*"Natalie McArtor and her team did an excellent job selling our home. The staging our home was worth every penny. We netted tens of thousands of dollars more than we imagined. We were most happy with the way Natalie responded to our requests for information and the manner in which she handled every problem that arose. We were surprised with the depth of her team from getting the place cleaned and presentable to the rapid answers to all of our financial questions. It has been a great pleasure to have her sell our home." -Pat and Paul Marchesseault*

# GENERAL MANAGER'S MESSAGE

## PLANNING FOR LONG TERM SUCCESS

What is the key to maintaining the value of your investments through a declining economy? Demand through desirability to live in Heritage Hunt.

Although the majority of the day-to-day operations are delegated to, and performed by, the management teams, the responsibility of oversight of all aspects of the operations of the community falls on the Board of Directors. This of course includes:

- Maintenance and restoration of the facilities
- Fiscal Management (including budget planning, collections, and investment planning)
- Risk Management and coverage
- Covenants and Rules Enforcement
- Reserve Planning
- Architectural Review and Compliance
- Resident Services
- Amenities

One of the most important responsibilities the Board has is determining the amount of funding necessary to provide these services at a level Residents have become accustomed to while also maintaining the assets of the community, which in turn can have a significant impact on property values.

Spending too little by deferring necessary maintenance and repairs will have an aesthetic effect on the beauty and curb appeal that would likely be an important aspect to potential buyers, and failure to maintain properly can lead potential buyers to perceive that the property is in decline.

Spending too much can have a negative effect if the homeowner assessments are significantly beyond market average.

It is as important as ever for the Board to find that right balance. The rising costs of services and goods over the last couple of years, combined with a real estate market that may be slowing down from the unprecedented rise in home sales and pricing over the last few years, will make it more challenging. To address this, working together with Management and the volunteer committees, the Board will be making every effort to ensure the community is receiving the best value in services and goods by spending the time and effort necessary to find value through calculated contract implementation and careful spending, especially when the money decisions being made will have a long-lasting impact on the financial health and overall lifestyle.

Although some market value leveling could occur in the near future, if these responsibilities, tasks, and services can be performed at a high level, while also finding the best value in the dollars spent, Heritage Hunt will continue to be a community that is in high demand so that everyone can continue to enjoy the prosperous success that the community has achieved through the years.

*Michael Yelton, General Manager*

Its distribution has been currently suspended but is due to be resumed by our new food and beverage vendor, CulinArt. Sign-up details will be announced when this service resumes.
- **Hunt Happenings Email:** Hunt Happenings is an e-mail distribution that currently contains information pertaining to both Golf and Food & Beverage. ## OCTOBER BOARD BRIEFS

We are now for sure into Fall and 2024 is starting to wind down. Weather has been great and made it easy to get outside and use the sport courts as well as our newly regressed golf course. The course was always good but that has made it even better and attracted a lot more players. We sure hope everyone gives the course a try. There are all kinds of options to play a round/take a lesson and the pro shop staff will be happy to help you.

Fall is also the time that the Board, Management, Budget & Finance and all of our other Committees work together to develop the next year's Budget. The Budget guidelines are on the website and set down how the budget will be developed. The Budget meeting dates are listed on the website. Do make an effort to attend to understand how and why the budget is developed and how the yearly assessment is determined. All meetings are open and there is a resident comments section at every meeting.

Also, make sure to run for one of the many vacant seats on the Board or Committees. The Declaration of Candidacy started 9/9 and will end 10/11. Please do consider volunteering. We can use everyone's help to keep Heritage Hunt as the premier 55+ Community it is now. There will be a Meet the Candidates session on November 1st, with details to follow.

We are pleased to say that all the issues with the kitchen, from equipment to exhaust hoods, have been resolved to allow us to be back in operation and enjoying the full menu at the ROBG. CulinArt has been very active in suggesting and acting on various food service options and new ideas for us to enjoy.

Also, we are working on selecting a new Golf vendor. We had 5 firms apply and we interviewed 3. We hope to make the selection very soon for a 1/1/25 start. Once the firm is selected, we will hold a community meeting so that they can introduce themselves and answer questions on how they will run the course and the golf programs at HH.

We are very aware that the Community will be going through a number of changes as the new Board and Committees are formed in December. There are a number of issues that are lingering and will probably still be there at that time

One such is the Paycheck Protection Plan (PPP) inquiry. We have tried to make everyone aware that Heritage Hunt did receive from the Dept. of Justice, a Civil Investigative Demand for information related to the 2020 Paycheck Protection Plan loan that we did receive. The loan was forgiven in 2021.

