a challenge until Heritage Hunt Drive is refinished in the future and permanent lines and crosswalk marking have been applied. So, in the interim use your situational awareness. Remember, even though once a pedestrian steps onto the crosswalk, Virginia traffic laws require the driver to stop until the pedestrian has exited the crosswalk (not until the pedestrian is halfway across), you still need to use your awareness to ensure the driver has seen you before you leave the curb.

For your safety, there is only one crosswalk at Ryton Ridge as well as Walnut Hill crossing Heritage Hunt Drive. Therefore, at Ryton Ridge, use the north side of Ryton

Ridge since it connects directly to the sidewalk that leads to the tennis courts and the fitness center. As shown in the photo, this increases your safety by not crossing on the south side of Ryton Ridge that has no crosswalk and requires crossing the fitness center entry driveway and/or the parking area to get to either the tennis courts or the fitness center. Use your situational awareness to realize this Ryton Ridge/Heritage Hunt Drive intersection confuses drivers with the traffic configuration going between single to divided lanes. So, for your safety use the north side crosswalk, since this crosswalk being downhill and therefore farthest from the divided lanes increases your visibility to drivers.

Although we are months away from Summer, even in the cold of Winter, residents still park along the East Side of Heritage Hunt Drive when using the Club House and fitness center. Winter darkness also impacts your visibility to drivers, so always

wear light color clothing. When going to the Clubhouse, the crosswalk at Arthur Hills Drive, being a four-way stop, provides an extra level of safety. When going to the fitness center, and in Summer the outdoor pool, the north side crosswalk at Ryton Ridge provides a far safer means of crossing than darting out from the trees along the Heritage Hunt Drive center island. Also, by using the crosswalks, you have an excellent way to demonstrate pedestrian safety to your young family members as you head to the pool.

So be safe when walking about Heritage Hunt, and please consider helping us in making resident safety our number one goal by joining us. Contact the Emergency Preparedness Committee for details on the safety and health programs we provide at emergencypreparedness@heritagehunt.net. As always, we need volunteers so we can be ready when an emergency occurs in order to protect the health and safety of our residents.

So, until next month: Be Safe – Be Prepared – Be Vigilant.

Emergency Preparedness Committee*

GARDEN CLUB

With the cold temperatures outside, the Garden Club of HH extends warm wishes to all!

We can now focus on our indoor plants plus those we have brought in from our decks and patios for the season. Here are some tips for the winter.

1. Cut back on watering. Less sunlight means less water needed. It's a sleepy time for plants. Water thoroughly, but less often.
2. Don't worry if a few leaves drop. This is normal as they adjust to less light.
3. Since most houseplants rest in winter, they don't require fertilizer. Resume in early spring.
4. Resist the urge to repot. Save that for the growth time of spring.
5. Ramp up the humidity, since heated homes dry the indoor air. Use a humidifier or place your plants on trays filled with pebbles and water. Don't overwater the plant itself.

We hope you fill your home with the natural beauty of plants and enjoy them throughout the winter months.

Our next meeting is February 27th at 10am in Marsh Mansion. All are welcome.

Jacque Vincent - Member

GENEALOGY CLUB

The Genealogy Club will meet on Monday, Feb. 24, at 2 PM in the Mountain View Room of our Clubhouse. Our speaker will be Kevin Garcia, who will talk about the Jacobites who were sent to the colonies as punishment from the King of England, how they got here, and where they settled. This topic will help shed light on ancestors who were affected by the Jacobite rebellions of 1715 and 1745.

Kevin is a 20-year Navy veteran who owns "Diversity in Me," a genealogy company, and is the founder of the Western Prince William Genealogy Club. In addition, he is a member of the National Genealogical Society, the Virginia Genealogical

Society, the Virginia Genealogical Society, and the Association of Professional Genealogists.

Have you ever wondered how your ancestors were educated and what kind of textbooks they used in school? A collection of old “McGuffey Readers” and other “ancient” textbooks which family members had used during their long, long ago school days came into my possession when I discovered a large box of old textbooks in my grandparents’ attic. One in particular caught my attention because of the disparity between books from the late 19th century and the era during which we, here in Heritage Hunt, were in school. Titled Historical Atlas, it was packed with countless very intricate maps (including the Roman Forum and other ancient sites worldwide throughout the centuries), followed by an incredibly long index.

