## JANUARY BOARD BRIEFS

First, thank you to Kathy Vergano and Jerry Fisher for their service to the community over many, many years.

Second, welcome to the Board's new members, Sandra Tomlinson and Jacki Tessmer! At the December 5 meeting, I was honored to be elected Board President. My Board colleagues include Vice President Sandra Tomlinson; Secretary Sandy Painter; Treasurer Rex Giekes; Directors Michelle Clor, Robert Ruffolo, and Jacki Tessmer.

In case you missed the December 5 Board meeting, the Board Liaisons to the committees include Sandra Tomlinson (Golf); Rex Giekes (Budget and Finance, Community Relations, and Investing and Cash Management); Sandy Painter (Emergency Preparedness and Grounds); Michelle Clor (Architectural Review and Facilities); and Jacki Tessmer (Food & Beverage and LSTV).

Last fall, the Board approved the 2025-2029 Strategic Plan and presented it to the community in a town hall held on September 13. The Strategic Plan is posted on the website under the Board of Directors/BOD Files/2025-2029 Strategic Plan.

### **The 2025 Board goals are:**

1. Develop a new community improvement plan to align with current and future needs of HH residents;
2. Finalize and distribute the annual audit;
3. Evaluate and develop an implementation plan for a new governance structure;
4. Evaluate monthly specific measurable KPIs (key performance indicators) for Managing Agent and our two club service partners – CulinArt and Landscapes Golf Management;
5. Upgrade 1/3 of HH roads;
6. Approve re-design(s) of the Red Oak Bar and Grill and Marsh Mansion Tavern and begin upgrades;
7. Develop a plan and diversify communications tools and outlets;
8. Monitor state and local government strategies and actions that could affect Heritage Hunt.

Prince William Water (PWW, formerly Prince William County Service Authority [PWCSA]) notified the Board that various tests will be conducted in the next few weeks to assure there are no issues or leaks in the new force main system. Following these tests, demolition of the old pump station will begin.

We know there are challenges ahead of us. The civil investigation by the Department of Justice relative to the PPP (Paycheck Protection Program) loan is

ongoing with nothing new to report. Together with CAMP [Community Association Management Professionals] – our Managing Agent – and our Legal Counsel at Chadwick Washington Moriarty Elmore & Bunn, this new Board will work to address and resolve any issues and move forward to keep Heritage Hunt the premier active living community in Northern Virginia.

Exciting transitions are ahead this year, particularly in Club Services that include our food and beverage and golf operations. Landscapes Golf Management (LGM) starts January 1st as Heritage Hunt's new Golf Operations and Golf Course Maintenance partner. Further, in its first few months, CulinArt – our new F&B partner - continues to learn about the community, adjusting along the way to delight residents with new seasonal menus, pop-up specials, and other surprises.

CulinArt and the Food & Beverage Committee worked together to create an exciting 2025 social calendar of community-wide Resident Events. For example, this month, CulinArt and the committee will host the Murder Mystery titled Shiver Me Timbers: Blackbeard's Revenge on January 26th. These murder mystery dinners sell out quickly, so be sure to sign up soon. More fun is coming in February with Valentine's Day on February 14 in the Red Oak Bar and Grill and a 50's Sock Hop dinner and dancing on February 22 in the Great Oak Ballroom.

On the road(s) again! Just can't wait to get on the road(s) again! Thank you, Willy Nelson! CAMP, the Grounds Committee, and the Board will work to begin a major project to upgrade our roads. This major community-wide project is funded through the Roads Infrastructure Reserves. Watch for announcements throughout the year that could affect your neighborhood streets so you can plan accordingly.

Facilities...there's always something that needs a nip and tuck, such as keeping our pools in tiptop condition so our water-loving residents can stay in shape through water aerobics, swimming laps, or just relaxing by the outdoor pool in the summertime. With that, work on the ceiling of the indoor pool continues. Concrete walkways with railings now help assure residents can circumnavigate the bocce courts. One of the many projects for this year will be to upgrade the lower-level restrooms in the Clubhouse.

There is so much more, but I've run out of my allocated space for this month. Happy New Year again and wishing safe travels to our snowbirds and sun-seeking travelers.

*Maureen Storey - President, Board of Directors*

## KEY NOTES

### WHEN TWO PATHS CROSS AGAIN.....

After moving to Heritage Hunt, how many of you have met someone else here that you knew in the past? Here's a story about two people who met here and realized they shared a past many years ago.

Nancy Ward, who has lived in Heritage Hunt since 2019, started playing the violin in 7th grade. After a few months, her teacher told her that she just was not particularly good with the violin, so she suggested she switch to a viola. In a brief time, Nancy became exceptionally good at playing the viola and ended up in several adult orchestras. In fact, as a senior in HS, she was offered a scholarship at the prestigious Curtis Institute of Music in Philadelphia, to finish her senior year and begin majoring in music. Like most high school seniors, she was not about to uproot and leave her friends and family during her senior year and move to a city far away. She went into panic mode, declined the scholarship, and stopped playing the viola altogether! Nancy attended Florida State University and majored in Elementary Education and her life took off with careers and kids, and all the events that life offers young people.

