## OCTOBER BOARD BRIEFS

Fall is upon us and we are getting ready for "falling" temperatures, along with leaves. One hopes we can get in some wonderful "leaf looking" before that happens.

We also look forward to getting our new lobby furniture this month so we can move forward to complete our renovations of the upstairs and downstairs lobby areas. Sincere thanks to the Facilities Committee for their hard work to get this very involved and complex project done. We also thank our residents for their patience during this entire process.

Patience has also come into play with all the work that PWCSA has had to do to lay the 24" force main pipe on Heritage Hunt Drive. The front gate exit gate closure from 9/5- 9/7 went well despite some issues with back gate exiting. However, the cooperation of PWCSA, their contractor Archer Western, our CAMP management, as well as our Grounds and Emergency Preparedness Committees, all made this as "painless" as it could be for the circumstances. Work will now be focused on getting the pipe line over to the Golf Course area and connected by mid 2024 to the under construction new pump station. We make every effort to update the community on this progress and especially those folks that are the closest to any construction areas. We thank you all.

We also thank residents who have filed Declarations of Candidacy for open seats on the Board and the Committees. There are as ever more seats to fill and Declarations will be accepted until 5 pm on Friday, October 6th. There will be a Meet the Candidates session on Friday November 3rd and voting starts Monday November 6 until the Annual Meeting on December 5 from 3-5 pm in the Clubhouse Ball Room.

There are elected Committees and there are appointed Committees. LSTV is an appointed Committee not an elected Committee and they are always seeking more interested residents to join them. Another nonelected Committee was our Advisory Committee for Strategic Planning. That Committee is on hiatus and we are seeking interested residents who would be interested in working on strategic planning for Heritage Hunt.

That group met quarterly and worked on updates as need to a strategic plan. We are in the midst of revising the current one, an effort which Board member Robert Ruffolo is leading. Residents who would like more information please contact [boardofdirectors@heritagehunt.net](mailto:boardofdirectors@heritagehunt.net).

The following resolutions were approved at the 8/24/23 Board meeting. Due to Horn Publishing dates they are shown here a month late. For a quicker review please refer to the website where meeting minutes are posted within 2 weeks of any meeting.

- Approved additional funding for Gordon Engineering to do final site plan work for the parking lots expansion.
- Approved revisions to the Facilities Committee Charter/Administrative Resolution #13.
- Approved JD Edwards to replace rotted wood trim and siding at the Marsh Mansion and then repaint the building exterior.
- Approved HLS to replacement trees on the Walnut Hill buffer area.
- Denied suggested revisions by Management to the current Contract Manual/Administrative Resolution #26 as the Board felt the current wording needed to be retained.

Everyone stay safe and well!

*Kathy Vergano, HOA Board President*

## ADVISORY COMMITTEE FOR STRATEGIC PLANNING (ACSP)

### HELP WANTED!!! VOLUNTEERS NEEDED

The Board of Directors is seeking interested homeowners for our Advisory Committee for Strategic Planning. The Committee has been on “hiatus” while we seek new members .

So if you are interested in contributing to long-term planning and goal setting for Heritage Hunt and have ideas on how to enhance our community, this just may be the Committee for you.

What does The Advisory Committee for Strategic Planning do?

They monitor local competition at 55+ communities regionally for trends in real estate and amenities.

They gather data from surveys to guide and support our recommendations.

They host focus groups that incorporate suggestions into action plans such as the “Newcomers” and collect data from the New Resident Orientation for new residents.

Why?

The mission of ACSP is to create a 5-year Strategic Plan, review, update, and submit our recommendations to the BOD annually.

The overarching goal is to make recommendations that will serve the needs of our current residents while simultaneously anticipating the needs of future residents to ensure that Heritage Hunt remains a viable community.

If you have an interest in the future of the community and like to think ahead, please contact the Board of Directors at [boardofdirectors@heritagehunt.net](mailto:boardofdirectors@heritagehunt.net) for more information.

NOTE: This committee appoints its members and no election is required.

## ARCHITECTURAL REVIEW COMMITTEE (ARC)

### WHAT DOES A COMPOSITE MAILBOX POST LOOK LIKE?

Lots of chatter about what a composite mailbox post looks like so I thought I'd clear the air.

The following images show an acceptable mailbox post under the 2023 Design Guidelines. The color is black but brown or gray is acceptable. Note the clean lines and minimal decorations. The finial is pyramidal.

If you want a mailbox that looks like the ones below – go for it and enjoy! No DRA is required but the owner of this property sent one in just to be sure and it was approved.

## ARCHITECTURAL REVIEW COMMITTEE (ARC)

NEW SOLAR RESOURCES FROM PRINCE WILLIAM COUNTY.

Prince William County has taken a lot of mystery out of hiring solar contractors and providing solar contractors' track records. PWC has developed a website with information about:

- Selection of a contractor.
- What the contractor should provide in the planning process (you need to submit the same items to the Heritage Hunt ARC along with your DRA).
- A link to a document that gives contractor performance statistics such as number of solar projects completed in PWC, time from receipt of the county's receipt of the plans to time to final inspection, and time in the planning process.

The web-link is

<https://www.pwcva.gov/residentialsolar>

Bottom line – know before you buy.

## COMMUNITY SHRED EVENT

SATURDAY, OCTOBER 28, 9:00AM - 12:00PM

MARSH MANSION PARKING LOT

Grab your documents and line up at the Marsh Mansion. A TrueShred employee will remove your items. Residents are to stay in their car.