We are working as we did in 2020 with our Attorneys and Management to resolve this issue. Per legal counsel we are limited in what we can say or share. However, as we are allowed to relate more details, we will. Our attorneys, Chadwick, Washington, Moriarty, Elmore and Bunn have been more than willing to attend meetings here at HH to help us understand this process and we will ask them to continue until this matter is settled.

We also ask that all Board, Committees, Sub Committees, Work Groups, Task Forces and this can also go for all other groups, be aware that there is an Ethics and a Civility code that exists and is on the website. All Board and Committees agree every year they will abide by it and I think we all should. If anyone has an issue they want to present that is fine and we respect your opinion. However, the continued use of confrontational/aggressive tones when addressing any group with your concern is counterproductive to having a productive conversation. Let's try for better and see if that does not get us some solutions a lot faster.

The following resolutions were approved at the August 22 Board meeting. Due to Horn Publishing dates they are appearing here 1 month late. For a quicker update, go to the Board of Director page on the HH website as minutes are posted there within 2 weeks.

- Approved use of pages 1-4 of Administrative Policy #26 - Contract Manual and hold the rest for the September Meeting.
- Approved a bid from C.A. Landeman for infrastructure repairs to the indoor pool ceiling at a cost NTE \$275,000 as an unfunded expense.
- Approved a bid from Day2Night to replace the compressor in the Clubhouse walk in cooler at cost NTE \$14,000 from R&R Reserves
- Approved issuing an RFP for services of a designer to provide possible redesigns of the physical spaces in the Clubhouse ROBG and the Marsh Mansion
- Approved Sternberg Hospitality to issue and collect the RFP's related to the above redesign.
- Approved the development and distribution of an RFP to secure the services of a subject matter expert consultant with expertise in organizational development and leadership.
- Approved establishment of a Work Group to study the use of HH facilities by non-residents.
- Approved the 2025 Spending Plan as the budget guidelines.

## RIGHTS AND RESPONSIBILITIES for Better Communities

### PRINCIPLES FOR HOMEOWNERS AND COMMUNITY LEADERS

More than a destination at the end of the day, a community is a place people want to call home and where they feel at home. This goal is best achieved when homeowners, residents, and association leaders recognize and accept their rights and responsibilities. This entails striking a reasonable balance between the preferences of individual homeowners and the best interests of the community as a whole. It is with this challenge in mind that Community Associations Institute developed Rights and Responsibilities for Better Communities.

Rights and Responsibilities can serve as an important guidepost for all those involved in the community—board and committee members, community managers, staff members, homeowners, tenants, family members, and guests.

#### Homeowners have the right to:

- A responsive and competent community association.
- Honest, fair, and respectful treatment by community leaders and managers.
- Participate in governing the community association by attending meetings, voting, serving on committees, and standing for election.
- Access appropriate association financial books and records.
- Prudent expenditure of assessments.
- Live in a community where the property is maintained according to established standards.
- Fair treatment regarding financial and other association obligations, including the opportunity to discuss payment plans.
- Receive all documents that address rules and regulations governing the community association prior to purchase and settlement and upon joining the community.
- Appeal to appropriate community leaders those decisions affecting nonroutine financial responsibilities or property rights.

#### Homeowners have the responsibility to:

- Read and comply with the governing documents of the community.
- Stay informed by attending meetings and reading materials provided by the association.
- Maintain their property according to established standards.
- Treat association leaders with respect and honesty.
- Vote in community elections and on other issues.
- Pay association assessments and charges on time.
- Contact association leaders or managers, if necessary, to discuss financial obligations and alternative payment arrangements.
- Request reconsideration of material decisions that personally affect them.
- Provide current contact information to association leaders or managers to help ensure they receive information from the community.
- Ensure that those who reside on their property (e.g., tenants, relatives, and friends) adhere to all rules and regulations.
- Respect the privacy of community leaders at their homes and during leisure time in the community.

**Community leaders have the right to:**

- Expect homeowners to meet their financial obligations to the community.
- Expect residents (homeowners, tenants, and others) to know and comply with the rules and regulations of the community.
- Expect residents to stay informed by reading materials provided by the association.
- Respectful and honest treatment.
- Conduct meetings in a positive and constructive atmosphere.
- Receive support and constructive input from residents.
- Personal privacy at home and during leisure time in the community.
- Take advantage of educational opportunities (e.g., publications and training workshops) that are directly related to their responsibilities and as approved by the association.