When Nancy was about thirty-five, she began to think back to her music days. Something in her missed playing music, so she decided to again start playing viola. After practicing intentionally again, she auditioned for an orchestra, and since they needed viola players, she was asked to join. But after a short time, Nancy's life with children and career took most of her time, and the viola took a back seat.

Moving on to 2009 when Nancy retired, she had two grandchildren and wanted to get them interested in music. She figured if she started the guitar, they might be more interested in guitar

than viola, so Nancy learned to play the guitar, and recently one grandson finally took up the guitar.

After moving to Heritage Hunt, Nancy joined the Architectural Review Committee. One day she was tasked to go and approve a remodeling project. When she arrived and met the owner, the woman kept saying, "You look familiar", but could not place her. Neither woman thought more about it, but Chelle Fulk never stopped wondering where she had met Nancy.

A small group of Heritage Hunt amateur musicians decided to have a meeting and see what interest there was in forming music groups who would like to play together. There, Nancy met Joe Logatto, Paul Procopio, and Eve Brandon. Nancy decided to practice her guitar with Paul's piano, and Joe Logatto electric guitar hoping to perform for the music group in the future. The music group kept meeting with Eve Brandon taking the lead, and more people began to join. At one meeting, Chelle Fulk, a professional violin and viola player here in Heritage Hunt, joined the group. She began playing with Nancy and Paul, adding a violin to their instruments. One day, Nancy mentioned that she used to play the viola, and that she played in the McClean Orchestra about 30 years ago. Chelle was surprised and said she had also played in that orchestra around then as well. Chelle went home and browsed through old programs she had saved, and sure enough, there were both of their names in the program! They had crossed paths together in that same orchestra!

Chelle then encouraged Nancy to take up the viola again and loaned her one to practice with. Nancy began, and like learning to ride a bicycle, the viola came back to her after much practice. Chelle kept encouraging Nancy to practice and then loaned her a viola as well. Today, Nancy owns two 5-string violins, 1 viola and 4 guitars. Nancy is part of the "In Betweens," a trio with Joe Logatto and Dave Anderson, and performs frequently with many other amateur musicians in the community. You have probably seen her more than once at various performances. Nancy credits Chelle with encouraging her, coaching her, and providing opportunities for her to excel in her music. We at Heritage Hunt are incredibly grateful that this duo met up again, later in life and began another musical career. Thank you both Chelle and Nancy for gracing our lives with the pleasure of music!

# GET TO KNOW YOUR 2025 COMMITTEES ...

## ARCHITECTURAL REVIEW

The Architectural Review Committee (ARC) processes Design Review Applications (DRAs) submitted by homeowners wishing to make changes to the exterior of their homes and yards. When a homeowner submits a DRA to make a change such as planting a tree or adding a screened-in porch, an ARC member will review it to ensure that it complies with the Design Guidelines (DGs).

It is important to note that ARC members are not involved in the annual inspection process and do not cite homeowners for DG violations—that responsibility falls on the Covenants Administrator.

The Architectural Review Committee meets twice a month at 9:00 a.m. on the 2nd and 4th Wednesday of every month except November and December when only one meeting is held. ARC members are assigned DRAs (usually 1-3) and are responsible for reviewing the information submitted, contacting the homeowner, and visiting the home to see firsthand what is proposed. The results are then presented to the rest of the committee for discussion and disposition (usually approval). New members are provided with training and typically shadow other members until they are ready to fly solo.

Pictured Left to Right:

Paul Buzby, Fiona Colrue, Joe Logatto  
Nancy Ward and Laura Brannigan

There are 7 members of the ARC but unfortunately only 5 homeowners have stepped up to help with this important and rewarding work. ARC members not only help their neighbors get their projects approved, but they also are critical in ensuring that our neighborhood retains its unique and well-kept appearance. Another bonus is meeting new people and making new friends. So, if you are interested in making a difference in our community, please consider serving a one-year term. Who knows? You might love it!

Please contact Nancy Ward at [new1954@gmail.com](mailto:new1954@gmail.com) or 703-424-3376 if you are interested in serving.

Here is some info about our current members:

**Laura Brannigan** is a newly elected member of the ARC. She moved to Heritage Hunt from Long Island in September 2023. Laura enjoys MahJongg, Bocce, and various club activities.

**Paul Buzby** is a retired cabinetmaker from Southern New Jersey. He and his wife moved to Heritage Hunt to be closer to their two children and grandson. In his spare time Paul works on woodworking projects, visits wineries and breweries, and travels. His favorite hobby is model railroading. Paul has been on the ARC for five years.

**Fiona Colrue** moved here three years ago from Colorado and has been on the ARC for two years. She enjoys helping residents get their projects approved and meeting neighbors. A fun fact: Fiona once rode in an elevator with Queen Elizabeth II.

**Joe Logatto** moved to Heritage Hunt three and a half years ago to be closer to his daughter and grandson. This is his third year on the ARC and he is ready to continue helping residents get their projects approved. In his non-ARC time Joe is a member of the HH Music Club and you may have seen him perform as part of InBetween, a trio of Heritage Hunt musicians.