DON'T shred:

Garbage	X-Rays
Glass/Plastic/Styrofoam	3-Ring Binders
Corrugated Cardboard	Newspapers

\*Note: No need to remove staples, paper clips, binder clips, rubber bands or tape.

## CROSSROADS CONNECTION

Thank you to our Heritage Hunt residents for donating to the Crossroads food drive on Saturday, September 16th. We would not be successful without YOUR support!

Behind the scenes there is a busy team of people who are collecting, sorting, shelving and disbursing the food to the individual schools. The schools in turn rely on their staff to assure that our food insecure kids leave with the bounty of all our efforts.

The kids remain anonymous. We don't want them to be singled out. We don't expect them to say thank you to Crossroads, or to you, our donors. Our goal is to support them in staving off hunger so that they can learn in a classroom setting.

Kids are our future. Thank you for shopping and taking your donations to the Marsh Mansion!

*Ulli Reynolds, Crossroads-Connection*

## CRC COMMITTEE FREE MEDICAL SUPPLIES

Some of the items we have are wheelchairs, walkers, rollators, shower chairs, heating pads, bedside tables, DVT compression pads, water proof cast cover, deep heat massagers, air pressure mattress (to prevent skin break down), baby monitor, diabetic lancets, Depends, ankle support, foot massager, diapers, bedpans and much more.

Call before purchasing something you might need only temporarily. We ask for you to return when not in use. All items are cleaned with lysol when they come in and go out.

### HH BLOOD DRIVES

Apologies to all those residents who signed up for the August blood drive. This drive had to be cancelled due to an unexpected issue. Please, please sign up for our next drive scheduled for October 9th, 9 am to 3 pm. Our current goal is for 33 donations at least. We really need to meet all

future goals since the cancelled drive has left Heritage Hunt short of meeting goals for 2023. Remember "With Each Donation You Are Helping Save Lives". Your donations have never been needed more than they are right now. Thank you so much to all our dedicated donors. Your donations are very much appreciated.

Please call or text Pat Phillips at 571-236-8260 or email [patphillips642@comcast.net](mailto:patphillips642@comcast.net) or call Willard Scott at 703-743-1286 or email [willardscott@comcast.net](mailto:willardscott@comcast.net)

## CRC - RESIDENT FORUM

Tuesday, October 24th @ 2:00 pm  
Clubhouse Mt. View Room

What is an emergency? When do we call 911? Do you know when to call 911 versus the non-emergency number? Are you familiar with “scams” geared towards teenagers? How about “scams” toward senior citizens?

This program, ran by the Prince William County Department of Public Safety Communications, will give you all the information needed about not only scams, but what to do in case of an accident or what happens when you need help from Fire and Rescue.

In addition, you will learn about the Smart 911 app, of which you can download all pertinent information about yourself, access into your residence and other vital information in case if you have to call 911, but you are not able to physically talk.

Our presenter has been a “calltaker” for 11 years. She is also a CPR instructor, a certified training instructor and serves on the panel committee of the Community Outreach and Recruitment Team.

Join us for a very interesting and informative afternoon with a Prince William County Public Safety Communications representative, who will provide us with all of the necessary information that is needed when making a 911 call.

# EMERGENCY PREPAREDNESS COMMITTEE

## HOW WE PREPARE TO KEEP HERITAGE HUNT SAFE DURING EMERGENCIES

September is National Preparedness Month. Every year the Emergency Preparedness Committee (EPC) conducts an Exercise using our Emergency Volunteers and the Heritage Hunt Ham Radio Club. This Exercise gains importance as, unfortunately, across the country there have been several tragic incidents that have revealed how not being prepared can result in loss of life. So, the EPC wants to thank our EVs and members of the Ham Radio Club that took the time to help us test our response to natural or man-made disasters and determine how well we can communicate when Heritage Hunt phone service is lost. We also want to encourage our residents to join us as an Emergency Volunteer (EV). Once you put on the yellow vest and grab your walkie-talkie, you can help mitigate emergencies, to prevent them from becoming tragic, by joining us to ensure your neighbors, friends, and family are protected.

Normally our First Responders can be here within minutes. However, when faced with an area wide emergency county resource will be limited so we need to be prepared. This includes the EVs that survey Heritage Hunt for facility or utility damage, medical emergencies, and other disruptions so they can be reported by radio when phone service is lost. Heritage Hunt is divided into three Zones (South, North-East and North-West) to facilitate our response to emergencies. Zone command centers are setup in the Club House, Marsh Mansion, and the Golf Maintenance Facility. Zone Command Centers

report to the Emergency Coordination Center, in the Club House, allowing us to track emergencies and obtain First Responder support via our emergency communication capabilities. Loss of electrical power will be mitigated by having our four emergency generators to allow the EPC to continue to communicate across Heritage Hunt and reach out to county emergency services.

We also provide training to our EVs on life saving techniques to be used if there is a delay in obtaining outside emergency support during a major weather event or other emergency incident. Even when there is no area wide emergency, we still want our residents to be safe and therefore we will be presenting a "Fall Prevention Class" on Thursday, October 12, 2023, at 11:00 am in the Clubhouse Mountain View Room. So come learn about how your balance, medication, vision, environment, and health conditions affect your safety. This will be followed on Wednesday, October 18th, with another offering of our Hands Only CPR/AED Class, also at the Marsh Mansion at 10:00 am. To reserve your seat for these courses, please contact us at [CPRHHEPC@gmail.com](mailto:CPRHHEPC@gmail.com).