**Community leaders have the responsibility to:**

- Fulfill their fiduciary duties to the community and exercise discretion in a manner they reasonably believe to be in the best interests of the community.
- Exercise sound business judgment and follow established management practices.
- Balance the needs and obligations of the community as a whole with those of individual residents.
- Understand the association's governing documents, become educated with respect to applicable state and local laws, and manage the community association accordingly.
- Obtain input from residents through open meetings, committees, surveys, and other methods.
- Conduct open, fair, and well-publicized elections.
- Welcome and educate new members of the community.
- Encourage events that foster neighborliness and a sense of community.
- Conduct business in a transparent manner when feasible and appropriate.
- Allow homeowners access to appropriate community records when requested.
- Collect all monies due from homeowners.
- Devise appropriate and reasonable arrangements, when needed and as feasible, to facilitate the ability of individual homeowners to meet their financial obligations to the community.
- Provide a process that residents can use to appeal decisions affecting their nonroutine financial responsibilities or property rights where permitted by law and the association's governing documents.
- Initiate foreclosure proceedings only as a measure of last resort.
- Make covenants, conditions, and restrictions as understandable as possible, adding clarifying lay language or supplementary materials when drafting or revising the documents.
- Provide complete and timely disclosure of personal and financial conflicts of interest related to the actions of community leaders. (Community associations may want to develop a code of ethics.)

# RED CROSS BLOOD DRIVE

**Monday, October 7th 12:00pm - 5:00pm**  
**Clubhouse Ballroom**

Thanks to all our wonderful blood donors for your dedication and donations at our past 52 drives. We have collected over 1,588 units of usable blood. I can't explain why the Red Cross did not schedule us for the summer. Those decisions are made from the national headquarters and the schedules are distributed a year ahead. Changes can be made but it isn't easy to do. As it turns out, this was a good summer not to have to go out for anything, including a blood drive. However, we will complete our goal of four drives this year. We have two more scheduled, October 7 and November 25.

I look forward to seeing all of you at our next drive on Monday, October 7, 12:00 to 5pm. I urge those of you who have not donated before to join us. It is a most rewarding experience to know that you are actually saving lives. Please schedule an appointment now. ### HEALTH SERIES

Wednesday, October 9th @ 2:00pm

Clubhouse Mt. View Room

Our friend and favorite expert, Ms. Dana Rizzo RN, BSN, ACM-RN will hold a presentation on Age Related Muscles Loss and Steps to Fight Back.

On average, adults who do not do strength training can lose 4 to 6 pounds of muscle per decade. Weak muscles hasten the loss of independence and affect daily activities. This hinders your ability to cope with or recover from illnesses or injuries. One in every three adults ages 65 or older fall each year. People with stronger muscles are less likely to fall or sustain a serious injury. While it is tempting to attribute these changes to aging alone, studies suggest that strength and power training can restore much function to the body.

## RESIDENT FORUM

Thursday, October 10th @ 7:00pm  
Clubhouse Ballroom

The United States presidential election of 1800, also known as the Revolution of 1800, was a pivotal moment in American history.

Candidates: The election pitted Democratic-Republican Thomas Jefferson against Federalist John Adams.

The election of 1800 will always have a central place in American history. It is the first modern political campaign in our history. History does not repeat itself, but it tends to be repetitious because human nature repeats itself, and one can find surprising parallel between that election and our current election. Adding to its appeal, the election of 1800 involved larger than life figures - Thomas Jefferson, Alexander Hamilton, John Adams and Aaron Burr.

**Dr. Peter R. Henriques** received his PhD in History from the University of Virginia and is professor of history, emeritus, at George Mason University. He is the author of **“First and Always: A new Portrait of George Washington”**. **“The Death of George Washington: He Died as he Lived”**, **“Realistic Visionary: A New Portrait of George Washington”**. Honors: George Washington Fellowship by Mount Vernon, the George Washington Memorial Award by the George Washington Masonic Memorial Association. Dr. Henriquez recently presented the Distinguished Lecture Series at Colonial Williamsburg.

## BEGINNERS BRIDGE

Beginners Bridge/Bridge Out Loud celebrated 10 years of bridge fun recently. Dave Domnitch was back for a visit and some expert help. We meet every Saturday from 10am -12pm in the Marsh Mansion. Come join us.

## COMMUNITY ADVOCACY GROUP

The Community Advocacy Group will meet on Thursday, October 24th at 4 PM in the Clubhouse Craft Room (lower level).

Our group conducted community outreach in an effort to boost interest in volunteering for Board and Committee membership. The August 30th “Meet the Board and Committees” event

featured a significant turnout which we hope produced a bevy of interested candidates.

By the time you read this, declared candidates will have received a short survey which may help them focus their remarks for the November 1st “Meet the Candidates” event. During November, our group will participate in “get out the vote” efforts.

Your ideas can positively affect the future direction of our community. If you’d like to suggest a neighborhood improvement, come and leverage the voices of sympathetic residents to elicit positive action.