**Nancy Ward** moved to Heritage Hunt in 2019 from Reston. She has been on the committee for the last five years. Nancy is also a member of the HH Music Club and, along with Joe, performs with InBetween. Nancy loves to spend time with her two grandsons, enjoys quilting, and plays pickleball.

## EMERGENCY PREPAREDNESS

Due to their unfailing commitment to keeping Heritage Hunt Residents Safe, our Emergency Preparedness Committee Members, Zone Directors, and Training Coordinator will be continuing into 2025.

As a 55+ Community, known as Frequent Fliers by our First Responders, this photo shows our Committee Members

posing with our Responders during one of our annual Brunches to recognize their service to Heritage Hunt.

**Bob Stepien**, in the red shirt, is a retired Federal Government Systems Engineer which during his career included serving as a safety officer; Bob as a Committee Member now tracks and coordinates our budget.

**Rich Tricarico**, in the maroon hat, is a retired Fire Chief, which makes him an excellent South Zone Director.

**Vic Crawford**, the returning Committee Chair, in the green shirt, was a Federal Environmental Engineer operating drinking water systems, supporting oil spill, and chemical response and clean-up programs for the Navy and Department of Energy.

**Al Grimmig**, third from the right, served in the Navy (SeaBees) working on many Emergency Preparedness teams. Al is also the acting North-East Zone Director.

**Bill Kreykenbohm**, shown in the black coat, is our North-West Zone Director, shown here discussing deploying red painted stakes for

visibility when snow buries the hydrant. Bill, an eagle scout had first aid training sixty years ago and still continues to ensure Heritage Hunt can weather snowstorms.

As the Committee prepares for the worst and hopes for the best, we conduct Exercises to ensure readiness.

Shown left to right are Committee Members Sam Bresler, Chris Johnson, and John Busavage.

**Sam Bresler**, the Committee's Secretary, brings a nearly 50-year background in Academics Administration, serving as the Academic representative to his University's Emergency Response Committee and working closely with the District of Columbia's Police Chief, Fire Chief and Director, Department of Corrections.

**Chris Johnson**, handles the Committee's Database/Computer Support needs using her senior management and information sharing experience across multiple federal and defense agencies and 24/7 operation centers in support of national policy and defense strategies and engagements,

**John Busavage**, the Committee's Vice Chair, manages our preparedness and coordination with other Committees, CAMP, and Prince William County to ensure an integrated and coordinated response to keep us all healthy and safe. He does this drawing upon his 30-year career in US Coast Guard (CG) specializing in oil/hazardous substance spill response, port readiness and security for all US ports, running the CG Crisis Action Center for significant emergencies and operations such as hurricanes, and during Desert Storm (first Gulf War). He also draws from his second career supporting the Federal Government Continuity of Operations for major emergencies and other secure systems.

**Neil Kelley**, in maroon shirt, our leader for safety and health training. As shown, Neil uses his experience and training from being a First Responder as he conducts our quarterly CPR and AED training sessions.

## FACILITIES COMMITTEE

HAPPY 2025 FROM THE MEMBERS OF YOUR FACILITIES COMMITTEE

**Chair Nancy Langley**, who comes to us with a decade of experience working closely with the Board of Directors, management and various committees.

**Vice Chair Ira Arbus** is relatively new to Heritage Hunt but his extensive knowledge in management and his dedication to our community will provide the expertise we are looking forward to as we forge ahead.

We also welcome back two members, Secretary Laurie Bright and Jane Kaufman. We do have three spots to fill in order to complete the committee but we have candidates in the process of approval.

We met on Thursday, December 5th, at which time we reviewed projects that were already started by the previous members and began laying our plan the future with improvements to and maintenance of the areas to which we are assigned. We promise to do our best to see these through to fruition in a speedy and responsible manner as we always welcome comments from HH residents. As we move forward, we will continue to work with those goals in mind to ensure that we keep Heritage Hunt a great place to call home.

## FOOD & BEVERAGE COMMITTEE

Heritage Hunt has many wonderful amenities for our residents to enjoy. One of the most important amenities in Heritage Hunt is food and beverage, which falls under the purview of the Food & Beverage Committee.

The Food & Beverage Committee oversees the operation, maintenance, improvements, and enhancements for many HOA-owned facilities including the Red Oak Bar & Grill, Clubhouse Ballroom, and the kitchens in the Clubhouse and Marsh Mansion. The committee's responsibilities include collaborating with CulinArt, Heritage Hunt's club services contractor, and advising the Board of Directors on any issues related to the food and beverage amenities, as we ensure that they take place in a welcoming environment and consistently provide a variety of offerings at competitive prices with superior service.

The Food & Beverage Committee is a dynamic group of hard-working volunteers and includes the following committee members:

**Judy Baird:** We moved to Heritage Hunt in 2005. When I retired from Fairfax County Schools, I became involved with numerous committees, focus groups, and work groups. I have served several years as secretary of the F&B committee. I enjoy bridge and Mahjongg. My love of the beach comes from growing up in New Jersey.