Leafing through the pages, I paused to reflect on how important education is to human development, but no high school today would dare offer students that “atlas” to master! However, the positive side of finding old textbooks is that they shed light on our ancestors’ school days and helped shape their way of thinking. Such books can be useful additions to our collections of ancestral artifacts as we try to bring our forebears to life and have a better understanding of their lives, attitudes, and choices they made throughout their lives.

Our club welcomes anyone who is interested in exploring their ancestral background and learning how we, in the present, have been affected by our forebears. For more information, contact club President Bob Gawreleski at bobgski@gmail.com.

THE GIVING CIRCLE

HAPPY VALENTINES DAY!

Why does it make you happy to give a Valentine to someone? A new study tells us that there's truth to the old adage – "Help others to help yourself." A recent summary in *The Wall*

Street Journal concluded, "The side effects of a charitable act may include a better mood, lower blood pressure, and a longer life, according to studies from brain science to economists."

So, it seems that there's scientific proof that people who spend money on others can buy themselves happiness! But you probably know that from your own experience of charitable giving!

This is why it feels that contributing to our Giving Circle grants is like giving valentines all year round. What a happy feeling!

Our grants team works diligently with local Prince William County charities to meet important needs and to achieve outcomes with community-wide impact.

Our Giving Circle grants have supported making a play area for kids and their moms taking refuge from a battered relationship, teen mental health wellness training, and providing food for people in need and much more.

Every year, local charities come to us to share their experiences and next-year goals. You've read about some in our monthly *Horn* articles, listened to them at our meetings, and you might have visited some charities with us. According to psychologist Lara Aknin, who studies well-being and social relationships, "The more obvious it is that your gift has directly helped, the better you'll feel."

The Giving Circle could use your volunteer help, so let me know if you want to join us. We'll find a committee assignment that you'd enjoy. A Georgia State University study found that just two hours of weekly volunteering provides people with a greater sense of purpose and lowers their stress. So, saying "yes" to helping us can definitely increase your circle of friends, happiness, and health!

Giving valentines is part of a long tradition of reaching out to people around us. Our Giving Circle members know what happiness their participation brings. So, I hope that you will consider joining our ranks either to "give valentines" all year round to needy causes in Prince William County by adding the Giving Circle to your list of charitable contributions, or to join us on one of our committees. (Of course, we'd love it if you did both!)

Have a sweet Valentines Day!! I hope to hear from you soon!

LSTV CORNER

It is with much sadness that I am reporting that our leader, our friend, Mary Collins, has resigned her position as Chairperson for LSTV. She did so much for the community as well as essentially taking care of the people and personalities of LSTV, we are only now beginning to understand the depths of what she did.

Now that we are unraveling this onion and beginning to understand how much she offloaded from us, a new appreciation for her professionalism and the joy that she brought to each meeting is dawning on us. All of us wish her well and hope she gets some rest after taking care of us for the past year.

Now the task of putting together a management team, i.e., Chair, Co-Chair and Secretary for LSTV is on us. We are now only starting to understand all that Mary did for us and the community. Quite frankly, no one was willing to take on that much responsibility. Larry Alger, who was Chairman prior to Mary, has stepped in temporarily until someone volunteers to accept this massive job.

Until that person is selected, there is the real possibility of new events falling through the cracks. Most of us have our assigned groups that we support. Roughly 80% of the group and committee meetings and events are already assigned. The other 20% is why it is essential that we get our chairperson chosen.

We had a meeting this morning and took some big steps in the right direction. When we learned all the things Mary did for us, no one stepped up to replace her. This morning, we discussed how we might divide up the responsibilities into manageable tasks. In the past because of Mary's excellence, we could react to people needing something "next week". The community is going to have to bear with us and fill out the "documentation" for a while.

By the time this article comes out in next month's Horn, all of this will be behind us and LSTV will be whole and in full support of Heritage Hunt. But for a short while, all that this community expects to happen without having to think about it, almost stopped for at least a while.

That last sentence is a testament to Mary Collins. She took exceptional care of LSTV but more importantly, she took care of this community.

PHOTOGRAPHY CLUB

HH Photo Club is a forum where members of all experience levels are inspired to enhance their photographic skills. We meet the 4th Tuesday of the month at 7PM in the HH Ballroom. Join us.

Our theme for the 2024-25 club year is New Ideas, and we've gotten off to a great start. The first half of our club year included outstanding presentations including Architectural Photography, Abstract Photography, Keeping Viewers' Attention, and Artificial Intelligence. In November we held a workshop on Photographing Architecture Exteriors followed by a trip to Rosslyn. To wrap up 2024 we enjoyed a grand Holiday Party with club members and guests.