## HH CAR CLUB

I was cruising through the internet and came across an article naming 13 models of cars with the most luxurious interiors. To my delight, my Jaguar was listed citing “British craftsmanship with modern amenities, beautiful leather seats and intricate wood veneer finishes provides and atmosphere of luxury and elegance” making every drive of my “Garage Queen” a very delightful experience!

If you have a driver’s license, a vehicle, live in Heritage Hunt, appreciate cars, and love the enjoyment of driving, come join the HH Car Club. The Club meetings are held the second Thursday of every month from March through October in the Clubhouse Mt. View Room from 5:30 p.m. to 6:30 p.m. At our meetings, we discuss upcoming and past events, have occasional guest speakers, and also select and present to a member their vehicle as “Car of the Month”. The October Car of the Month belongs to Bill Dalecky, who owns a fabulous white 2017 Grand Cherokee SRT. As the reviewers continue to say, “It is still the top dog of the Grand Cherokee lineup.”

I will have fun with my friends in the HHCC driving to our September 27th outing which is a special tour of White Post Restorations, a renowned leader in the world of automobile restorations, <https://whitepost.com/#hometop>. The November Car Club Horn Article will have a full review of this event with photos. Our planned event for October is our annual Skyline Drive Cruise, on Friday, October 25th. We will meet at Apple House Restaurant at 10:00 a.m. and depart for this colorful adventure. We will head to the Shenandoah Parkway, Front Royal entrance, cruise the parkway, stop to admire wonderful views, and travel to our next meeting point at Skyland (mile marker 41.7). Lunch is available at the Pollock Dining Room and/or hangout at the Taproom. There are many lovely drives throughout the parkway, including Thornton Gap at mile marker 31.5, returning on 211, as we make our way back home.

Check out our website, <http://heritagehuntcar.club>, and our Facebook page, <https://www.facebook.com/groups/4549814907420192>.

## EMERGENCY PREPAREDNESS COMMITTEE

How can we prepare to help ourselves and our neighbors in an emergency.

The summer season is slowly moving on, the vacations that were planned many months ago are soon becoming memories and the school buses are again on the roads morning and afternoon.

The daylight hours are gradually getting shorter. There is a slight chill in the air. Nature is gently nudging us into fall.

The fall season has its beauty and its dangers. The leaves are slowly changing colors and drifting to the ground and sidewalks. Care should be taken when walking thru a pile of leaves. This was always an enjoyment, kicking dry leaves as a boy. Now, as an adult with two new hips, a fall to the sidewalk can easily become a trip to the emergency room.

The coming Fall season is a good time of preparation and resolution. If your plans are to stay with your fellow Virginians for the winter, then we have a few suggestions.

Put together a 'Safety Kit'. If you were able to attend the HH Meet the Committees. The EPC table had an example of a Safety Kit. You can contact the EPC at the address at the end of this article for suggestions on building your own kit. This kit can easily travel with you if you are planning on searching for warmer weather this winter. We hope many of you had an opportunity to stop by our table but if not, we will be reaching out at upcoming events, so please stop by to learn about these lifesaving programs.

The Automated External Defibrillators (AED) are located at the Clubhouse, Fitness Center, Marsh Mansion and Golf Maintenance Building. We suggest that you find the location of these devices in the area or building that you frequent the most. Being familiar with the location of these devices may possibly reduce your response time to an emergency.

The success in supporting health and safety at Heritage Hunt relies on all of us. The Emergency Volunteers (EVs) and Ham Radios operators share a commitment to helping keep HH informed. Therefore, we encourage all Heritage Hunt residents to enroll in a safety training class this coming fall. The EPC provides regular CPR/AED and other health and safety training, watch for notices of classes.

Do you remember?  
Stop, drop, roll

Do you know the signs of :  
A stroke  
A heart attack

Can you give first aid to your pet?

You can contact the Emergency Preparedness Committee for details on the safety and health programs listed at [emergencypreparedness@heritagehunt.net](mailto:emergencypreparedness@heritagehunt.net). As always, we need volunteers so we can be ready when an emergency occurs to protect the health and safety of our neighbors. We hope many of you had an opportunity to stop by our table at the Meet the Committees to learn about the many programs we support. If not, we will be reaching out at upcoming events, so please stop by to learn about

So, until next month: **Be Safe – Be Prepared – Be Vigilant.**

## FOOD & BEVERAGE COMMITTEE

### CULINART

On July 1st, CulinArt became Heritage Hunt's food and beverage contractor. With high hopes and great ideas, CulinArt arrived in our community having only a cursory view of the kitchen facilities during the RFP process. CulinArt, a nationally known company, has specific standards for their food services, including cleanliness and organization. The first eleven days of July were to be devoted to those standards.

After arriving and beginning the evaluation process in the first 11 days of July, CulinArt found that several pieces of critical equipment needed to be replaced. The front line of the kitchen, including the fryer and the grill, were among the replacements. That extended the down time for the kitchen.