**Cynthia Buzby:** I am a retired teacher and educational administrator. In May 2019, my husband Paul and I moved to Heritage Hunt, from southern New Jersey, to be closer to our two children and grandson. In my spare time, I enjoy reading, traveling, and spending time with my grandson. I have served on the F&BC for five years and enjoy my involvement with the food and beverage amenities.

**Beth Gilligan:** We have lived in HH for almost 8 years and have really enjoyed the community and all the activities available. Soon after moving I became involved with Heritage Hunt Women's Organization and served as second vice president for 3 years after being involved in a number of different committees. I became interested in the Food and Beverage committee shortly after we moved here and after going to the monthly meetings for a couple of years, I have decided to offer my time and insights to this committee and the community.

**John Johnson:** As a member of the Food and Beverage Committee, it has been my pleasure to produce and host the monthly "What's Cookin' in Heritage Hunt" video program, and to serve as the Food and Beverage liaison to the Golf Committee. I look forward to our continued activities with all parties as we strive to provide residents with quality food and beverage services at fair prices. Hope to see you in the Red Oak Bar & Grill.

**Nancy Thomas:** I have lived in Heritage Hunt for 7 years. I ran for the Food and Beverage Committee last year and have enjoyed being a part of it. We still have so much to accomplish, and I am looking forward to contributing all I can to improving the future of our wonderful community dining room and all the functions involving Food and Beverage service.

The Food & Beverage Committee also includes Bob Coco, and one open seat. We invite you to attend one of our meetings on the third Wednesday of each month, 10 am in the Mountain View Room.

## GOLF COMMITTEE

### HAPPY NEW YEAR TO ALL FROM THE 2025 GOLF COMMITTEE

Last month, three members were elected to serve 3-year GC terms: John; Ranny; and Avis.

**John Denning** and his wife Carole are 22-year Heritage Hunt (HH) residents, and for nine years of those years, they chaired Sunday Couples Golf (SCG). Currently, John plays regularly in the Tuesday Men's League. As a GC member, John wants to ensure that the HH course is well-managed to meet the needs of current member and attract future customers.

**Ranny Reynolds** is the most golf enthusiastic GC member who plays 2-3 times weekly. Additionally, as the self-described official GC "Range Rat" he is on the driving range and/or chipping greens 4-5 times per week. Ranny finds that playing in the Retired Men's Golf League (RMGL) is a great way to see other area courses and appreciate HH facilities. Ranny is the creative mind behind the highly successful Cart Day event.

**Avis Scherer** brings tremendous historical perspective and invaluable 27-year experience as a former member of a member-owned and managed golf course. Avis and her husband, Larry, are 15-year residents who play in the SCG, but Avis goes solo on Wednesday playing with the 9-hole Women's League. Avis hopes more residents become involved in the golf at HH.

**Goody Bellamy**, an 18-year golfer, appreciates the distinct playing experience and beautiful appearance of the HH course. Goody enjoys GC work as it provides an opportunity to help improve the course and its programs. Goody's goal is to incorporate more best-practices and strategic changes in future golf operations.

**Dick Faulkner** joined the (RMGL) as soon as he and his wife moved to HH 8 years ago. Dick relishes the opportunity to play at other top notch private courses in Northern Virginia as part of league play. He also enjoys the HH Tournament Committee sponsored weekend tournaments with its variety of competition formats. For Dick, service on the GC provides great opportunity to build on the many HH golf activities.

**Maureen Gilmore** is a 10-year resident and a member of the Women's 18-hole League. Her favorite summer golf activity is volunteering at the Junior Golf Clinic. Maureen writes frequently about GC news such as drafting narratives for Tahoma 31 project videos or penning articles, like this one, for the Horn.

**Don McMillan**, a 6-year resident, lives on the fairway of Hole #1 and enjoys the outstanding aesthetic views of the golf course greenspace. Don became a GC member in 2020 and its Chair in 2022. Don considers the course a jewel among clubs in the area and attributes its consistent course maintenance to the financial support from all HH residents. The GC benefits from Don's keen eye and analysis when monitoring the business operations of the Committee.

## COMMUNITY ADVOCACY GROUP

The Community Advocacy Group (CAG) will meet on Thursday, January 23rd at 4 PM in the Clubhouse Craft Room (lower level).

By the time you read this, our HOA election cycle will have run its course and your new Board and Committee members will have been chosen. Congratulations to those elected and best wishes for a successful tenure.

In 2024, CAG developed several ideas to improve resident and candidate engagement in our election process, some of which may be adopted and incorporated as part of the standard election cycle process going forward.

Our principal order of business in January will be developing constructive suggestions to help our newly elected representatives to fulfill their mission. Constructive is the key word! CAG's mission is to elicit and amplify resident consensus to ensure your vision for our community is realized.