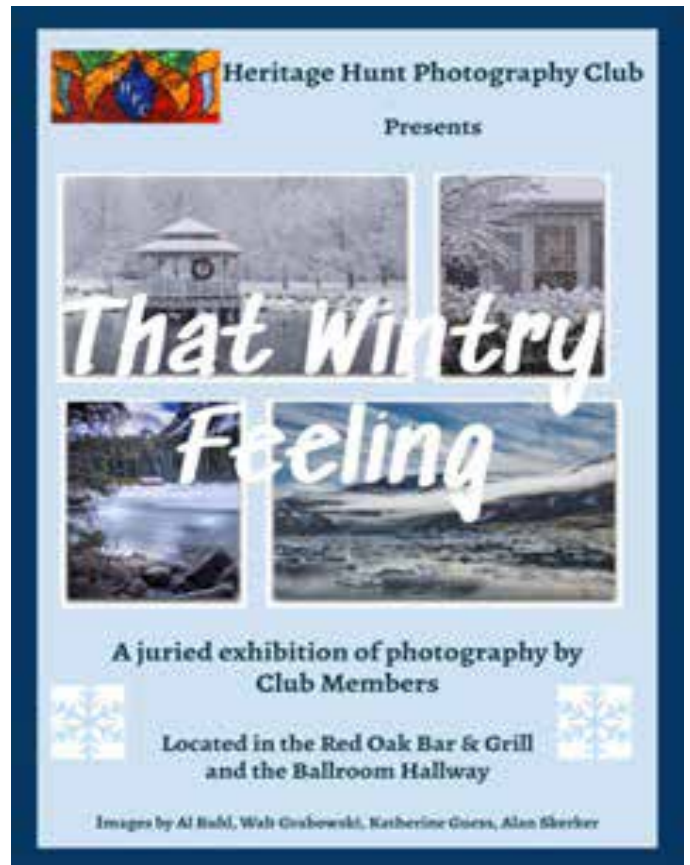

To start 2025, we hung our twice annual exhibition in the Red Oak Bar & Grill and the Ballroom hallway. Our exhibition theme: That Wintry Feeling. Take a look – you'll enjoy excellent work by HH photographers.

And in January we continued our great presentations with Brian Zwit and a fascinating talk on using video with photography to enhance photographic story telling.

Continuing our theme, our presenter at our 2/25/25 General Meeting will be Charles Needle, renowned for creative macro, impressionistic, and nature photography. He'll present impressionism: How to use your camera (or smartphone) as a paintbrush. You'll enjoy his unique perspective.

Whether an experienced photographer or new to the craft there is a place for you in our club. Join us at our monthly meeting. If you are not a member, we will delightedly welcome you as our guest and give you the opportunity to see that HH Photo Club is a great fit for you.

PICKLEBALL CLUB

MEET CASANDRA BOSCO

A year-long search for the perfect home came to an end in March, 2023, when Casandra and her husband, Rod, relocated from Vienna, VA to Heritage Hunt. Similar to so many other HH resident transplants, the beautiful grounds and numerous available activities were

attractors to our community, but for Casandra, the awesome pickleball courts and covered pavilion, clinched the deal. Casandra and Rod are parents to their son, Matt, twins, Christina and Alexander and "dog parents" to Sophie and Sammy.

Casandra has spent her career in communications, education and workforce development in the aviation and aerospace industry. A career highlight was contributing to the creation of an exhibit for the National Air and Space Museum.

Several years ago, not only was Casandra invited to the dedication of the most recent Goodyear Blimp in Akron, Ohio but was also offered the unique opportunity to actually fly the Blimp as a co-pilot on the craft. She found this both an exciting and simultaneously anxiety-provoking adventure!

In her relatively short time in HH, Casandra has joined a book club, a Bunco group, as well as become a member of the HHWO. She spends time at our indoor and outdoor pools and any time good weather permits, she enjoys casual walks around the Tallyrand pond.

An avid tennis player, Casandra started playing tennis in her early 30's. During the pandemic and after a knee replacement, friends approached Casandra and encouraged her to try pickleball. She and 20 of her Vienna-based new-found fellow pickleball friends had discovered a wonderful social outlet playing during the pandemic. Casandra was hooked.

When Casandra isn't working, she tries to get to the courts 4 times a week. Like so many others have, she took advantage of Patty's clinics and participated in an Engage Pickleball camp.