During the down time, CulinArt painted the kitchen, power-washed the floor, and re-organized the areas. They requested that the kitchen vent hoods be cleaned. (The front hood is original to the kitchen, 25 years ago, the other was installed in 2014.) CulinArt had both hoods inspected by a professional company.

Conditions were such that the front hood needed thorough cleaning along with the surrounding attic area. Spillover also meant the exterior roof had to be cleaned. While an absolute necessity, the kitchen could not be open while the work was done. As this was going on, the condenser for the walk-in-freezer began to falter. A close inspection indicated that the freezer floor had deteriorated and will need to be replaced with a new stainless-steel floor.

Now, there is a quarterly maintenance contract in place for evaluation of all the kitchen equipment. Going forward the Clubhouse kitchen will have regular maintenance.

As Fall arrived, many of our servers went back to school. Down by half of their staff, you have seen Lindsay Lindsay, Director of Operations, and Nirav Desai, Director of Dining, taking orders and serving residents. CulinArt has worked hard to hire new people, like many other restaurants around Heritage Hunt.

By the time this article appears, CulinArt should be back to having a full-service kitchen, with a full Fall menu and Happy Hour. It is important to note that none of these issues were of CulinArt's making. They expected to walk in and do some cleaning and organizing, then open as a full-service operation. If you were wondering why an eleven-day opening delay turned into months of closure and less than satisfactory service and cooking, you now have an idea why. It is amazing what the Chef did with only three pieces of working equipment. Normally, a company such as CulinArt would need at least 90 to 180 days to get their new restaurant up and running. CulinArt tried to do it in 2 weeks. It did not go as planned.

Now, as Fall approaches, CulinArt will move forward with many of the wonderful plans they have for our community. Pop into the Red Oak Bar & Grill for a drink or make your way into the restaurant for a delicious dinner with your friends. We look forward to a wonderful partnership with CulinArt.

## GARDEN CLUB

### FALL GREETINGS, GARDENERS!

Garden Club will host one of our favorite guests - Doug Burroughs of Flower Gallery - on November 21 at 10:00 in Marsh Mansion! Doug gives a fun and entertaining demo of several seasonal arrangements. We will sell chances to win one of the arrangements - plus, last year he threw in a grand prize of a fresh arrangement delivered to you each month!! Join us for the fun and the chance to win one of his floral creations!

With the change of seasons, the garden changes too. Fall is a good time for planting due to cooler air and warm soil which provide opportunity for good root growth to carry plantings through the Winter. This applies to trees, perennials, shrubs, and bulbs. Fall is also a good time to "edit" - to decide what to keep and what to eliminate.

Pruning is not generally recommended in the Fall as it can stimulate new growth which may not harden before Winter and may lead to dieback and damage to the plant. Pruning wounds also do not have time to heal, leaving plants more susceptible. This applies to all shrubs and trees. However, at any time of year you can prune dead, damaged, diseased wood or branches that are hazardous. You can also prune suckers which grow directly from roots, and cut those as close to the roots as possible.

Plants aren't the only things that overwinter in the garden! Not all pollinators hibernate. Leaving perennials in place over Winter can also provide much needed habitat for pollinators during the cold months as the leaves and stems offer shelter for beneficial insects. Also, their foliage provides some insulation for the plant's crown, and seed heads are winter sustenance for birds.

## GENEALOGY CLUB

The Genealogy Club will meet on Monday, Oct. 28, at 2 PM in the Mountain View Room of our Clubhouse. Popular and nationally known genealogist Shannon Combs-Bennett, who has presented programs to

us in the past, will talk about the basics of DNA research. As we all know, truly effective ancestry research depends on a knowledge of DNA and access to our DNA test results. Shannon is a superb instructor whose presentations to our club should not be missed!

Discoveries about DNA – our own and family members' results – can lead to unexpected information and emotions that range from thrill to shock. In today's world, DNA research and connections are a vital part of genealogy research, helping us solve problems or making us aware of results we hadn't expected. Every family is full of stories that can be enjoyed, and having an understanding of how to use DNA in our research will help us pass our knowledge to later generations.

Here are two very short videos by Amy Johnson Crow to enjoy:

**“How to find misspelled names on Ancestry with one simple trick”**

<https://www.youtube.com/watch?v=iu0ABi-C3c4>

**“How to know you have found the right ancestor”**

<https://www.youtube.com/watch?v=1IXwaMHw2cI>

Genealogy is a great way to make new friends and trade stories about discoveries you've made, bringing your ancestors into your lives and learning about how they lived, made a living, raised their families. One thing we all have in common is that each of us is a descendant!