As an FYI, we will not be holding the Tailgate Party previously advertised for January 5th. However, CAG will sponsor another Bingo fundraiser (to support the legal defense fund to fight the Prince William Digital Gateway) on Wednesday, January 22nd at 1 PM in the Clubhouse Ballroom. Show your support, have some fun, and win cash prizes in the bargain. See ad on page 10 for full details.

Choose to make a difference. If you'd like to suggest a neighborhood improvement, join us to leverage the voices of sympathetic residents and take positive action or please feel free to reach out to your CAG Neighborhood Liaison.

## RED CROSS BLOOD DRIVE

MONDAY, JANUARY 27 12:00PM - 5:00PM  
CLUBHOUSE BALLROOM

Greetings and Happy New Year to all our Heritage Hunt Blood Donors.

Our November drive had to be canceled because we were short a few days between the October and November drives. Donors are required to wait 57 days between donations and the Red Cross scheduling department did not pick up on that. I apologize for all the confusion this caused. Thanks again to all our wonderful donors for your patience, dedication and 1624 donations at our past 54 drives. I have already signed up all those who donated at our October drive for the upcoming January drive. Please let me know if the time assigned you is inconvenient and I'll do what I can to find a better time slot for you. We do have a fully booked drive at this time. Our goal is 39. We could easily fill more slots but the Red Cross sets the goal according to staff available.

As many of you know, the Red Cross has opened a new donation center in Manassas but this will have no impact on our HH drives. Our drives are private and the Red Cross is very supportive and appreciative of our continuing to host 4 drives each year.

I look forward to seeing all of you at our next drive on Monday, January 27 - 12:00 to 5pm. The next two will be April 7 and June 9. I urge those of you who have not donated before to join us. It is a most rewarding experience to know that you are actually saving lives. Please schedule an appointment now. Call or text: Pat Phillips at 571-236-8260, email patphillips642@comcast.net or Willard Scott at 703-483-1915, email willardscott@comcast.net.

"If it looks like a duck and smells like a duck, it's probably a duck"

What is a Scam? Follow your gut. Don't pay anyone over a wire. Never, never call anyone if you get a pop up. Don't Share. Trust but verify. Increase security settings. Be skeptical, call a loved one (or call Bob Glass).

What to do if you have or suspect you have been scammed? Today, on line security is a big issue – especially with Seniors. Seniors are scammed out of \$6 billion a year, and that is only what is being reported.

Online safety starts with education and what to look for when you are on your devices. We all face the same malware and phishing attacks, but Seniors are often more vulnerable because they have less experience and understanding about navigating our ever-changing technology.

Bob Glass is the owner of EXPERIMAX of Haymarket, a local computer sales and repair store. He has been working in technology for the past 45 years. He has a M.S. in Software Engineering from George Mason University. He will share some best practices to help prevent potential losses. Join us for a very interesting and informative afternoon.

## CROSSROADS CONNECTION

Happy New Year to all in our Heritage Hunt community!

We continue to give thanks to all of you who make our food drives a success. As we wait for grants that are in the application process, we continue to rely heavily on organizations who take on the challenge of putting a food drive into action. It is admirable to see young elementary kids learn about food donations as they actually put their own hands into the bins and bags to sort and pack!

Just a few weeks ago students at Gravelly Elementary School held a food drive to support Crossroads Connection. Each grade was challenged to collect one of six different food items for one week. The grades competed against each other with the winner receiving extra time on the playground during recess. After the food drive there was more activity: the student council and their families gathered to write notes of encouragement to those receiving the food. The kids also packed bags of food and counted the results to make sure the target numbers were met. The result was an incredible donation of 6,500 food items and over 500 bags of food packed. The Gravelly Elementary project set a record for Crossroads food drives!

In preparation for Thanksgiving, the Battlefield High School Key Club, led by Josh Brodman, held a food drive

to support Crossroads Connection. Josh, a rising senior, had also volunteered the prior year. The Club collected over 1,100 food items which were delivered during the 2024 holiday season. Key Club members also wrote notes of kindness and encouragement to the students who received the bags of food.

Food costs continue to rise and the demand by those who are less fortunate is also on the rise. Crossroads supports hundreds of school children in western Prince William County to assure that kids can learn and develop physically. Kids are the future of our country and we at Crossroads aim to give them the gift of food to allow for learning in their classrooms.

## EMERGENCY PREPAREDNESS COMMITTEE

### HOW WE CAN PREPARE TO HELP OURSELVES AND OUR NEIGHBORS IN AN EMERGENCY

The winter season is here. The enjoyment of this time for some of us is watching the first snow fall. Some of our neighbors are traveling south in search of warmer climates. For many of us we resolved to keep our new year's resolutions. My new year's resolution is the same each year, to lose some weight and eat heather. These resolutions only last until I go to a grocery store or neighborhood get together. Then I convinced myself that one piece of chocolate cake will not hurt my diet.

Two suggested New Years Resolutions for 2025. The first resolution we all can make and keep for the entire year is to prepare ourselves for a possible emergency. In this area of the country the winter weather is quite unpredictable. We can have an ice storm, snowfall, and warm Florida temperatures all in one weeks' time.