The EPC will continue to work to keep those at Heritage Hunt healthy and safe, but we need your help. So please join us by volunteering as an Emergency Volunteer if you are able (applications are available at the Front Desk). For all residents, be prepared by signing up for our health and safety training courses, adding the T-Comm number (703) 743-2016 into all your phones as "T-Comm Heritage Hunt" so you will receive what could be lifesaving notifications, and finally, remove and review the Emergency Guidance insert from the middle of the August Horn or get one at the Front Desk so you will be ready to respond to an emergency. As always, we want you to be prepared, so Heritage Hunt, instead of becoming a tragic incident, sets an example by keeping everyone healthy and safe.

## FACILITIES COMMITTEE NEWS

Want to take part in the BIG Plans that FACILITIES has for 2024?

Are you a curious person? Want to learn how things work? Do you like solving problems in creative ways? Then you might really enjoy being part of our committed and hard-working Facilities Committee.

The Facilities Committee keeps an eye out for problems or needs that we see in the buildings in Heritage Hunt, and we pass these issues along to CAMP's Facilities Manager. We are responsible for the maintenance of the Clubhouse, Fitness Center, (both indoor and outdoor pools,) the tennis, pickleball, and bocce courts, Marsh Mansion, the Golf Maintenance building, the Sand Shed, comfort stations on the golf course, and the gazebo on Paddock Pond!

Through CAMP, Facilities also takes part in contracting and securing the replacement of components that make up these buildings, including, roofing, siding, decking, columns, doors, windows, siding, drywall, tile, flooring, HVAC units, as well as electrical components.

Our responsibilities are varied. If the Fitness Center needs new equipment and expanded classes or the ceiling needs attention-that is Facilities. The newly dedicated tennis pavilion was a Facilities project as was the addition of Pacific Blue umbrellas on the Bocce Courts. Facilities is still working to provide expanded sidewalks around those courts. Facilities purchased the gorgeous new pool furniture. It added just the right touch to highlight the blue of our pool. Don't forget the tile and carpeting and paint in the Clubhouse, and the new furniture to arrive later this month. All of these are the work of the Facilities Committee.

We have been very involved with repairs from the events of last December, but the Facilities Committee has continued to work to keep our beautiful community looking clean and sharp and inviting. We try to make sure that the buildings and complexes on campus have been kept up to date and we suggest improvements. When

something breaks or leaks or just ages out, Facilities looks into the situation and helps determine how best to deal with it.

Facilities works closely with the Board of Directors, the Food and Beverage Committee, Budget and Finance, UTP and the golf course staff, and we cooperate with other groups on various projects.

We serve as liaisons to all HH committees, attend BOD and Budget and Finance meetings, and concern ourselves with conserving energy. We answer questions and take complaints and suggestions from residents, and we watch the budget. Sometimes we disagree, but through the process of give and take, end up with what is best for HH residents.

In 2024 some of the BIG projects we hope to tackle to make our facilities even better include:

Remodeling the Lower-Level restrooms, the Mountain View Room, Board Room, and Library! WOW!

Yes, FACILITIES HAS BIG PLANS!

Whether you are a long-time resident or brand new to HH, if you are looking for a stimulating, rewarding way to help our community remain vital, the Facilities Committee is for you!

Come join us and use your skills to impact the future of our community!

## FOOD & BEVERAGE NEWS

Heritage Hunt residents wrapped up the summer season with a Labor Day Picnic on the Marsh Mansion lawn. We now move into autumn, one of my favorite seasons in Virginia, with leaves showing their colorful fall hues, mums in full bloom, pumpkins on porches (and in beverages and desserts) and football on the TVs in the Red Oak Bar and Grill!

In September many of you enjoyed our sold out Bier-Fest, the Oktoberfest styled event that celebrated German style food and of course beer! Many are anticipating the always sold out Murder Mystery dinner where you'll figure out who murdered the Earl of Grey while drinking his tea and noshing on Bubble and Squeak.

I'm happy to report that the Food and Beverage Committee received very good resident participation in the Focus Groups which met in September. The Focus Groups goal is to gather and synthesize resident feedback for improving participation in food-oriented resident events and in support of our restaurant amenity. Insights gained from the Focus Groups will be shared in future Heritage Horn articles.

In October, make sure to visit the ROBG for our autumn menu update which will feature returning favorites and new items that are sure to become your favorite. And don't forget to check out new offerings in the bar, including the October cocktail of the month, fingers crossed it features pumpkin! After your visit to the ROBG make sure to fill out a comment card. If you forget you can fill out an online comment card, simply check your daily Hunt Happenings email and click "How was your Meal?"

Foodies and wine aficionados should be sure to check out the page in this issue describing the details about the October wine dinner "Global Love Throwdown with guest Chef Tony Lawrence." Tony is a talented Chef and Sommelier, and an international wine and food judge. The event features a 4 course dinner curated by Chef Tony and the HH Culinary team. This is an interactive event with dueling wines per course, provided by Kysela Père et Fil, and presented by our guest Chef-Sommelier.

We'd also like to congratulate Up to Par's Star Employee Abdalla Rashid, better known as AB, on his promotion to Banquet Manager; though we're always glad to see him lending a hand in the ROBG!