Our Genealogy Club welcomes anyone who is interested in “reaching out” to their ancestors. We are able to lend a hand to those who need help in getting acquainted with their forebears but don't know how to start that trek down memory lane. For more information, contact club president Bob Gawreski at [bobgski@gmail.com](mailto:bobgski@gmail.com).

### THE STORY

A movie studio is filming "Vampire's Apprentice," a story about an eager young man who wants to become a Vampire. He moonlights as a lounge singer, saving money to buy himself a fancy casket and a nice, spooky castle to live in once he becomes a Vampire. During filming, the head of the studio is **found murdered!**

Is it the Director who was in financial difficulty and had to sell the studio seeking revenge? Is it the female lead in the movie, the previous fiancé of the studio head, a woman scorned? Was it an extra on the movie set who wanted a larger part seeking fame and fortune? **Join us in your most horrifying costume for this spooktacular adventure!**

**SIGN UP AT THE ROBG WITH ONE OF  
OUR STAFF MEMBERS, OR AT THE BAR**

## VETERANS DAY EVENT

Calling all residents – veteran or not! Please join us for our Salute to Vets with the JROTC as part of the opening ceremony, an incredible dinner and excellent music to dine and dance by from the White House Band. All of this will take place on Sunday, 10 November so that we can all pay homage to those who gave of themselves for our freedom. The time, menu and price will be forthcoming via Hunt Happenings emails, Horn ad and posters from CulinArt. As we have done in the past, we need to identify these heroes. They can be you and/or any members of your family dating as far back as you can find info and photos. If you plan to attend this grand event (and we certainly hope you do!), please send your photos of those in uniform, with names, time served and any other info you wish, to me at [nancyclangley52@gmail.com](mailto:nancyclangley52@gmail.com). These photos and limited info will be displayed on a continuously running slide show in the Ballroom throughout the entire evening. If you already sent me photos last year and would like me to use them again, please let me know. The special focus this year will be for those wonderful women who served, with a second, simultaneously running slide show presentation of their service throughout the centuries. If you have photos/info that you would like me to add to that second slideshow, send those to me too. Most important, remember – you need not have been in the military to attend this function. We invite the entire community to join together to honor our veterans. See you all on Sunday, 10 November 2024.

## LADIES 9-HOLE GOLF LEAGUE NEWS

There was a Chip & Putt Clinic held here for the Nine-Hole ladies on August 15th, and I attended, along with 7 others – Val Cox, Kathy Boivin, Roxanne Winfrey, Marsha Baumert, Anne Doyle, Lois Page and Candace Moe. Mark did a great job running us through drills and providing tips on putting, pitching and hitting up out of the sand trap. There was a “putt off” competition at the end of the clinic and it was fun, even if I did not win it. Candace (social committee) had prepared gift bags for all containing wonderful golf towels and bead counters. We then went into the Clubhouse for lunch, where we were joined by Avis Scherer, who had to miss the clinic due to a prior commitment. It was a great morning and a very nice lunch event.

We continued to golf through the month of August at the Regency Course in Dominion Valley and our ladies were still shooting low scores and getting chip-ins, even in the intense heat. On the 21st of August I had a medical procedure so I really missed being out there with everyone. I also could not golf on the 28th of August because 2 of my grandsons came to visit me for the day and we went to the pool here (my first time this year)! I SO enjoyed having them! The weather was gorgeous on September 4th and some ladies golfed very well – Sandra hit a 41 and El Grabowski hit a 44 and I think there were a couple of birdies and chip-ins. After being out for a couple of weeks, my game was terrible, but I’m over it and look forward to doing better in the future. As we know, golf is addicting, even if you do not always play it well!

The Nine-Hole League needs a new Treasurer... Anne Doyle has some back issues; will be going back to Arizona October 1st and possibly not playing much golf. She will be missed but we all wish her well, and we also thank her for her contributions in the past. If you know anyone who is interested in the position of treasurer for our league, please let Kathy Boivin know. The position involves tracking membership and collecting dues, and well as putting together a budget and tracking expenses. Kathy says it's not hard, and she'll help!

We have been advised that our last week golfing at Regency will be September 11. They are not able to accommodate us after that. I would like to send

a special thank you to our Head Pro John Yancy, and to Linda Allardyce for their work with the Regency, so we would have a place close by to golf this summer, and for arranging our tee times there, and for informing us each week. I also want to give many thanks to Roxanne Winfrey for her time spent sending out the final results each week!

Wherever we end up golfing until our course is ready, I’m sure we will make the best of it. I for one, however, really miss our home course, and look forward to golfing again soon (late October maybe?) here in Heritage Hunt!