If our neighborhood loses power during an ice storm or snowstorm for a short period of time. Having lived in Heritage Hunt for many years this happens from time to time. A few years ago, we had a power outage in the evening and all the lights were off. I stub my toe on a chair while slowly walking around in the dark looking for my one flashlight. One lesson learned, and a sore toe later. I purchased a few flashlights with extra batteries. I keep one flashlight in the bedroom and one in the kitchen.

Preparations for your meals, you can purchase a winter food supply: Bottled water, canned foods, soups, frozen dinners, cereals, crackers, fruit bars.

Preparations for your health, Medications that are prescribed by doctors, you should discuss this with your doctor or pharmacist.

Second suggested New Year's Resolution for 2025, install a KnoxBox on the front of your house. The KnoxBox contains your front door house key. The KnoxBox can only be opened by the local rescue department. KnoxBox, there is a cost, and a handy person needed for installing it on your house.

As always, we need volunteers so we can be ready when an emergency occurs to protect the health and safety of our neighbors. You can contact the Emergency Preparedness Committee to become a volunteer or for details on the safety and health programs just listed at [emergencypreparedness@heritagehunt.net](mailto:emergencypreparedness@heritagehunt.net).

So, until next month: Be Safe – Be Prepared – Be Vigilant.

*Bob Stepien, Member  
Emergency Preparedness Committee*

### THE STORY

At the premier of a new blockbuster film, "Shiver Me Timbers," the cast is performing a live scene from the film when one of the actors is **accidentally killed on stage!** Was it the screenwriter, a descendant of Blackbeard, with a grudge against the producers because her "docu-film" was made into a comedy? Was it the actor's ex-fiance, a woman scorned and seeking revenge? Or was it the producer, trying to capitalize on publicity for the film because of rumored financial difficulties with the release? Join us, mates, for this **arrrrrresting pirate mystery!**

## GENEALOGY CLUB

Our first Genealogy Club meeting in 2025 will be on Monday, Jan. 27, at 2 PM in the Clubhouse Mt. View Room. This will be a social gathering, as we talk about genealogy research and interesting discoveries. Sharing of such information is a great way to begin the New Year and a new pastime, and we always welcome newcomers.

The cold days of winter are always a great time to take up a new interest or hobby...such as genealogy! Every single one of us is a product of countless generations of forebears of various ethnicities and locations. Books and magazine articles, such as Family Tree Magazine, are replete with fascinating stories of how genealogy research enabled their authors to better understand the familial backdrop against which they grew to maturity.

Thus genealogy is perhaps the one topic that invariably brings smiles and an immediate connection between strangers meeting for the first time. Nothing excites genealogy hobbyists more than exchanging how-to's and where-from's. One might say that the surest way to find a new friend beyond the traditional "Hello, my name is..." after moving to a new place is to raise the topic of genealogy.

People beginning their family history odyssey will discover a font of resources on the internet, such as how-to videos made by expert genealogists, books, magazines, newspapers, court records, Google maps – the list is endless. All this can be done in the warmth and coziness of your home. Thus the winter days are a perfect time to begin "digging up" and bringing long-deceased forebears to life, thereby enhancing your familiarity with your family background. You may even learn more about how the choices made by your forebears affected you as you grew up.

For those who are already club members: \$20 annual membership dues (per household) are payable at the January meeting. We welcome all interested persons to attend our meetings, which are described most months in this column and also in "Fill Your Calendar" in the Heritage Hunt Horn. We are able to lend a hand to those who need help in getting acquainted with their forebears but don't know how to start that trek down memory lane.

*-- Booker T. Washington*

As a glorious and generous 2024 is coming to a close. Thankfully, the 194 members of The Giving Circle of Heritage Hunt contributed and approved the donation of \$102,300 to 16 deserving charities in the Prince William County area.

The year 2024 ended with a holiday party and annual meeting on December 11<sup>th</sup> with the election of our 2025 Board of Directors and recognition of the retiring Board Members.

*Pictures of the retiring members of the 2024 Board. Georgiana Ide (center), Chair; Howard McDaniel, Vice-Chair; Vicky Yobb, Treasurer; and Directors-at-Large, Bruce Prouty, and Mike Anzilotti. (Joanne Forrester and Bernie Leech, are joining the 2025 Board.)*

Awards were presented to thank the retiring Board Members for their service throughout the year. Most especially, a hearty thank you to Georgiana for her 10 years of dedicated service that contributed greatly to The Giving Circle's growth and recognition

*Newly-elected Board of Directors: Jean Rice, Chair; Joanne Forrester, Vice-Chair, Dory Thomas, Treasurer; Judy Flynn, Secretary; and Directors-at-Large Bernie Leech, Courtney Tierney, and Don Williams.*

The Giving Circle of Heritage Hunt pools donations from its members to award larger grants to local charities in the need areas of food, clothing, shelter, literacy, and health. Since inception The Giving Circle has granted \$597,243 for programs that go directly and completely to those in need.