Last but not least, the deadline for Declaration of Candidacy is October 6 at 5:00 pm. The Food and Beverage Committee has two seats available this year. Residents are encouraged to join this committee which advises the Board of Directors on our collaboration with our club services vendor Up to Par in creating a quality food and beverage amenity at Heritage Hunt.

*Jacki Tessmer, Food & Beverage Committee*

## FOOD & BEVERAGE NEWS

### SEPTEMBER STAR PERFORMER

Molly Murphy was selected as the Food & Beverage Star Performer for September. She works in various roles including bartender, server and banquets, and is known for her friendly smile when greeting customers. She has made a big impact on her team mates and managers in the few months of her employment. Molly is a junior at Catholic University, studying philosophy, and English.

The Star Performer/Employee of the Month program was developed by the Food and Beverage Committee and Up To Par Management to recognize an employee who goes above and beyond their normal duties and responsibilities. Star Performers wear a special pin on their uniforms.

*John Johnson, Food & Beverage Committee*

## FINE ARTS GROUP

Take a look! New paintings from the fine arts group are on exhibit in the lower level of the clubhouse. We hope you will have a chance to enjoy the show. Love art? Enjoy meeting new folks? Want to learn a new technique? We meet on Thursday mornings, in the

Clubhouse Craft Room, from 9-12:30. We are a friendly group of art lovers who work in a variety of media. Whether you are new to creating art, or an experienced, we welcome all folks who want to share in the joy of creating.

Although we do not offer classes, we are always willing to share our knowledge with others. Sometimes a member will do a group demonstration or paint along. Often, we are each working on our own projects. For more information, feel free to stop in and visit, or bring some art supplies and join the fun. You can reach Kathy Webber at [Kathywebber3@gmail.com](mailto:Kathywebber3@gmail.com), 703-901-6882 or Ann Lesciotto at [annlesciotto@gmail.com](mailto:annlesciotto@gmail.com), 571-248-2799.

## GENEALOGY CLUB

The Genealogy Club will meet on Monday, Oct. 25, at 2 PM in the Mt. View Room. Our presenter will be Shannon Combs-Bennett, who we all have met previously. She will talk about how to safely store items, options for organizing

files, and how to preserve your legacy. This hobby is one that literally demands that we organize our collection of records, documents, photos, etc. for each ancestor. It's not a pastime for folks who leave documents all over the place with the "sincere" intent to file them later. Thus we all, regardless of how advanced we are in our research, will be sure to benefit from Shannon's tips.

Regarding her own genealogy research, as a child, she followed her grandmothers to cemeteries and family events. But her "obsession" began when she realized how little her husband knew about his family. She also is a lover of history, which led to uncovering what her family lines were doing at particular points in time. She says, "Genealogy is never done, it is never complete, and it is not written in stone. Solving a problem or throwing a wrench into years of work only takes ONE document. I think I will be working on trying to figure out the origins of my Combs family for the rest of my life." Shannon also has an article on [www.FamilyTreeMagazine.org](http://www.FamilyTreeMagazine.org) comparing the top DNA testing websites. If you haven't had your DNA tested, be sure to check it out on that site.

Tip of the month: Add a "bookmarks" folder to the home screen of your computer for quick storage of websites you don't want to lose track of. You can tuck an index inside the "folder" for various categories, such as genealogy, surname being researched, lists of books or websites you want to explore, the sky is the limit. This can save the desk or table where your research is done from excessive cluttering of scraps of paper that have an annoying way of getting hopelessly lost! Information lost is not necessarily found!

Our wonderful club serves two functions: helping members expand their knowledge of how to effectively research their ancestors and encouraging others embark on their own ancestral voyage. We greatly welcome any interested persons to come to our meetings and discover this very social "hobby" that can quickly become an irresistible urge to "reach out" to their ancestors.

## GREEN NEIGHBORHOOD GROUP

### FALL TRASH PICK-UP/CLEAN-UP

We will be doing our pick up “adventure” on Thursday October 19 starting at 10 am from the back gate. We are always seeking helpers. We start at the back gate and check the areas off the walking path for trash for about 1 – 1 ½ hours. We will provide trash bags.

We ask volunteers to wear comfortable shoes, bring garden type gloves and consider a hat and a water bottle. Green Neighborhood Group (GNG) has done twice a year trash walks for a number of years as well as hosting quarterly meetings related to environmental issues that can/do affect Heritage Hunt.

Contact Kathy Vergano at [kvergano@aol.com](mailto:kvergano@aol.com) or Joan Donnelly at [brooklynjoan@comcast.net](mailto:brooklynjoan@comcast.net) for more information on our trash walk or upcoming programs.

## The Giving Circle

*Think of giving not as a duty,  
but as a privilege.*

John D. Rockefeller, Jr.

**The Giving Circle of Heritage Hunt offers its members educational opportunities, by organizing on-site visits to local charities.**

There is nothing like a personal visit to boost awareness and understanding of the many ways a grant helps make life better for others. In August, members of The Giving Circle did just that with an tour of the **House of Mercy**, organized by Barbara Kenefake (chair) and Judy Flynn (member) of The Giving Circle's Programs & Activities Committee.

Members were familiar with some services offered prior to the visit, but were impressed by the actual range of services; including food, clothing, furniture, and an increase in outreach to homebound and disabled seniors who are unable to make it to the facility. The House not only supports the food pantry and thrift store, but collaborates with other charities in the area such as Beacon (another grantee of the Giving Circle).