Casandra's closing comments, "I really enjoy the HH players. They are kind to those of us less strong players and I have learned so much from them. I really appreciate folks such as Mags who take the time to coach me on the court.

Constructive tips are always welcome as I try to strengthen my game. After you've learned the fundamentals, don't be shy about coming out to play as often as you can."

See you on the courts!

Kathy Riley and Sue Ann Hilten

HERITAGE HUNT WOMEN'S ORGANIZATION (HHWO)

February is a fantastic month as Valentine's Day is just around the corner. It is the month of love, romance, and gorgeous bouquets of red roses wrapped in beautiful red bows – possibly those wonderful “Holiday” bows?

Our February program promises to be an inspiration with Peggy Kelly, who was a “Donut Dolly” in Vietnam when she was only 22 years old. As you may know, the American Red Cross was chartered by Congress in the late 1800's with two obligations – Service to Military and Disaster Relief. The Red Cross sponsored about 600 women who committed one year of service to visit our troops and bring them a little taste of home. Peggy will entertain us with her incredible life experiences in Vietnam, Europe, and her life back in the “States!”

Our adorable Lunch Ladies, (Lynn Dosey and Harolyn Small) have worked magic with our mouth-watering menu for our February meeting. The appetizer is tomato and mozzarella bruschetta. The buffet includes a Caesar salad, chicken parmesan, penne noodles, balsamic roasted vegetables, and Italian bread sticks. Dessert is delicious tiramisu.

The Fundraising and Special Projects Committee of HHWO will be accepting monetary donations for the Haymarket Regional Food Pantry at our February 14th meeting of HHWO. These donations will provide necessary assistance to many disadvantaged families in our area during lean months of donations. Checks should be written to HRFP and cash will also be accepted.

The Holiday Home Tour was a complete success! The weather was perfect and the homes were magnificent. Through this program, HHWO received \$9,300.00. The Sweets and Treat Shoppe sold out completely, with not a crumb in sight. Local charities will be the winners in 2025 because of HHWO's complete dedication and hard work.

I am honored to be a member of HHWO, which is such a wonderful organization and provides so much philanthropy to local charities in our Gainesville area. Hats off to the great women of HHWO!

Peggy also works with the Women's Viet Nam Memorial in Washington, DC. This memorial recognizes the many women (long overlooked and unacknowledged) who served and sacrificed in Viet Nam.

WOODWORKING CLUB

WEDNESDAYS AT THE WOODSHOP

It has been noted that some HH residents who took the Basic Woodworking class have never returned to work on projects. When asked why, they said they had trouble understanding the steps necessary to complete a project and remembering how to set up and operate the machines. Others came to the woodshop, but they demonstrated that they needed assistance. So, six members of the WWG have volunteered to have one of the six at the woodshop each Wednesday afternoon beginning at 1:00 PM to assist residents who have completed machine orientation or Basic Woodworking and currently have key card access to the woodshop but feel they need assistance.

HH residents who wish to be oriented so they can use various woodshop machines may contact one of the following HH residents (shown below). These same residents can also provide a tour of the woodshop. Additional information can be obtained by attending a Woodworking Group (WWG) meeting held at 2:30 PM on the second Thursday of the month in the Clubhouse Mt. View Room.

As stated in HH Administrative Resolution #35; to be authorized to be present alone and without supervision or assistance in the Heritage Hunt Woodworking Shop, you must be a resident of Heritage Hunt who is at least 18 years of age, and you must complete the following actions.

- Obtain an orientation package from the Clubhouse Front Desk.
- Read the Heritage Hunt Administrative Policy Resolution #35 (AR #35).
- Read, complete, and sign a Disclaimer, Waiver, Release, and Indemnification Agreement (Appendix 1 of AR #35) which limits Heritage Hunt HOA liability and outlines the specific machines that may be used after you have been oriented.
- Read and sign a copy of the Heritage Hunt Woodworking Shop Safety Rules (Appendix 2 of AR #35).

- Read and sign a copy of the Heritage Hunt Woodworking Shop Responsibilities of Users (Appendix 3 of AR #35).
- Read and sign a copy of the Shop Operation / Safety Check Sheet for each machine you have initialed on the Disclaimer, Waiver, Release, and Indemnification Agreement.
- Demonstrate to one of the orienters listed that you are competent to set up and safely use the machines you initialed on the Disclaimer, Waiver, Release, and Indemnification Agreement.
- Turn in at the Clubhouse Front Desk a signed copy of Appendices 1, 2, and 3 of AR #35 and a signed copy of the Shop Operation/Safety Check Sheets for all machines you have initialed on the Disclaimer, Waiver, Release, and Indemnification Agreement and maintain a copy for your personal records.
- Update your Heritage Hunt ID card at the Clubhouse Front Desk to operate the woodshop entry lock.