There is a continuing need for new Members to maintain the vitality of The Giving Circle and to grow the amount of donations for the benefit of those in need. ## LSTV CORNER

When I attend our LSTV Meetings I am struck with not only how smart this group is, but how dedicated the group is and how unique to country clubs LSTV must be. Our meetings are 99% about supporting the community, especially now that our aging equipment is making it very difficult to produce a level of quality this community has come to expect. But they/we do it week after week.

We have hearing assist aids for people who would like to get more out of the performance. At the last Little Theatre show, we handed out 15 hearing assist aids. Now more people can enjoy concerts and events.

LSTV is always looking to find new ways we can enhance the living experience at Heritage Hunt. We came up with the idea of taking short videos of all of our 60+ groups and committees and putting them somewhere our residents can easily access so that they can be watched. The goal is to get more residents out and engaged with the community.

But sometimes the groups come to us with their ideas, and we formulate the plan. For example, Woodworking came to us and asked if we would be interested in putting videos together extolling the capabilities in our woodworking shop. One of those videos would be a safety video which is paramount for working in their shop.

A little while ago Little Theater came to us to ask if we would help them create a 'behind the scenes' video of what goes into putting a performance together. For those that don't know, stage prep, costumes, and rehearsals take weeks leading up to the finished product. Of course, we said yes to both.

We welcome your ideas on how we can make Heritage Hunt that gleaming community we know it is. We are always looking to add people to LSTV. You've heard me mention that LSTV is just like our community. We go on vacation, we get sick, we have doctor visits. This past week we lost one of our most beloved members, Rich Bohmer. He was my first friend at HH, and he introduced me to this incredible group at LSTV. He bailed me, and several others out more than once while I struggled to grasp some of the technical aspects of what we do. He was my friend and one of the kindest, most generous people I have every met. **HE WILL BE MISSED.** Join us on Monday mornings from 9:30 – 11:00, in the Clubhouse.

## PHOTOGRAPHY CLUB

As the end of the year approaches, so does one of the most joyful and celebrated times of the year. The Heritage Hunt Photography Club extends Seasons Greetings and Happy Holidays to all members of the Heritage Hunt Community.

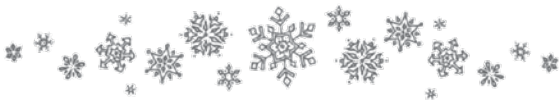

This time of year also presents some of the most photogenic opportunities for photography. Whether it's the glow of holiday lights, family and friends' gatherings, or winter landscapes, the season offers endless opportunities for stunning photographs. In the spirit of giving, the following are some tips, ideas and inspiration to make this a holiday season to remember through your camera lens.

1. Capture the warmth of holiday lights by practicing low light photography. Use a tripod for sharper shots. Use long exposures to capture the glow or beautiful light trails. Use a low ISO and large aperture to blur the background and make the lights pop.
2. To capture priceless moments with family and friends, don't be afraid to take candid shots. Observe and wait for a smile, a laugh, or even a quiet moment. Avoid using flash by using available natural light, but if necessary, bounce the flash off a ceiling or wall for a more natural look.
3. Snow and frost can transform ordinary scenes into magical winter wonderlands. Early mornings are perfect for capturing fresh snow and frost. Use a low ISO for a crisp image and a fast shutter speed to capture falling snow. Overexpose by 1 to 2 stops to bring out the true whites of the snow.
4. Also consider photos of unwrapping gifts, holiday treats such as gingerbread houses or that special recipe passed down through generations as well as the general hustle and bustle of the season.

If you are not a member and find these tips useful, please consider joining us at our January 28th meeting in the Ballroom at 7:00PM.

For any questions, feel free to email me at [ken\\_lyons@comcast.net](mailto:ken_lyons@comcast.net).

## PICKLEBALL CLUB

### MEET JIMMY MYERS

When Jimmy's father passed away 4 years ago, he moved into the community to provide support to his mother. He never left. Both Jimmy and his mother, Connie, live on the 2nd hole of our golf course. He has one sister, one niece and two nephews who competed in this year's "Play Pickleball with your Grandchild" day. He is the proud dog father of two golden doodles, both rescues.

Currently, Jimmy is enjoying an active career in real estate sales as a member of the Curt and Natalie team at Samson Properties. He believes he has the best job in the world. Previously, he worked in the hospitality industry. He thoroughly enjoyed his time at The Inn at Little Washington where he helped contribute to the establishment receiving their Third Michelin Star - one of only 13 restaurants to get this coveted status in the US. Feel free to ask him about his celebrity stories!

Jimmy loves traveling to Porto Cheli, Greece where the family has a beautiful condominium overlooking the bay. He has fond memories of hosting visiting family and friends at this warm and welcoming family home in the Mediterranean.

Although Jimmy played tennis many years ago, paddle sports were new to him until he signed up for Patty's beginner pickleball sessions. He also attributes Bob Moe with being instrumental in helping him improve his game.

Jimmy's advice to new players: "I recommend to all beginning players to find a group of people you enjoy spending time with and meeting once a week to play together; don't worry about the skill level, make sure they are all fun! I started playing with a group of newbies when I first got to HH and we met in the evening to smile, laugh, and play! We are all still friends and get together for a game night once a month and we even started a dinner club where we go to each other's houses cooking for each other! That is why I love pickleball; it connects people, you never know how many friends you will make until you ask!"