Our guides at The House shared that when clothing is donated that is torn or soiled, it still has a purpose, as they are sold to a vendor who makes them into rags! Some members even saw some treasures, at bargain prices, in the Thrift Shop!

The Giving Circle is looking forward to its Annual Grant Awards Ceremony taking place on October 26, from 4pm - 630pm, in

the Ballroom. During this event, 17 local charities will receive grants totaling over \$90,000, from 185 Giving Circle members. All members, their guests, and all residents of Heritage Hunt are invited to attend. Each charity receiving a grant will make a brief presentation regarding how their grant will help those in need. ***Don't miss this very impressive, inspiring event. It is a highlight of the year.***

If you are not a member and would like to find out more, just send an email to Joanne Forrester at [jmbforrester@comcast.net](mailto:jmbforrester@comcast.net). You can soon become a part of this philanthropic group of men and women for only a "dollar a day" or more.

### Importance of Monitoring Heart Health

The heart is the powerhouse of the body. As it pumps blood throughout your veins, it delivers needed oxygen to your cells. However, your circulatory system becomes less efficient as you age. These changes make seniors more vulnerable to develop heart conditions. That's why it becomes increasingly important to monitor heart health at home as you get older.

#### Why Monitor Heart Health

- **Determine General Wellbeing**  
Provides a general indication of how healthy you are.
- **Check For Heart Disease**  
That affect the heart's ability to pump effectively.
- **Detect underlying health problems**  
Help you and your healthcare team detect any other underlying problems.

# HHWGA-18 LADIES OF LINKS NEWS

To encourage a spirit of friendship . . . one of the lofty goals of the league's mission statement and eloquently practiced by our members every day. During Wednesday league play, our friends are the first ones to share our joy of chip-ins and birdies. And during moments of exceptional accomplishment, like a hole-in-one, league friends are the first to congratulate us and share the excitement.

Friends join in partnerships for weekend Heritage Hunt tournaments and bond in a way only team

members can. Our friends toil with us during the often hot and humid weather and tense competitions of Tri-County play. Our friends send us cards of condolences during times of personal loss and baskets of cheer while we work through personal health challenges.

Friendship has a storied history since the league inception over 2 decades ago. Current members Bettie and Barbara were charter members of the league with Di joining them just a few months later. Everyone has been the new member-on-the-league-block at least once, and we remember the first person to extend a hand in friendship. This year, we are fortunate to have 6 new and nearly new friends.

So as the leaves turn colors and the league championship heralds the close of another golf season, even if our golf play still needs a bit of work, we are all

winners with our friends of the league – a most rewarding prize indeed.

Remember you can check out the most current HHWGA-18 news at the league website. After accessing the [www.heritagehunt.net](http://www.heritagehunt.net) site, click on Golf Central; then League; then Ladies 18 Hole.

## LADIES 9-HOLE LEAGUE

The beautiful, cool fall days are here and the 9 hole golfers are ready to finish up with a flourish. Our September event was a great success with plenty of food, camaraderie and corn hole matches.

Make sure the date for our final meeting is on your calendar - Wednesday, November 1. Our meeting will be in the Clubhouse Blue Ridge Room followed by lunch so you don't want to miss it. We will have the election of officers for 2024 as well as wrap up the year with prizes for all our outstanding golfers. There is still time to consider joining the Board or a committee next year, so if you are interested, just contact any Board member.

The GOW winners for August were: Linda Allardyce, Vicki Wafle, Pam McBride, Sandra Tomlinson, Marsha Baumert, Candace Moe, Linda Harper, El Grabowski and Margaret Swinney.

See you all on November 1 at the Clubhouse. Coffee and socializing at 9:30am followed by the meeting at 10:00am. Luncheon will be at 12:00pm with a cash bar.

## GROUNDS COMMITTEE

October is here! One of the most delightful months of the year weather-wise, unless we get a hurricane descending on us! Do get out in your garden or take a walk around Talleyrand and Paddock Ponds to enjoy the cool fall days.

### Update on CMBS:

Please remain vigilant about checking your crape myrtle trees for those little white spots on the trunk and/or branches of the tree, indicating that the tree is being attacked by CMBS – Crape Myrtle Bark Scale. If you see any, scrub them off with some soapy water. If you see any that are too high to reach, blast them off with your hose. Follow up with an insecticidal drench mixed with water and poured around the base of the tree from the drip line, going in towards the trunk about 3 feet. You all have done a great job this summer at keeping this new pest under control. Keep up the good work!

### Gas-Powered Leaf Blowers:

Thanks to those of you who emailed me with your thoughts on this subject. We're still interested in hearing from you if you have not already voiced your opinion. Please email me at scp211@aol.com

### A Word About Cutting Back Shrubs and Over-Mulching.

Many of you employ landscapers to mow your lawns and mulch your beds. That's fine, but they sometimes do things in your garden which are not correct. One of these practices is becoming more prevalent and it is damaging your flowering shrubs. **THE FALL IS NOT THE TIME TO PRUNE YOUR SPRING FLOWERING SHRUBS.** Rhododendrons including Azaleas, Weigela, Viburnum, Forsythia, Bridal-Veil Spirea, Lilacs, Mock Orange, Virginia Sweetspire and most

Hydrangeas bloom on old wood and have already set their buds. If they get cut back in the fall, they do not bloom the following year so if you want to have flowers on them next season, leave them alone. Also, be careful not to over-mulch with wood or bark chips. Too much mulch can prevent water and air getting to the roots of your plants. They still need to be hydrated even in the winter. And we all know about tree mulch-mountains now I hope, so make sure you can see the root flare at the base of your trees and pull back any mulch which covers that. The maxim here is : 'Mulch out, not up'.