## LSTV CORNER

One of the most incredibly impressive things about LSTV is that everyone there is dedicated to serving our community. The only reason LSTV exists is to be there when our community needs us. From groups like Great Decisions, my personal favorite, to full fledged Board meetings with (8) microphones and recorded for rebroadcast. We are there to support our community.

When we meet, one of our topics is How Can We Do More? We have a wealth of equipment, (unfortunately much of it is outdated or in disrepair,) as well as some of the most creative brilliance in our community. So, how can we do more?

We had proposed to the Communications Work Group some ideas we have to extend the reach and access of the E-Communicator, Comcast channels 970, 971, 972, and the Horn. Why? To excite more people to leave their homes and engage with the events, the concerts, the restaurants. If we can get another 300+ people out of their houses to engage with the 300-350 that already engage, all of our lives will be enriched.

Our first meeting was in the Craft Room where we introduced our ideas. The second meeting was in the Mountain View Room where we could make use of more technology. What we/Robert did was show the Communications Work Group a video that he had put together, using AI technology, that he prepared for the upcoming Cancer Walk on September 28. It was astounding.

It was a set of videos from the last time we did the walk, showing us, our neighbors and friends walking to support cancer victims. It was powerful and in the right hands fairly simple to do. (Thank you, Robert.)

That was the message we wanted to leave with the CWG. Whatever you want to do, LSTV can probably help you do it and promote it.

Instead of How Can We Support our community, we are now thinking, How Can We Support It Better.

*Kevin Connifey - LSTV*

## PICKLEBALL CLUB

### Grandchildren's Pickleball Day

On Monday, September 2<sup>nd</sup>, 24 children, ages 5 – 12+, led by their adult mentors, spent a morning learning pickleball skills, while 50 friends and family members cheered them on. Guided by our volunteer coach/facilitators, grandparents taught the children several skills, and then played an actual game. Gold, silver, bronze and runner-up medals were awarded by age group for skills accomplishment.

Engage Pickleball donated two paddles for the grand-prize drawing. Winners were Mag Smith's granddaughter Delaney and Margaret VanDerveer's granddaughter Addison. Sponsors Archie Catalfamo of Edward Jones and Jimmy Myers of Sampson Properties donated goody bags, snacks, and hydration for the children.

Special thanks to our volunteers who made the event a success. Coaches – Maxine Sachs, Lisa Faret, Karol Nusbaum, Izzie Catalfamo, John Vessenmeyer, Bobbe Hartman, and Archie Catalfamo, and photographer extraordinaire, Ralph Pugh, who also donated custom-made prizes.

Everyone had a wonderful time, and we are all looking forward to next year.

## HH CHAPTER OF THE AMERICAN WINE SOCIETY

Not a member of the Heritage Hunt Chapter of the American Wine Society but interested in finding out more? Our October 15th event is for you. We will be featuring the wines of Effingham Manor and Winery in Nokesville. Effingham is another venue owned by renowned Virginia winemaker Chris Pearmund. It's always a fun night when Chris joins us to present.

Another special feature of the October event is the Cancer Walk Silent Auction. Each year the organizers of the Heritage Hunt Cancer Walk solicit area businesses and wineries for donations. This results in an amazing collection of all things wine related which will be auctioned off at our meeting. Great bottles of wine, clever wine accessories, behind the scenes tours of wineries are just some of the items on offer. Last year, we won an Estate Experience at Stone Tower Winery, which included a golf cart ride through the winery while tasting wines, followed by a three course lunch in the private wine cellar library. It was exquisite! Join us for the October event. You'll have so much fun you may even want to volunteer to join our Board! By the way, all Board positions for next year are open! Join us and drink more wine. Contact: [heritagehuntwineclub@gmail.com](mailto:heritagehuntwineclub@gmail.com)

And Virginia wineries are again in the news. The August Southern Living featured an article entitled the 15 Best Vineyards in Virginia. Wineries in our neck of the woods included:

### Greenhill Vineyards

Planning a day trip to Middleburg? You'll want to make time for a visit to Greenhill Vineyards, where you'll find Virginia wine country in the middle of Virginia hunt country. The 128-acre property has been a working farm since 1762, and the first vines were planted in the 1980s, introducing European varietals to the area. Sip on wines including Chardonnay, Chenin Blanc, and Merlot.

### The Winery at La Grange

At the heart of the Winery at LaGrange property is a manor house dating back to the 1790s—an incredibly restored relic that makes you feel like you've stepped back in time. With a sweeping lawn filled with picnic, there's no better place to grab a

glass of award-winning Tempranillo or Syrah and catch up with your friends on a perfect Virginia afternoon.

### Cana Vineyards and Winery

Cana Vineyards & Winery gives you picturesque rural views of the rolling hills of hunt country and indoor and outdoor seating just an hour outside of D.C. Settle in for a flight, a bottle, or a glass and enjoy the laid-back ambiance of the tasting room and pavilion. Winemaker Melanie Natoli was the first woman to win the Virginia Governor's Cup.