## STORING HOLIDAY DECORATIONS

Once the high of the holiday season is over, reality sets in. It's time to pack up everything to get ready for the next season. Are you dreading it even more this year because you have a lot less storage space?

Below are some strategies to get you through the holiday decorations packing process.

### **Simplify Your Collection**

Consider simplifying your collection to a theme or just the sentimental stuff. As you decide what to keep, opt for smaller items and consider replacing decorations that take up a lot of space. For instance, use a house light projector instead of string lights.

### **Keep Your Collection Small**

Each year, take time to edit your collection. When you bring in new things, such as those annual ornaments marking the year, try to remove something else to make space. Before packing your things away, remove anything that's broken, doesn't work, or missing parts or pieces. Then donate, sell, or gift anything you haven't used.

### **Separate Indoor vs. Outdoor**

Indoor decorations, especially things like candles and wrapping paper, need to be climate controlled. Separate them from outdoor decorations, which you can store in the garage.

### **Containerize + Label**

Pack everything neatly into bins and bags by season/holiday and indoor vs. outdoor then label everything. Use every last drop of space in the container and utilize storage solutions meant for what you have, such as a wreath bag or figurine box.

### **Use Vertical Space**

Think vertical. Use the walls of a closet, the back of a door, or garage ceiling racks, which are ideal for outdoor décor. Don't forget to look down too. Use under-bed bins, ideally with wheels, to tuck things under furniture. This is a great option for storing your birthday gift wrapping supplies and other things you'll need year-round, so you can access them easily.

### **Wrap Up**

Storing holiday items doesn't have to be a seasonal nightmare. Use these steps to face it head on, so you can relax and enjoy the next season.

## HERITAGE HUNT WOMEN'S ORGANIZATION (HHWO)

Just like the song in December, "it's the most wonderful time of the year!" The homes on the HHWO Holiday Home Tour were gorgeous, the goodies from the Sweets and Treat Shoppe were delectable, and the December program was truly spectacular. Our February Horn Article will have an update on all of these exciting December activities!

Our January program will highlight our Virginia History, which is uniquely connected with our American history. Don McAndrews will present an historical interpretation of George Mason, who was one of the "founding fathers" of Virginia and also of the United States of America. Although relatively unknown, George Mason wrote much of the Virginia Constitution and the Virginia Bill of Rights. George Mason was a planter, a politician, and a delegate to the Constitutional Convention in Philadelphia in 1787. He grew up in Fairfax County and is remembered with George Mason University, the George Mason Memorial Bridge, and in 1981 he was honored in the Postal Service's Great American Series Postage Stamp.

The "Scoop" from our lovely lunch ladies, Lynn Dosey and Harolyn Small, is a delicious lunch in January with an appetizer of mini pigs-n-blanket with honey mustard dipping sauce. The buffet consists of a pan roasted chicken with parsley and mushroom sauce, a vegetable medley of broccoli, cauliflower, and carrots, herb roasted fingerling potatoes, and a classic Caesar salad. Dessert is not to be missed with chocolate mousse cups.

The Coat Drive was truly successful. We donated 153 adult coats to the House of Mercy. We received 220 brand new kids' coats. Half of these coats went to the Lock Lomond Elementary School in Manassas, and the other half went to the Mountain View and Tyler Elementary Schools in Haymarket. At our February 2025 HHWO meeting, we will sponsor a Monetary Food Drive for the Haymarket Regional Food Pantry.

From all of us from HHWO, we wish you and yours a sleigh full of winter magic. May love and happiness be yours in this New Year!

*Michelle Dawson Powell*

## WOODWORKING CLUB

On a recent Saturday, I was at the woodshop unloading lumber and tools from my SUV. I heard a person calling out. I walked over to see what he wanted. He told me he was a woodworker with a shop in his current home. He said he has been looking at buying a home in HH, and he had heard that there was a woodshop somewhere in the community. He said that when he asked real estate agents and others that he met, no one could confirm that a woodshop existed or where it was. So, I invited him to come in and see the woodshop. He was very impressed. He said it would assist him in deciding whether to buy a home in HH or not.

The Woodworking Group (WWG), which meets at 2:30 PM on the 2nd Thursday of the month, is active and the woodshop is busy. Below are pictures of Andy Johnson showing a segmented bowl, Dave Endicott showing an electric guitar, Phil Sparta showing a carving of mermaids, Steve Young with a compass clock, and Paul White showing a walnut box with sliding lid.

### Client Review ★★★★★

Dianne Lemanski did an extraordinary job at selling my 100 year old father's house in a short time period, making it all look so easy! She maintained excellent communication with family members, staged the house beautifully, and found the perfect buyers for us. Finally, and most importantly, Dianne had the sensitivity to understand how challenging this move was for our whole family and continually asked the right questions and provided us with additional support that we didn't even know we needed! I highly recommend Dianne