### Advocating for the Insects:

In your efforts to clean up your garden for the coming winter months, please spare a thought for the insects who need dried stalks, leaf litter and dead wood to hibernate in and lay their eggs for the next generation. Some native bees need patches of bare earth to burrow into. So please don't be too diligent in your desire for neatness, and please don't ask us to 'tidy-up' those areas of our community which have been left as nature intended.

### Remember:

"The very soul of a garden is shriveled by zealous regimentation.... A mania for neatness, a lust for conformity - and away go atmosphere and sensuality" Mirabel Osler (and our insects! SCP)

## HERITAGE CHARITY CLASSIC

By the time you read this article, the 2023 Walk will be history, but for the wrong reason. Due to a very nasty forecast for rain and windy conditions, and for an abundance of caution, the event was cancelled. Better safe than sorry.

If you gave a donation and received a tee shirt, and have not received your door prize, contact Willard Scott ([willardscott@comcast.net](mailto:willardscott@comcast.net)) or Ross Kerr ([rosker1943@gmail.com](mailto:rosker1943@gmail.com)) and arrangements can be made. We ask that all of you patronize the various restaurants, spas, salons, and specialty shops that donated to this worthy cause.

The Committee gives a very loud shout out to our Sponsors who all made significant contributions to the cause. Check out the back of the tee shirt you received to see the full list of sponsors.

Thanks again for the part each of you played this year. The final details of what we raised will be in the November HORN.

*Ross Kerr, Heritage Hunt Cancer Walk*

## FINANCE Q&A:

Sponsored by: Godsey & Gibb Wealth Management

### Q: ARE MY SOCIAL SECURITY BENEFITS SUBJECT TO INCOME TAX?

A: A portion of your Social Security benefits may be subject to income tax if your modified adjusted gross income (MAGI), plus 1/2 of your Social Security benefits, exceeds specified limits.

### HOW DO I CALCULATE MY MAGI?

In short, your MAGI is your adjusted gross income plus your tax-exempt interest income and income earned outside of the U.S. that is exempt from tax.

### HOW MUCH OF MY SOCIAL SECURITY COULD BE TAXED?

Up to 50% of your Social Security benefits may be subject to income tax if your "combined income" (MAGI plus 1/2 of your Social Security benefits) is within the following ranges:

- **Filing as Single:** \$25,000 - \$34,000
- **Married filing jointly:** \$32,000 - \$44,000
- **Filing as Head of household:** \$25,000 - \$34,000
- **Filing as Qualifying widow(er) with dependent child:** \$25,000 - \$34,000
- **Married filing separately:** see below

If your combined income exceeds \$34,000 (\$44,000 if married and filing jointly), up to 85% of your benefits may be taxable. If you are married and filing separately, up to 85% of your benefits may be taxed unless you and your spouse lived apart for the entire year (then the single filer thresholds apply).

For more information on how this may affect you, we recommend contacting your Tax Advisor or reviewing the IRS' Tax Guide for Seniors, IRS Publication 554, which can be found here: <https://www.irs.gov/forms-pubs/about-publication-554>.

## LSTV

### RICK LAMONTAGNE HIGHLIGHT

Rick LaMontagne and his wife Shirley moved to Heritage Hunt in 2010 after an extensive East Coast search. They lived in Burke, VA at the time and it took them over a year to finally get a

place on the golf course. A dream come true.

They have been active in Heritage Hunt, Shirley with the Ladies 9 Hole league and Rick with LSTV and the HOA Board. Rick has been with LSTV since 2012 and served on the HOA Board in 2017 and 2018.

Rick was born in Massachusetts and received a BS degree in Electrical Engineering from Southeastern Mass University. After graduation he took a job with Sylvania Electric but this was during Vietnam and the Government very quickly sent him a draft notification. He decided to enlist in the AF, but after boot camp, he applied for Officer Training School and received a Commission in the AF as a 2nd Lt in Feb of 1969. He was assigned to AF Systems Command.

Rick had a very successful career in the AF. In 1979, he was recognized as Program Manager of the Year at the AF Space Division in Los Angeles CA. In 1980, he was selected as an AF Research Fellow for a one year fellowship at the Rand Corporation in Santa Monica, CA. In 1986, he was recognized as the Communications Analyst of the Year for AF Studies and Analysis, at the Pentagon, Washington, DC. In 1989, his program was awarded For Management Excellence at the AF Electronics Division, in Boston, MA. Along the way, he also got a Master of Science Degree in System Management from the University of Southern California. Rick Retired from the AF in May 1990 and worked for a number of different companies including Pratt Whitney, WorldCom and Harris Corp.

LSTV was still using analog equipment when Rick

joined the group. It was a busy time, with equipment needing tender loving care (TLC) every week to keep it running. Climbing into the attic of the Clubhouse and Marsh Mansion or into the telephone and Comcast terminal rooms with wires snaking in every direction was a common challenge every week. In 2016, Rick was a member of the LSTV committee that brought LSTV into the digital age. The first project was the digital sound system. From developing specifications, evaluating proposals and selecting a contractor the team worked many hours getting approvals and funding from the Board and awarding the contract. That was followed by the installation and testing. A very exciting time. A few years later, we also digitized the Video and Lighting systems which considerably simplified its operation.