Proudly Serving the Heritage Hunt Community

RESIDENT ARTICLE

THE SERENDIPITOUS ORIGIN OF 55+ COMMUNITIES

Heritage Hunt residents enjoy a nicely unique lifestyle. It may surprise residents to learn 55+ communities were created in 1988 by Congress in an effort to expand housing opportunities for families with children. Huh? Families with children?

In the 1970's, apartment developers and property managers figured out children and adolescents often created a multitude of property management problems. Toys left in the common areas, vandalism and inadequate after school supervision, just to mention a few. Many apartment complexes began adopting "adults only" restrictions. The lowest allowable age limits would range from 35-50 with specific "no children allowed" rules.

The growth of "adult only" apartment complexes, especially in California, produced a serious shortage of housing available for families with children. As a result, family advocate groups began efforts to expand federal fair housing discrimination laws to include "families with children". A term called familial discrimination.

The original 1968 federal fair housing law outlawed housing discrimination based on race, religion, national origin and sex. In the mid-1980's, advocacy groups supported new legislations to expand the law to protect families with children. The legislation received multiple hearings but was vigorously opposed by realtors, apartment owners and the Reagan Administration. Many U.S. Representatives and Senators did not want to use political energy to pass a bill doomed to be vetoed by President Reagan. Additionally, "adult only" housing complexes were hugely popular and some politicians worried about being criticized for outlawing them. Things changed overnight in August 1988 when President Reagan dropped his opposition to the legislation.

Why would Reagan change positions? He did so at the request of some real estate companies who were worried Massachusetts Governor Michael Dukakis would be the next President. Vice

President Bush was badly behind in the polls. Some lobbying groups knew if Dukakis won, the legislation would pass in 1989 with very little negotiation. The strategy was to cut a deal while Reagan was still President.

The popularity of "adult only" housing communities was especially true of Mobile Home Communities in Florida. Today they prefer to be called "Manufactured Housing Communities". The homes are only "mobile" when moved from the factory to the community. Once sited, they are rarely moved again. These communities were intentionally dense with small homes and were never designed for families with children. No playgrounds and no school bus services. The thought of opening these communities to families with children sent shock waves through Florida community owners. Almost overnight phone calls skyrocketed to every Florida Senator and Representative pleading for help.

No one had anticipated the grassroots opposition to the legislation. Senior citizens in Florida were very opposed to having their lifestyle upended. Several Florida Members of Congress began searching for a potential compromise and the concept of allowing "regulated senior communities" emerged. The goal was to allow "senior" communities to exist but they had to be truly "senior" and not just "adult only" communities.

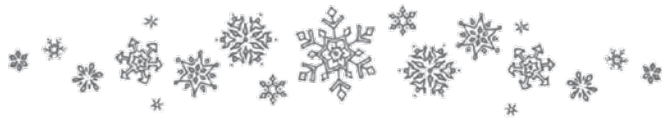

The first task was to define "senior". How old does someone have to be considered "senior"? The family advocates wanted to make the exemption narrow and suggested "60 and older". The landlords wanted 50 and older. Voila, the compromise was 55. Nothing magical about "55". It was just a split the difference compromise. President Reagan signed the bill into law on September 13, 1988.

An important element of the 1988 law is "proactive" enforcement. Communities like Heritage Hunt must make sure every residence is owned (or occupied) by a person 55 or older. Many communities do annual "age" audits to verify compliance. There is some very limited "wiggle room" but it must be used judiciously. For example, what if a spouse (age 53) loses a spouse over 55? Does the 53 year old have to sell and move out? Maybe. It is a gray area requiring Heritage

Hunt management to make the decision based on how many other age exemptions have been granted. Allowing too many age exemptions is risky and could result in fair housing compliance litigation, a costly peril. Age exemptions should never be granted just because a resident wants to sell to a person under 55.

Hopefully you have found this story interesting. I have several reasons for writing this article. First and foremost I want to keep my aging brain active and writing helps. Secondly, I was only 38 years old in 1988 working as a lobbyist on the 55+ legislation. Most of the other lobbyists were easily 10 years older than me. Not many of us left to tell the story and I thought it would be of interest to Heritage Hunt residents who enjoy our unique "senior community" lifestyle.