Fall is the perfect time to venture out and find a new winery!

*Cheers! Anne Burns*

## HERITAGE HUNT WOMEN'S ORGANIZATION (HHWO)

Summer is a fading memory as we enjoy the colorful falling leaves of October. The days are shorter and much cooler. It is a great time to snuggle in a warm "snuggly" sweater, sipping a hot chocolate, and watching old TV shows and movies.

That brings us to our exciting program for October as we welcome Carole Johnson who built and operates John and Olivia's B&B (6483 Rockfish River Road, Schuyler, VA 22969, 980-925-8667), a replica of the famous Walton's TV show. This television show was an historical drama about a family in rural Virginia during the Great Depression & World War II, showcasing the values of family, faith, and perseverance in hard times.

Our lovely and hard working Lunch Ladies have collaborated with the staff to provide a delicious October menu. The appetizer is burrata flatbread with homemade tomato sauce, burrata cheese with basil. The buffet is a baby beet salad with all the trimmings, chicken cordon bleu with creamy béchamel sauce, baked Brussel sprouts with honey and parmesan, and roasted butternut squash with nutmeg and brown butter. And for dessert, you guessed it - pumpkin pie with cinnamon whipped cream!

Mark your calendars for several important dates in the following months where all proceeds will help local charities. Tuesday, October 1st, is the enchanting piano concert of our own Linda Allaryce, playing both classical and contemporary music. "Giving Back" donations of cash and/or checks made out to HHWO are most welcomed. Doors open at 6:45 p.m. See pg. 15

On Saturday, November 2nd, HHWO is sponsoring its annual community-wide Coat Drive from 9:00 a.m. to 1:00 p.m. Gently used or new coats, vests and jackets will be collected at the Garden Room of the Marsh Mansion. See pg. 18

And, Friday December 13th should be on your calendar for the HHWO Holiday Home Tour and the popular Sweets and Treats Shoppe! See pg. 19

I leave you with this quip from a cocktail napkin, "Dress like Coco, live like Jackie, act like Audrey, and laugh like Lucy!"

*Michelle Dawson Powell*

## IVA ZEMPLE

Iva Zemple, age 99, of Gainesville, passed away peacefully on August 4, 2024. Iva was born on Feb. 22, 1925, in the family farmhouse in Hawks, Michigan to Louis and Wanda Krueger. She was the oldest child of seven, with two brothers and four sisters. After being educated in a one-room schoolhouse in Hawks through eighth grade, Iva attended and graduated from Rogers City High School in Rogers City, Michigan in 1943. After high school Iva attended the Detroit School of Business and then worked as a quality control inspector of airplane wings at the Ford Rouge plant in Dearborn, Michigan during the peak of the World War II mobilization effort.

Iva married Charles Zemple, her high school sweetheart, on February 24, 1945, at Columbus Army Airfield, Columbus, Mississippi after Charles finished flight school. As an Air Force family, with eventually five daughters, they lived overseas in Nigata, Japan; Prestwick, Scotland; Chateauroux, France; and Ankara, Turkey. Stateside they were stationed at Air Force bases in Mount Holly, New Jersey; Biloxi, Mississippi; Waco and Austin, Texas; Hampton, Virginia; and Fairfax, Virginia. Later in life, Iva worked as a Financial Manager at the Electronic Equipment Bank in Vienna, Virginia until she retired in 1997. After retiring, she volunteered one day a week at the House of Mercy Food Pantry and Thrift Store in Manassas, Virginia until just before she passed away.

Iva and her husband, Charles, moved to Heritage Hunt 20 years ago. They were so glad—they enjoyed golfing, the events at the Club, and Iva enjoyed hosting a weekly card game (which she usually won). But—most of all—they enjoyed their wonderful neighbors. The street held parties, watched out for one another, and pitched in when help was needed. It was, in part, because of these wonderful people that Iva was able to live independently until the end.

Iva was preceded in death by her parents, five siblings, a granddaughter, and her husband, Charles. She is survived by her sister Renata Thom of Bradenton, Florida and her five daughters, Karen Kyckelhahn of Mesa, Arizona; Mary Ellen Stoner of Gainesville, Virginia; Janet Florip (Tom) of Southport, North Carolina; Patricia Zemple (Tom McCarthy) of Leland, North Carolina; and Nadine Mendelsohn (Daniel) of Jamestown, Rhode Island; ten grandchildren, twelve great grandchildren, and one great, great grandchild.

Iva's funeral was held September 13, 2004 at Holy Trinity Church. Interment services will take place in Arlington National Cemetery at a later date.