Over the years Rick has worked with Men in Song, the HH Little Theater, and many of the Talent and Christmas shows that LSTV has supported.

Rick will tell you that the digitization of the Sound and Lighting systems has made them pretty easy to operate. You don't have to be techie. When you walk by our control booth in the back of the Ballroom and see all that equipment you may tell yourself I can't do that. We can prove you wrong. It's just pushing the buttons and sliding a few sliders. Besides we train you to become an expert. Give us a try. You have nothing to lose and may learn something. How fun is that? We meet on Monday's in the Clubhouse Mt. View Room at 9:30 AM.

# HH PHOTOGRAPHY CLUB

## BLUE MOON SAFARI

It's was Friday, 5:00 pm on September 1.

The outlook was for a warm, you might even say perfect evening, as fourteen members of the Heritage Hunt Photography Club (HHPC) gathered at the clubhouse parking lot to form carpools to travel for a night of shooting.

The challenge: with our cameras was to shoot a picture from Virginia, across the Potomac River – of the Lincoln Memorial, Washington Monument and the U.S. Capitol building, plus, at 8:48 pm, when the full moon rises on the right side of the Capitol building – make a single image that includes all four elements. We did ... it was fun ... we helped each other.

Safaris, under the leadership of Yan Zhao, are a very important part of the learning process for HHPC club members, whether we have a simple or complex digital camera or, as many members do, use their cell phone cameras; all capable of producing a quality image and accomplish our desire to make more and better pictures to share with family, friends and other club members; or maybe just to prove to ourself that we can do it.

Regarding our September 1 Safari: it wasn't just the alignment of the three national symbols and a rising moon; we also took pictures of the astonishing Air Force Memorial and the drama demonstrated in

the history of the Iwo Jima Memorial. It involved both daytime and the challenging blue light and nighttime conditions. More Safaris are in the planning stages.

HHPC members at the September 1 Safari: Linda Plochocki, Ken Lyons, Micki Lyons, Yan Zhao, Kathy O'Keefe, Jim Kennedy, Al Celmer, Kathy Guess, Lynn McIntosh, Lois McDaniel, Howie McDaniel, Sarah Skerker, Al Skerker and Rob Coulter. Next Meeting: October 24, 7:00 pm in the Clubhouse Ballroom.

## TENNIS NEWS

### FLAT TENNIS BALLS

Around the first of August, I received an email from Anne Mullins. HH's Fitness Center Manager, regarding a request from one of the residents. The request was for "flat tennis balls". Anne told the requestor that the fitness center didn't have any, but she would forward the request to the Heritage Hunt men's tennis group coordinator, that's me. I told Anne that we did have quite a number of used tennis balls, many of which the group had been saving for use with our ball machine.

I left a message with the requestor and when she got back to me, I asked her how many she needed. She told me she needed 80 tennis balls. The reason for the request was that her daughter teaches a third-grade class and the balls would be put on the bottoms of the chair legs.

Initially, I was not sure we could provide that number but I told her that we would try. Two tennis group members and I rummaged through our tennis shed where we found that we had saved more balls than we realized. We divided our ball stash into two groups: ball machine worthy and flat.

I then got in touch with the requestor and took them to her house the next day. She was very appreciative and the tennis group now has a lot more room in its shed. Below is a picture of the classroom with the balls attached to the chair legs.

## HH CHAPTER OF THE AMERICAN WINE SOCIETY

### COMPARING WINES WITH CHRIS PEARMUND

Friday, October 16th @ 7:00pm

"Some people are magicians. They can make a bottle of wine disappear in no time at all."

The August "Wines of Spain" meeting was outstanding. The wines presented by Kysela Pere et Fils were exceptional, and attendees received an extremely informative presentation on different wine regions of Spain. No one left disappointed.

For October, we have invited Chris Pearmund to speak. He has offered to provide a wine comparison presentation wherein we will compare six wines, three flights of two wines, and sample a dessert wine. Look for the e-mail with the Cheddar Up QR code (available below) starting around October 1st. Make sure to sign up before October 8th.

As a special for this meeting, there will be a live auction of wine-themed baskets in support of the Heritage Hunt Charity Classic. Items have been donated by Stone Tower, Willowcroft Farm, Phillip Carter, Cana, Fox Meadow, Naked Mountain, and Rappahannock Cellar as well as gift certificates from local restaurants.

NOTE: Looking for a new club scribe. It is a wonderful way to get involved and does not take all that much time. I will happily train you. Contact me at my e-mail address: rshelton72@verizon.net

## HERITAGE HUNT WOMEN'S ORGANIZATION (HHWO)

Autumn is now officially with us. I think Frank Sinatra sang it best! "The falling leaves drift by my window, the autumn leaves of red and gold." Yet I continue to reminisce about my wonderful Labor Day weekend with my beautiful daughter-in-law, Emily, my son, Adam, and my adorable grandson, Ethan. Emily treated me to the dazzling and spectacular musical – Moulin Rouge – at the Kennedy Center. Following this dynamic presentation, Adam and Ethan picked us up, and we dined at the lavish Sequoia restaurant in Georgetown. I was overjoyed to spend this special weekend with my fabulous family.

### OCTOBER PROGRAM

Recently, I was clicking through the TV channels, and I came across a Garage Sale Mystery on the Hallmark Channel. I was intrigued following the clues and finding out "who did it." Sue Winer, the author of these mysteries, is our special speaker in October who will regale us with her story of becoming a successful writer of mystery-thriller novels at the age of 75. She has published four books, and the Hallmark Channel has turned her books into movies for their movie and mystery channel. I think there is a book in many of us!

Our lovely Lunch Ladies have ordered us a scrumptious lunch with an Octoberfest theme. First, we will munch on a tray of soft pretzels and cheese. The buffet will include beef stroganoff with mushrooms, egg noodles, braised red cabbage, and a mixed green salad with roasted beets served with a choice of dressings. Our desert will be delicious German chocolate cake. Yummy!!!

### HHWO PHILANTHROPIC OPPORTUNITIES

I have already found several jackets from my closet for the October 21st Coat Drive. My grandson, Ethan, (who is growing like a weed) sent me home with his contributions of clothing. Our collections have been cleaned and pressed. I am ready to donate this collection at the Garden Room Entrance of the Marsh Mansion during the hours of 10am to 3pm on that special Saturday.

Mary Kay Dunn is looking for unique and special

craft donations from HHWO members for the Heritage Hunt Craft show. Additionally, cash donations are also great. I have made my Christmas bows and I am ready to help Mary Kay with this show in November.

This fall, HHWO will be selling raffle tickets for one of its major fundraisers--a delectable, homemade four-course Italian Dinner for 8 people, prepared by some real Italian chefs who live in Heritage Hunt. Tickets are \$1 each (or \$5 for six). As you may know, I am Italian on my Mother's side of the family (DeRoma, DeLuca), so I will certainly buy tickets at the monthly HHWO meetings, as well as, at the HH Craft Show. The lucky winner will be announced on December 12th. As we say, Buon Appetito!!!!

## TONY ROBERTS

Tony Roberts peacefully passed away on August 25, 2023 with his wife and family by his side.

Tony was born into an Italian family on the south side of Chicago, where he grew up loving baseball, Wrigley Field and the

Chicago Cubs. After high school he was drafted into the Army and honorably served in support of the Korean War where he earned the United Nations Service Medal and Korean Service Medal. Following his military service, Tony graduated from Columbia College with a degree in Journalism and began his career as an announcer in Clinton, Iowa. He worked at different stations in Illinois and Indiana calling high school basketball games. His broadcast career quickly expanded to college baseball, basketball and play-by-play for Indiana University Football.

In 1970 he came to Washington, DC to join WWDC, where he would become one of the voices of the Washington Senators before the team moved to Texas in 1972. His work in Washington continued as he became the play-by-play announcer for Naval Academy Football and Washington Bullets (now Wizards) basketball. Recognition for Tony's work resulted in several accolades to include seven Associated Press Sports Reporting awards and seven DC Sportscaster of the Year awards.

In 1979, he joined the Mutual Broadcasting System, now known as Westwood One Sports, where his prominence as a broadcaster would be nationally recognized. Tony would spend 27 years working for Mutual/ Westwood One. His experience prepared him for a Hall of Fame career as one of the most renowned sports voices in America. His extensive career included covering several Winter and Summer Olympic Games, NBA

Basketball, the College Baseball World Series, NFL Football, NCAA College Basketball, PGA, and several major college bowl games for decades.

Tony is best known as the Voice of Notre Dame Football from 1980-2006. Tony's calls of Notre Dame Football were legendary. His dramatic descriptions of the Fighting Irish on the gridiron and his signature call "Touchdown Irish" are memories fans have cherished for years.

Lifetime accomplishments include being inducted into the College Football Hall of Fame, the Indiana Broadcasters Hall of Fame, and the Holiday Bowl Hall of Fame. In 2005 Tony was honored by the College Football Hall of Fame receiving the prestigious Chris Schenkel award. This award honors a broadcaster who's had a distinguished career broadcasting College Football, recognizes their direct ties to colleges and universities and commitment to excellence in broadcasting. A fitting tribute to a man who provided so many thrills to generations of Notre Dame fans worldwide. His seven-decade career culminated with his induction into the National Radio Hall of Fame in 2016.

Tony and Shirley moved into Heritage Hunt in 2000 and have enjoyed many gatherings with neighbors and friends over the years. Tony enjoyed golfing and breakfast with his men's group, which was they refer to as the "Romeos" (retired old men eating out).

During their life together, Tony and Shirley enjoyed traveling around the world and made solid friendships along the way which they cherished dearly. Tony had the most amazing gift of touching people's lives with his handwritten letters, cards, words of wisdom, and ability to brighten their day with conversation and a smile. He had a genuine heart and a strong Catholic faith which guided him through a well-lived life. He always believed in the power of prayer and spreading God's word to those in need.

Tony is survived by his loving and caring wife Shirley, their combined seven children Lance, Tracey, Kerry, Daryle, Keith, Tricia, and Kevin, six grandchildren, his brother Arthur, numerous cousins, nephews and nieces who will miss him greatly.

## Client Review

"I have worked with Dianne multiple times, both as a buyer and seller. She cares deeply about her clients and goes above and beyond to make sure that everyone is taken care of to the best of her ability.

Dianne and her team are thorough, professional, responsive to calls and emails, and go the extra mile daily for their clients.

I can't say enough good things. I highly recommend Dianne and her team!"
